Resolutions Marques Vickers, 2020-07-18 This edition profiles 75 illustrated murder cases committed within California Oregon Washington Northern Idaho and Montana Accompanying photography returns the reader to the scene of the crime with precise listed locations The most daunting dilemma of a murder investigation is typically uncovering proof beyond a reasonable doubt that a perpetrator committed a killing The evolution of forensic technology has enabled investigators to match DNA profiles from evidence obtained at a crime scene with specific individual samplings This development has resulted in several high profile cases ultimately achieving resolution Some of the accompanying profiles have developed promising suspects and probable perpetrators but lacked the tangible evidence or persuasive courtroom presentation to convict In a few instances due to the notoriety of the trial the court of popular opinion did convict the defendant yet they remain free of incarceration Other cases have simply lacked accompanying evidence from the outset and subsequent clues or confessions have never materialized For a victim's immediate circle of family acquaintances and even society in general a lack of closure becomes an accompanying torment Stolen lives deserve accountability and one cannot fully understand the enormity of loss without concrete explanations of motive Given time some of these cases may one day find closure Some murderers do have a conscience and scientific advancements may one day piece together the fractured incoherency of inconclusive evidence **CALIFORNIA Unsolved Murders** The Zodiac Serial Killer Black Dahlia Rapner Notorious B I G Gangster Bugsy Siegel Bonnie Lee Bakley Nicole Brown Simpson and Ronald Goldman Joseph The Animal Barboza Kevin

Tangled Murders Richard Martin Stern,1989 The peace of Santo Christo a sleepy New Mexican town was shattered by the brutal murder of Charlie Harrington Young wealthy a genius with computers Charlie had hurt a lot of people and made a lot of enemies In fact Lt Johnny Ortiz has a big problem too many suspects

Go Southwest, Old Man Mario Materassi,2009 Go Southwest Old Man a sort of personal remake of Go West Young Man the founding episteme of the American nineteenth century conciliates these two souls well not to be pretentious let s simply say two sides that have actually always lived in harmony This is a book

generated by a quarter of a century spent wandering around the canyons and deserts of Arizona Colorado Utah and above all New Mexico with a view to penetrating the by now universal legend of the West approaching the cultures English Hispanic and native American and mastering the literature The slant is composite melding the scholarly with the informative and the travel journal and the writing is composite too because the book speaks English and Italian It talks about cinema lots of John Ford and about detective stories the most popular genre here about visual arts and Latino folklore about the legend of the West the so called Soul of the Southwest and the kitsch style of Santa Fe And it talks about and with some of the greatest writers that the Southwest has spawned Rudolfo Anaya Stanley Crawford John Nichols and Hillerman So what we have is a first hand experience of the Southwest where the ego is not entrenched within a precise disciplinary role but opens up and exposes itself to the thrilling risk of the discovery that can renew it

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of **Mystery Women** as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
