Talking Feminist Politics Conversations On Law Science And The Postmodern:

Talking Feminist Politics Eloise A. Buker, 1999-08-25 Feminist political theory now flourishes in the discourses of the law science and postmodern philosophy Analyzing these three feminist discourses Eloise A Buker uses feminist legal conversations to refine our understanding of justice feminist science to examine the connections between truth and politics and postmodern feminism to analyze habits symbols and speech that frame ethical codes which in turn shape political relationships Centering her analysis on American feminist work since 1980 Buker demonstrates how feminist theories offer strategies for social change that can energize U S citizens today She draws these three conversations together by showing that storytelling serves as a metaphor for understanding feminist thought and as a political practice that can energize all citizens in talking about justice truth and ethics Finally Buker argues that such conversations can serve as a basis for building a better policy for the next century for both women and men

Jewish Feminism and Intersectionality Marla Brettschneider, 2016-05-01 Jewish Feminism and Intersectionality explores a range of opportunities to apply and build intersectionality studies from within the life and work of Jewish feminism in the United States today Marla Brettschneider builds on the best of what has been done in the field and offers a constructive internal critique Working from a nonidentitarian paradigm Brettschneider uses a Jewish critical lens to discuss the ways different politically salient identity signifiers cocreate and mutually constitute each other She also includes analyses of matters of import in queer critical race and class based feminist studies This book is designed to demonstrate a range of ways that Jewish feminist work can operate with the full breadth of what intersectionality studies has to offer

Lesbian Rites Ramona Faith Oswald, 2014-06-03 Explore affirmation and coping rituals for lesbian singles couples and communities This pioneering book is a multidisciplinary compilation of scholarship addressing lesbians the rituals in their lives and the meaning and impact of those rituals for the women involved and the people and communities around them It offers a diverse range of perspectives on what it means to be a lesbian what ritual is what it means to enact a ritual and how we can understand lesbian ritual experiences Lesbian Rites Symbolic Acts and the Power of Community presents five explorations of ritual that bring forth themes of lesbian centered social change In Death s Midwife Sharon Jaffe creates a narrative that illustrates the power of ritual to reconcile straight and gay Christian and Pagan in end of life situations Next Ruth Barrett s exploration of Dianic traditions provides a brief history of the importance of Goddess worship to radical lesbian feminists and uses those traditions to create life course rituals Marla Brettschneider s Ritual Encounters of the Queer Kind challenges notions of a static lesbian self and instead reworks Judaism and anarchist politics to propose rituals of continuous becoming Krista McQueeney then analyzes the paradoxes of a lesbian commitment ceremony held within a gay affirmative African American congregation in the southern United States Elizabeth Suter and editor Ramona Faith Oswald use exploratory survey data to examine how lesbian couples may use name changing as a strategy to claim family status In addition Lesbian Rites also includes two chapters that examine

how lesbians have been compromised if not harmed by the ritualization of heterosexism and homophobia The first is an insightful analysis of the community response to the feminist retreat known as Camp Sister Spirit In this chapter Kate Greene uses Mary Daly s seven patterns of sado ritual syndrome to show how the people opposed to the camp were organized to uphold heterosexual patriarchy through an obsession with purity that defined the camp as a refuge for immorality The second chapter on this subject reviews the editor s own experiences of being hidden and devalued at heterosexual family weddings

The Politics of Sincerity Elizabeth Markovits,2010-11 A growing frustration with spin doctors doublespeak and outright lying by public officials has resulted in a deep public cynicism regarding politics today It has also led many voters to seek out politicians who engage in straight talk out of a hope that sincerity signifies a dedication to the truth While this is an understandable reaction to the degradation of public discourse inflicted by political hype Elizabeth Markovits argues that the search for sincerity in the public arena actually constitutes a dangerous distraction from more important concerns including factual truth and the ethical import of political statements Her argument takes her back to an examination of the Greek notion of parrhesia frank speech and she draws from her study of the Platonic dialogues a nuanced understanding of this ancient analogue of straight talk She shows Plato to have an appreciation for rhetoric rather than a desire to purge it from public life providing insights into the ways it can contribute to a fruitful form of deliberative democracy today

Understanding Non-Monogamies Meg Barker,Darren Langdridge,2010-02-02 This volume gathers contributions from academics activists and practitioners to explore the intricacies of non monogamous relationships Featuring both empirical and theoretical pieces contributors examine the history and cultural basis of non monogamy psychological understandings of relationship patterns language and emotion mono normativity and issues of race class disability sexuality and gender

Woliver, 2010-10-01 A searing study of how modern reproductive politics shapes women's bodily agency Pregnancy indisputably takes place within a woman's body But as reproductive power finds its way into the hands of medical professionals lobbyists and policymakers the geographies of pregnancy are shifting and the boundaries need to be redrawn argues Laura R Woliver *The Political Geographies of Pregnancy* is a vigorous analysis of the ways modern reproductive politics are shaped by long standing debates on abortion and adoption surrogacy arrangements new reproductive technologies medical surveillance and the mapping of the human genome Across a politically charged backdrop of reproductive issues Woliver exposes strategies that claim to uphold the best interests of children families and women but in reality complicate women's struggles to have control over their own bodies Utilizing feminist standpoint theory and promoting a feminist ethic of care Woliver looks at abortion politics modern adoption laws that cater to male headed families regulations that allow the state to monitor pregnant women but not always provide care for them and the power structures

Miller,2006-01-10 Criticism is often levied that care ethics is too narrow in scope and fails to extend to issues of social justice Socializing Care attempts to dispel that criticism Contributors to the volume demonstrate how the ethics of care factors into a variety of social policies and institutions and can indeed be useful in thinking about a number of different social problems Divided into two sections the first looks at care as a model for an evaluative framework that rethinks social institutions liberal society and citizenship at a basic conceptual level The second explores care values in the context of specific social practices like live kidney donations or settings like long term care as a framework that should guide thinking Ultimately this collection demonstrates how society would benefit from a more serious engagement with care ethics **Forthcoming Books** Rose Army,2004 **Feminist Studies** ,2001 *Recent Acquisitions* Ohio State University. Creating Gender Cathy Marie Johnson,Georgia Duerst-Lahti,Noelle H. Norton,2007 Seldom do we notice let alone explicitly acknowledge that public policies set distinct parameters for gender But as *Creating Gender* compellingly demonstrates in reality governments do use policy to legitimize and support some gender based behaviors while undermining others Looking in depth at the case of welfare reform but considering a wide range of policy arenas the authors examine how government policymaking in essence defines the proper nature of males and females At the heart of their analysis is an effort to resolve questions about how policies determine what women and men must do to be granted standing as good citizens and what benefits they can subsequently accrue The result is a clear yet sophisticated exploration of the troublesome sometimes insidious ways in which gender ideology works in tandem with conventional political ideologies in the United States today Cathy Marie Johnson is professor of political science and W Ford Schumann Faculty Fellow in Democratic Studies at Williams College Her publications include *The Dynamics of Conflict Between Bureaucrats and Legislators* Georgia Duerst Lahti is professor of political science at Beloit College She is author of *Gender Power Leadership and Government* Noelle H Norton is professor of political science at the University of San Diego She has written extensively on women in US politics Contents Introduction Making Policy Making Gender On *Creating Gender* Toward a Suitably Complex Framework for Analysis Unfolding Gender Paradigms A History of Sexual Politics in Welfare Policy Making Masculine Mothers Vanquishing Feminality Policy Casts Fathers Deadbeats and Scofflaws Good Guys and Promise Keepers Gender Ideology Reflected in Practice The Case of Wisconsin s Legislature Measuring Gender s Influence in Congressional Policymaking Recognizing the Sexual Politics of Public Policy
