Deborah Tannen, 2006-12-26 Deborah Tannen's 1 New York Times bestseller You Just Don't Understand revolutionized communication between women and men Now in her most provocative and engaging book to date she takes on what is potentially the most fraught and passionate connection of women's lives the mother daughter relationship It was Tannen who first showed us that men and women speak different languages Mothers and daughters speak the same language but still often misunderstand each other as they struggle to find the right balance between closeness and independence Both mothers and daughters want to be seen for who they are but tend to see the other as falling short of who she should be Each overestimates the other's power and underestimates her own Why do daughters complain that their mothers always criticize while mothers feel hurt that their daughters shut them out Why do mothers and daughters critique each other on the Big Three hair clothes and weight while longing for approval and understanding And why do they scrutinize each other for reflections of themselves Deborah Tannen answers these and many other questions as she explains why a remark that would be harmless coming from anyone else can cause an explosion when it comes from your mother or your daughter She examines every aspect of this complex dynamic from the dark side that can shadow a woman throughout her life to the new technologies like e mail and instant messaging that are transforming mother daughter communication Most important she helps mothers and daughters understand each other the key to improving their relationship With groundbreaking insights pitch perfect dialogues and deeply moving memories of her own mother Tannen untangles the knots daughters and mothers can get tied up in Readers will appreciate Tannen's humor as they see themselves on every page and come away with real hope for breaking down barriers and opening new lines of communication Eye opening and heartfelt You're Wearing That illuminates and enriches one of the most important relationships in our lives Tannen analyzes and decodes scores of conversations between moms and daughters These exchanges are so real they can make you squirm as you relive the last fraught conversation you had with your own mother or daughter But Tannen doesn't just point out the pitfalls of the mother daughter relationship she also provides guidance for changing the conversations or the way that we feel about the conversations before they degenerate into what

Tannen calls a mutually aggravating spiral a self-perpetuating cycle of escalating responses that become provocations. The San Francisco Chronicle *Family Talk* Deborah Tannen, Shari Kendall, Cynthia Gordon, 2007-04-12. This contributed volume will be one of the first to look truly in depth at the face-to-face interactions within the American family. Working with the same data audio tape recordings made in four family homes over the course of several years, the contributors focus on extending our knowledge of family discourse and identifying new ways in which family members create and enact their identities. Several broad themes emerge: the underlying dynamics of power and solidarity in the family and how they are reinforced through language; the negotiation of gendered roles in conjunction with family identities, especially in dual-income families; and the ways in which families actively confirm their beliefs and values when children are present. This groundbreaking volume will be of interest in linguistics, anthropology, and communications.
