Tamara De Lempicka A Life Of Deco And Decadence:

Tamara de Lempicka Laura Claridge,2001 Tamara de Lempicka Laura P. Claridge, 1999 An icon of the Jazz Age Art Deco painter Tamara de Lempicka lived a life well worth recording Until now however no one has written the story of this woman of extraordinary talent and notoriety She was a great beauty an aristocratic refugee of the Russian Revolution and a frankly erotic painter who insisted upon Renaissance aesthetics figuration and painterly craft in modern art The sky high prices attached to her canvases in recent years have still not dispelled the suspicions that a woman of Lempicka's glamour and fame could be a truly serious artist Yet the reviews of the early twentieth century tell a different story her work was routinely singled out as competing with major figures of the School of Paris including L ger Lauren in Kisling and Picasso In this first critical biography Laura Claridge draws upon her exclusive access to Lempicka's family friends and archives to re create the life that the painter carefully withheld even from her own daughter the truth of her birth her escape from Bolshevik Russia her determination to become a New Woman her lifelong bouts of depression her numerous affairs with the women and men she painted her flight from Nazi Europe via Havana and her years in Hollywood and New York as the Baroness with a brush all informed by the artistic integrity and social anachronism that condemned her to being written out of the canons of modern art Emblematic of 20s excess and indulgence Tamara de Lempicka s life of great wealth indiscriminate sexuality and endless intrique makes for a fascinating narrative But her paintings have inspired fierce disagreements over issues of class wealth and gender in modern art making her work ripe for critical re evaluation In Tamara de Lempicka A Life of Deco and Decadence Laura Claridge has succeeded brilliantly on both counts bringing to light the contradictions that fueled the life and work of this provocative painter Though Paris in the early twenties certainly earned its bohemian reputation Tamara was playing the game hard by anyone s standards It seemed to her that she could have it all respect money and sexual gratification on the side She had arrived at the Gare du Nord only four years earlier gifted with a painter's talent and a family history of feminine power Encountering a cultural climate that affirmed art as a remunerative career for women she also felt freed personally by the Modernist mantra to make it new that underwrote every aspect trivial and profound of daily life She was determined to embody that icon of the age the new woman The Modern Woman Revisited Whitney Chadwick, Tirza True Latimer, 2003 Between the two world wars Paris served as the setting for unparalleled freedom for expatriate as well as native born French women who enjoyed unprecedented access to education and opportunities to participate in public artistic and intellectual life Many of these women including Colette Tamara de Lempicka Sonia Delaunay Djuna Barnes Augusta Savage and Lee Miller made lasting contributions to art and literature

Women Artists in Interwar France PaulaJ. Birnbaum, 2017-07-05 Women Artists in Interwar France Framing Femininities illuminates the importance of the Soci des Femmes Artists Modernes more commonly known as FAM and returns this group to its proper place in the history of modern art In particular this volume explores how FAM and its most famous members

Suzanne Valadon Marie Laurencin and Tamara de Lempicka brought a new approach to the most prominent themes of female embodiment the self portrait motherhood and the female nude These women reimagined art s conventions and changed the direction of both art history and the politics of their contemporary art world FAM has been excluded from histories of modern art despite its prominence during the interwar years Paula Birnbaum's study redresses this omission contextualizing the group's legacy in light of the conservative politics of 1930s France The group's artistic response to the reactionary views and images of women at the time is shown to be a key element in the narrative of modernist formalism Although many FAM works are missing one reason for the lack of attention paid to their efforts Birnbaum's extensive research through archives press clippings and first hand interviews with artists families reclaims FAM as an important chapter in the history of art from the interwar years The Last Nude Ellis Avery, 2012-01-05 Spellbinding and provocative The Last Nude is a novel about genius and craft love and desire regret and most of all hope that can transcend time and circumstance Paris 1927 In the heady years before the crash financiers drape their mistresses in Chanel while expatriates flock to the avant garde bookshop Shakespeare and Company One day in July a young American named Rafaela Fano gets into the car of a coolly dazzling stranger the Art Deco painter Tamara de Lempicka Struggling to halt a downward slide toward prostitution Rafaela agrees to model for the artist a dispossessed Saint Petersburg aristocrat with a murky past The two become lovers and Rafaela inspires Tamara's most iconic Jazz Age images among them her most accomplished and coveted works of art A season as the painter's muse teaches Rafaela some hard lessons Tamara is a cocktail of raw hunger and glittering artifice And all the while their romantic idyll is threatened by history s darkening tide Encyclopedia of American Art Joan M. American lifestyle the car reflected individualism pragmatism comfort and above all modernity In Latin America it served as a symbol of distinction similar to jewelry or fine clothing In The Cultural Life of the Automobile Guillermo Giucci focuses on the automobile as an instrument of social change through its kinetic modernity and as an embodiment of the tremendous social impact of technology on cultural life Material culture how certain objects generate a wide array of cultural responses has been the focus of much scholarly discussion in recent years. The automobile wrought major changes and inspired images in language literature and popular culture Focusing primarily on Latin America but also covering the United States Europe Asia and Africa Giucci examines how the automobile was variously adapted by different cultures and how its use shaped and changed social and economic relationships within them At the same time he shows how the automobilization of society became an essential support for the development of modern individualism and the automobile its clearest material manifestation Designing the French Interior Anca I. Lasc, Georgina Downey, Mark Taylor, 2015-10-22 Designing the French Interior traces France's central role in the development of the modern domestic interior from the pre revolutionary period to the 1970s and addresses the importance of various media including drawings prints pattern books illustrated magazines department store catalogs photographs guidebooks and films in representing and promoting French interior design to a wider audience Contributors to this original volume identify and historicize the singularity of the modern French domestic interior as a generator of reproducible images a site for display of both highly crafted and mass produced objects and the direct result of widely circulated imagery in its own right This important volume enables an invaluable new understanding of the relationship between architecture interior spaces material cultures mass media and modernity
