Life Inside Out S. Joy Hart, 2011-06-10 H E A R T Heart Energy Always Reveals Truth Life Inside Out offers examples of how living from our hearts will always guide us to the truth of any situation whether individually or globally We all have the wisdom within us but we have forgotten how to access it We are habituated to living in our heads The mind is a mixed bag of past fictions When we judge present situations and relationships from these mental stories we are not seeing clearly or truthfully To survive and thrive in the world today we all need to rediscover our heart mind We open up by going within to listen to the heart Each moment is unique and each individual is unique Only the heart is equipped to interpret the true meaning of our lives Life Inside Out presents everyday situations that help to tune out the mind chatter and turn up the volume of our heart wisdom S Joy Hart is a student and teacher of metaphysics world mythologies philosophy and spiritual science Her focus is on finding the common patterns within each in order to make them relevant to our everyday lives She lives and writes in northern California

Conversations with Steve Erickson Matthew Luter, Mike Miley, 2021-06-28 Much like his novels Steve Erickson b 1950 exists on the periphery of our perception a shadow figure lurking on the margins threatening to break through but never fully emerging Despite receiving prestigious honors Erickson has remained a subterranean literary figure receiving effusive praise from his fans befuddled or cautious assessments from reviewers and scant scholarly attention Erickson's obscurity comes in part from the difficulty of categorizing his work within current trends in fiction and in part

from the wide variety of concerns that populate his writing literature music film politics history time and his fascination with his home city of Los Angeles His dream fueled blend of European modernism American pulp and paranoid late century postmodernism makes him essential to an appreciation of the last forty years of American fiction but difficult to classify neatly within that same realm He is at once thoroughly of his time and distinctly outside it In these twenty four interviews Erickson clarifies how his aesthetic and political visions are inextricable from each other He diagnoses the American condition since World War II only to reveal that America s triumphs and failures have been consistent since its inception and that he presciently described decades ago certain features of our present Additionally the interviews expose the remarkable consistency of Erickson s vision over time while simultaneously capturing the new threads that appear in his later fiction as they emerge in his thought Conversations with Steve Erickson will deepen readers understanding of how Erickson s books work and why this utterly singular writer deserves greater attention Song of the North Country David
