**The Development of Black Theater in America** Leslie Catherine Sanders, 1989-08-01 In *The Development of Black Theater in America* Leslie Sanders examines the work of the American black theater's five most productive playwrights Willis Richardson Randolph Edmonds Langston Hughes LeRoi Jones and Ed Bullins Sanders sees the history of black theater as the process of creating a black stage reality while at the same time transforming conventions borrowed from white European culture into forms appropriate to black artists and audiences The author argues that only when these things were accomplished could the aim of black playwrights often articulated as the realistic portrayal of the Negro be fully realized This study also examines the changing nature of the dialogue black playwrights have held with the dominant tradition and how that dialogue has shaped their imaginations Sanders discussion of Richardson Edmonds Hughes Jones and Bullins provides a context for approaching the work of other black playwrights such as James Baldwin Lorraine Hansberry and Owen Dodson And her argument provides a concrete way of understanding how the context of a dominant culture influences the artistic imagination of writers not of that culture who must come to terms with its influences and transform it into a vehicle of their own      *Bloom's How to Write about Langston Hughes* James B. **The African American Theatrical Body** Soyica Diggs Colbert, 2011-10-06 Presenting an innovative approach to performance studies and literary history Soyica Colbert argues for the centrality of black performance traditions to African American literature including preaching dancing blues and gospel and theatre itself showing how these performance traditions create the performative ground of African American literary texts Across a century of literary production using the physical space of the theatre and the discursive space of the page W E B Du Bois Zora Neale Hurston James Baldwin August Wilson and others deploy performances to re situate black people in time and space The study examines African American plays past and

present including *A Raisin in the Sun* *Blues for Mister Charlie* and *Joe Turner's Come and Gone* demonstrating how African American dramatists stage black performances in their plays as acts of recuperation and restoration creating sites that have the potential to repair the damage caused by slavery and its aftermath

*Selected Poems of Langston Hughes* Langston Hughes, 2011-10-26 Langston Hughes electrified readers and launched a renaissance in Black writing in America the poems in this collection were chosen by Hughes himself shortly before his death and represent stunning work from his entire career The poems Hughes wrote celebrated the experience of invisible men and women of slaves who rushed the boats of Washington of musicians on Lenox Avenue of the poor and the lovesick of losers in the raffle of night They conveyed that experience in a voice that blended the spoken with the sung that turned poetic lines into the phrases of jazz and blues and that ripped through the curtain separating high from popular culture They spanned the range from the lyric to the polemic ringing out wonder and pain and terror and the marrow of the bone of life The collection includes *The Negro Speaks of Rivers* *The Weary Blues* *Still Here* *Song for a Dark Girl* *Montage of a Dream Deferred* and *Refugee in America* It gives us a poet of extraordinary range directness and stylistic virtuosity

Best, 2019-02-01 Winner of the 2018 Award for Excellence in the Study of Religion in Textual Studies presented by the American Academy of Religion 2018 Outstanding Academic Title given by Choice Magazine A new perspective on the role of religion in the work of Langston Hughes Langston's Salvation offers a fascinating exploration into the religious thought of Langston Hughes Known for his poetry plays and social activism the importance of religion in Hughes work has historically been ignored or dismissed This book puts this aspect of Hughes work front and center placing it into the wider context of twentieth century American and African American religious cultures Best brings to life the religious orientation of Hughes work illuminating how this powerful figure helped to expand the definition of African American religion during this time Best argues that contrary to popular perception Hughes was neither an avowed atheist nor unconcerned with religious matters He demonstrates that Hughes religious writing helps to situate him and other black writers as important participants in a broader national discussion about race and religion in America Through a rigorous analysis that includes attention to Hughes's unpublished religious poems Langston's Salvation reveals new insights into Hughes's body of work and demonstrates that while Hughes is seen as one of the most important voices of the Harlem Renaissance his writing also needs to be understood within the context of twentieth century American religious liberalism and of the larger modernist movement Combining historical and literary analyses with biographical explorations of Langston Hughes as a writer and individual Langston's Salvation opens a space to read Langston Hughes writing religiously in order to fully understand the writer and the world he inhabited      The ^ALife of Langston Hughes Arnold Rampersad, 2002-01-10 February 1 2002 marks the 100th birthday of
