Research on Politeness in the Spanish-Speaking World Maria Elena Placencia, Carmen Garcia-Fernandez, 2017-09-25

One of the main contributions of this important book is that it offers a thorough survey of the theoretical and empirical developments that have occurred in the area of impoliteness in the different regions of the Spanish-speaking world, gathering together overviews by distinguished scholars. Additionally, the book advances the field with new empirical research on linguistic impoliteness and silence and impoliteness in a range of non-institutional contexts, as well as new perspectives for the study of impoliteness. A closing chapter by the editors provides an assessment of salient trends in the area and directions for future research. *Research on Politeness in the Spanish Speaking World* is essential reading for students in Spanish pragmatics and Spanish linguistics, sociolinguistics, and discourse analysis.
