tractate Megillah in a warm unthreatening and highly informed way *Old Testament Conceptual Metaphors and the Christology of Luke's Gospel* Gregory R. Lanier, 2018-08-23 Extensive scholarship has been devoted to Jesus' depiction in the Gospels and how such depiction is influenced by the Old Testament. Gregory R. Lanier presents a new case for the importance of conceptual metaphor, arguing that the Gospel of Luke employs certain metaphors reflected in Israel's traditions such as horn of salvation, dawn from on high, mother bird gathering Jerusalem's children, and crushing stone in order to portray the identity of Jesus as both an agent of salvation and more provocatively the one God of Israel. Setting his argument at the intersection of three sub-fields of New Testament scholarship: early Christology, the use of Israel's Scriptures in the New Testament, and contemporary metaphor theory, Lanier suggests ways to overcome the low-high binary and perceive the Gospel's Christology as multi-faceted. Applying metaphor theory to the influence of the Old Testament metaphors on Luke's Christology, Lanier adds methodological rigor to the tracing of such influences in cases where standard criteria for quotations and allusions echoes are stretched thin.

CCAR Journal, 1996 **The New Cambridge History of the Bible: Volume 2, From 600 to 1450** Richard Marsden, E. Ann Matter, 2012-04-26 This volume examines the development and use of the Bible from late Antiquity to the Reformation, tracing both its geographical and its intellectual journeys from its homelands throughout the Middle East and Mediterranean and into northern Europe. Richard Marsden and E. Ann Matter's volume provides a balanced treatment of eastern and western biblical traditions, highlighting processes of transmission and modes of exegesis among Roman and Orthodox Christians, Jews, and Muslims, and illuminating the role of the Bible in medieval inter-religious dialogue. Translations into Ethiopic, Slavic, Armenian, and Georgian vernaculars, as well as Romance and Germanic, are treated in detail, along with the theme of allegorized spirituality and established forms of glossing. The chapters take the study of Bible history beyond the cloisters of medieval monasteries and ecclesiastical schools to consider the influence of biblical texts on vernacular poetry, prose, drama, law, and the visual arts of East and West.

Jesus' Death in New Testament Thought Volume 2: Texts David A. Brondos, 2018-04-25 Jesus' Death in New Testament Thought is unlike anything written on the subject to date It represents a radical break with the traditional models or theories of atonement based on ideas such as penal substitution participation in Christ and the Christus Victor motif claiming that all of these ideas as commonly understood are foreign to New Testament thought On the basis of his analysis of second temple Jewish thought Brondos demonstrates that for Jews in antiquity what atoned for sins and led people to be declared righteous in God's sight was not sacrifice suffering or death in themselves but the renewed commitment to living in accordance with God's will which they manifested by means of their sacrificial offerings and at times their willingness to endure suffering and death out of faithfulness to that will According to the thought of Jesus' first followers in accordance with a divine plan conceived of before the ages in Jesus God had sent his Son in order to establish around him a community of people fully committed to practicing the love justice solidarity and righteousness associated with God's will for all Jesus' dedication to this task led to confrontation and conflict with the powers and authorities of his day who sought to silence him by having him put to death Because he stood firm and remained faithful to that task rather than backing down from it he was crucified on a Roman cross Paradoxically however in this way he laid the basis for the existence of the community God had desired from the start stamping it forever as one to which no one could truly belong without assuming the same firm commitment to Jesus and everything for which he had lived and died Those who form part of this community living out of faith under Jesus as their risen Lord come to practice God's will as redefined through Jesus and on that basis are forgiven and accepted as righteous by God Thus by giving up his life out of love for others in faithfulness to the task his Father had given him Jesus has attained the redemption reconciliation cleansing and justification of those who now live under his lordship as members of the worldwide community of believers from all nations that God has established through

him and his death in fulfillment of the promises that God had made of old to his people Israel In Volume 1 Brondos looks to the relevant texts from antiquity to trace the background and development of these ideas His argument will leave the reader with no doubt that Jesus first followers understood the salvific significance of his death or blood in the manner just outlined and therefore that the traditional interpretations of his death that have prevailed from patristic times to the present do not reflect faithfully their thought as we find it in the New Testament In Volume 2 Brondos examines the formulaic allusions to Jesus death that we find scattered throughout the New Testament and other early Christian writings so as to demonstrate that these are precisely the ideas that lie behind those allusions At the same time through his analysis of the writings of Melito of Sardis and Irenaeus of Lyons he provides clear evidence that by the late second century ideas that are foreign to those texts began to be read back into them with the result that the original understandings of Jesus death that had developed among his first followers came to be replaced by other understandings that run contrary to their thought In his Conclusion Brondos argues that only by rejecting the traditional models of atonement and returning to the New Testament teaching on this central doctrine can the Christian church respond effectively to the crisis it faces today and bring about the restoration of the type of communities envisioned by Jesus and his first followers
