Castro,2020-01-01 An in depth look at the transformative influence of Mexican artists on their U S counterparts during a period of social change The first half of the 20th century saw prolific cultural exchange

between the United States and Mexico as artists and intellectuals traversed the countries shared border in both directions For U S artists Mexico s monumental public murals portraying social and political subject matter offered an alternative aesthetic at a time when artists were seeking to connect with a public deeply affected by the Great Depression The Mexican influence grew as the artists Jos Clemente Orozco Diego Rivera and David Alfaro Siqueiros traveled to the United States to exhibit sell their work and make large scale murals working side by side with local artists who often served as their assistants and teaching them the fresco technique Vida Americana examines the impact of their work on more than 70 artists including Marion Greenwood Philip Guston Isamu Noguchi Jackson Pollock and Charles White It provides a new understanding of art history one that acknowledges the wide ranging and profound influence the Mexican muralists had on the style subject matter and ideology of art in the United States between 1925 and 1945 [Art Nexus](#) ,2001

Bibliographic Guide to Art and Architecture New York Public Library. Art and Architecture Division,1995 **Emilio Sanchez in New York and Latin America** Victor Deupi,2020-07-12 This book focuses on the life and artistic activities of Emilio Sanchez 1921 1999 in New York and Latin America in the 1940s and 1950s More specifically the book will consider Sanchez in the wider context of mid century Cuban artists and cross cultural exchange between New York Cuba and the Caribbean The book reflects on why Sanchez chose to be a mobile observer of the American and Caribbean vernacular at a time when such an approach seemed at odds with the mainstream avant garde The book includes a foreword by Dr Ann Koll former Executive Director Curator of the Emilio Sanchez Foundation and an introduction by Dr Nathan J Timpano University of Miami Department of Art and Art History This book will be of interest to scholars in modern art Caribbean studies architectural history and Latin American and Hispanic studies **Art of the 20th Century** Karl Ruhrberg,Klaus Honnef,Manfred Schneckenburger,Christiane Fricke,2000 The original edition of this ambitious reference was published in hardcover in 1998 in two oversize volumes 10x13 This edition combines the two volumes into one it s paperbound flexi cover the paper has a plastic coating smaller 8x10 and affordable for art book buyers with shallower pockets none of whom should pass it by The scope is encyclopedic half the work originally the first volume is devoted to painting the other half to sculpture new media and photography Chapters are arranged thematically and each page displays several examples in color of work under discussion The final section a lexicon of artists includes a small bandw photo of each artist as well as biographical information and details of work writings and exhibitions Ruhrberg and the three other authors are veteran art historians curators and writers as is editor Walther c Book News Inc [Art and Revolution in Latin America, 1910-1990](#) David Craven,2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910 40 in Cuba 1959 89 and in Nicaragua 1979 90 were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement s artistic project by whom how and for whom artworks were produced and assesses their legacies In

each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution s attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process

Art Books Wolfgang M. Freitag,2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

The Romance of Home Marcus Mohon,2025-03-11 The chic soulful livable spaces of Texas based interior designer Marcus Mohon exert a universal appeal with their air of timeless serenity This debut volume presents several extraordinary homes ranging from a stone clad villa in Austin to a casual seaside retreat to an art filled family compound each of which gracefully balances high style with easygoing comfort Mohon draws on the heritage of the Mediterranean world to fashion living environments that transport their occupants to an enchanted realm far removed from

day to day concerns Intimate foyers beckon from behind carved wooden doors dining rooms boast dramatically embellished chandeliers suspended above sleekly simple tables and sitting rooms entice with luxurious blends of color texture and furnishings both modern and antique Included are many of Mohon s exquisite watercolor sketches which are integral to his design process Their poetic sensibility infuses every room translating them into spaces that exude romance Mohon also shares a wealth of design ideas that resonate with today s personally expressive sensibility Sophisticated and full of patina these interiors are sure to delight and inspire Maria Izquierdo and Frida Kahlo Nancy Deffebach,2015-08-15 Mar a Izquierdo 1902 1955 and Frida Kahlo 1907 1954 were the first two Mexican women artists to achieve international recognition During the height of the Mexican muralist movement they established successful careers as easel painters and created work that has become an integral part of Mexican modernism Although the iconic Kahlo is now more famous the two artists had comparable reputations during their lives Both were regularly included in major exhibitions of Mexican art and they were invariably the only women chosen for the most important professional activities and honors In a deeply informed study that prioritizes critical analysis over biographical interpretation Nancy Deffebach places Kahlo s and Izquierdo s oeuvres in their cultural context examining the ways in which the artists participated in the national and artistic discourses of postrevolutionary Mexico Through iconographic analysis of paintings and themes within each artist s oeuvre Deffebach discusses how the artists engaged intellectually with the issues and ideas of their era especially Mexican national identity and the role of women in society In a time when Mexican artistic and national discourses associated the nation with masculinity Izquierdo and Kahlo created images of women that deconstructed gender roles critiqued the status quo and presented more empowering alternatives for women Deffebach demonstrates that paradoxically Kahlo and Izquierdo became the most successful Mexican women artists of the modernist period while most directly challenging the prevailing ideas about gender and what constitutes important art **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004
