Marwecki,2026-03-15 A radical reinterpretation of the relationship between two states whose history has always been intertwined particularly revisiting Germany s involvement in the Palestinian question According to common perception the Federal Republic of Germany supported the formation of the Israeli state for moral reasons to atone for its Nazi past but did not play a significant role in the Arab Israeli conflict However the historical record does not sustain this narrative Daniel Marwecki s pathbreaking analysis deconstructs the myths surrounding the odd alliance between Israel and post war democratic Germany Thorough archival research shows how German policymakers often had disingenuous cynical or even partly antisemitic motivations seeking to whitewash their Nazi past by supporting the new Israeli state This is the true context of West Germany s crucial backing of Israel in the 1950s and 60s German economic and military support greatly contributed to Israel s early consolidation and eventual regional hegemony This initial alliance has affected Germany s role in the Israeli Palestinian conflict to the present day Marwecki reassesses German foreign policymaking and identity shaping and raises difficult questions about German responsibility after the Holocaust exploring the many ways in which the genocide of European Jews and the dispossession of the Palestinians have become tragically intertwined in the Middle East s international politics This long overdue investigation sheds new light on a major episode in the history of the modern Middle East A Dictionary of Catch Phrases, American and British, from the Sixteenth Century to the Present Day Eric

Partridge,Paul Beale,1992 The Essential Mystery Lists Roger M Sobin,2011-09-30 For the first time in one place Roger M

Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the best of lists by more than fifty of the most important contributors to the genre. Mr. Sobin spent more than two decades gathering the data and lists in this volume; much of that time he used to recheck the accuracy of the material he had collected. Several of the best of lists appear here for the first time in book form. Several others have been unavailable for a number of years. Of special note are Anthony Boucher's Best Picks for the Year. Boucher, one of the major mystery reviewers of all time, reviewed for The San Francisco Chronicle, Ellery Queen Mystery Magazine, and The New York Times. From these resources, Mr. Sobin created Boucher's Best and Important Lists to Consider, lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968. This is a great resource for all mystery readers and collectors. Winner of the 2008 Macavity Awards for Best Mystery Nonfiction. **Twentieth Century Crime & Mystery Writers** NA NA, 2015-12-25
