Tantra Sex Secrecy Politics And Power In The Study Of Religions:

Tantra Hugh B. Urban, 2012 Bhadriraju Krishnamurti 1928 is Professor and Head of the department of Linguistics at Osmania University Hyderabad He received a B A Hons Degree 1948 in Telugu language and literature at Andhra University Waltair and an M A 1955 and Ph D 1957 in linguistics from the university of Pennsylvania U S A **The Power of Tantra**

Hugh B. Urban, 2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism **Secrecy** Hugh B. Urban, 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion With Secrecy Urban investigates several revealing instances of the power of secrecy in religion including nineteenth century Scottish Rite Freemasonry the sexual magic of a Russian born Parisian mystic the white supremacist Br der Schweigen or Silent Brotherhood movement of the 1980s the Five Percenters and the Church of Scientology An electrifying read Secrecy is the culmination of decades of Urban s reflections on a vexed ever present subject **The Power of Tantra** Hugh B. Urban, 2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular

writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism **The Path of Desire** Hugh B.

Urban,2024-03-27 A provocative study of contemporary Tantra as a dynamic living tradition Tantra one of the most important religious currents in South Asia is often misrepresented as little more than ritualized sex Through a mixture of ethnography and history Hugh B Urban reveals a dynamic living tradition behind the sensationalist stories Urban shows that Tantric desire goes beyond the erotic encompassing such quotidian experiences as childbearing and healing He traces these holistic desires through a series of unique practices institutional Tantra centered on gurus and esoteric rituals public Tantra marked by performance and festival folk Tantra focused on magic and personal well being and popular Tantra imagined in fiction film and digital media The result is a provocative new description of Hindu Tantra that challenges us to approach religion as something always entwined with politics and culture thoroughly entangled with ordinary needs and desires **Esotericism**

in Western Culture Wouter J. Hanegraaff,2025-05-29 This accessible introduction by the world s leading expert explains why the study of esotericism is not a marginal pursuit but belongs at the center of modern research in the humanities Reflecting updates in the field since the foundational publication Western Esotericism A Guide for the Perplexed 2013 Wouter J Hanegraaff demonstrates that the exclusion of rejected knowledge from normative accounts of Western civilization is the reflection of a narrow Eurocentric ideology that became the template for discrediting and ultimately destroying so called primitive cultures associated with superstition and pagan idolatry during the global colonial age Rejecting this rejection of rejected knowledge means restoring the suppressed to its legitimate place in history and cultural analysis Through this approach Wouter J Hanegraaff depicts a radically inclusive vision of the Greater West and its forgotten histories from pagan antiquity through Jewish Christian and Islamic cultures up to secular modernity and beyond Magia Sexualis Hugh B. Urban,2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150

years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet

Occult Roots of Religious Studies Yves Mühlematter,Helmut Zander,2021-06-08 The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological most prominently theological and phenomenological ideas first through the establishment of comparative philological and sociological methods and secondly through the demand for intentional neutrality This interpretation caused important roots in occult esoteric traditions to be repressed This process of purification Latour is not to be equated with the origin of the academic studies De facto the elimination of idealistic theories took time and only happened later One example concerning the early entanglement is Tibetology where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society Similarly the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance which hold that all religions have a common origin In this perspective it is not only the history of religious studies which must be revisited but also the partial shaping of religious studies by these traditions insofar as it saw itself as a counter model to occult ideas

Encountering Kali Rachel Fell McDermott,Jeffrey John Kripal,2005-01-01 Encountering Kali explores one of the most remarkable divinities the world has seen The Hindu goddess Kali is simultaneously understood as a blood thirsty warrior a deity of ritual

The Heresy of Jacob Frank Jay Michaelson, 2022 The Heresy of Jacob Frank is the first monograph length study on the religious philosophy of Jacob Frank 1726 1791 who in the wake of false messiah Sabbetai Zevi led the largest mass apostasy in Jewish history Based on close readings of Frank's late teachings recorded in 1784 and 1790 this book challenges scholarly presentations of Frank that depict him as a sex crazed degenerate and presents Frank as an original and prescient figure at the crossroads of tradition and modernity reason and magic Kabbalah and Western Esotericism Frank's worldview combines a skeptical rejection of religious law as ineffectual and repressive with a supernatural esoteric myth of immortal beings material magic and worldly power With close readings of the theological and narrative passages of Frank's teachings Michaelson shows how the Frankist sect evolved from its Sabbatean roots and the infamous 1757 59 disputations before the Catholic Church into a Western Esoteric society based on alchemy secrecy and sexual liberation Sexual ritual apparently tightly limited and controlled by the sect was not a libertine bacchanal but an enactment of the messianic reality a corporealization of what would later become known as spirituality While Frank was undoubtedly a manipulative even abusive

leader whose sect mostly disappeared from history Michaelson suggests that his ideology anticipated themes that would become predominant in the Haskalah Early Hasidism and even contemporary New Age Judaism In an inversion of traditional religious values Frank's antinomian theology held personal flourishing to be a religious virtue affirmed only the material and transferred messianic eros into social sexual and political reality *Indian Asceticism* Carl Olson,2015-03-03 Using religious philosophical discourses and narratives from epic puranic and hagiographical literature Indian Asceticism focuses on the powers exhibited by ascetics of India from ancient to modern time **Goddess Beyond Boundaries** Tracy Pintchman,2024-09-20 Tracy Pintchman sheds light on the spiritual creativity and religious life of the Parashakthi Temple in Pontiac Michigan Drawing on fifteen years of field research Pintchman reveals how Karumariamman the goddess honored by the temple embodies the border and boundary crossing dynamics of the lives of many of the congregants who worship at her temple which in turn has become a site of religious innovation **Introducing Hinduism** Hillary P. Hidden Intercourse Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries
