The Tao of Grief G. Scott Graham, 2025-07-15 Grief doesn't end It changes shape But society wants you to pretend it's gone The world tells you to move on To be strong To smile politely To measure your progress by how little you feel This book doesn't do that The Tao of Grief is not a grief guide It's a quiet rebellion It refuses everything you've been taught about what grief should look like the stages the timelines the pressure to heal on someone else's schedule It doesn't fix It doesn't flatter It doesn't sell you closure What it does is stay This book offers 100 short poetic readings that sit beside you in the realness of loss Some are raw Some are quiet Some are sharp with truth All are grounded in the practice of presence Not avoidance Not performance Not pretending you're fine These chapters are drawn from the marrow of three previous books *Come As You Are Meditation* *Grief Come As You Are Three Years Later* and *Come As You Are Five Years Later* each one written during a five year journey through grief love anxiety meditation and the terrifying courage it takes to open your heart again after loss The Tao of Grief gathers the strongest pieces from those works and distills them into a book you can read one page at a time every morning every night or every time the ache rises and you don't know what to do with it Read it daily to remember you're not broken Read it daily to resist the bullshit that tells you you're supposed to be over it Read it daily to stay in contact with what matters even when others stop asking Read it daily to come as you are angry wrecked afraid honest This is not a book of answers It's a book that stays when no one else knows how

Crosby,2021-08-17 This book weaves together spirituality and a systemic version of emotional intelligence that incorporates Kurt Lewin s social science and other sources Emotional intelligence calls on us to be fully present to the moment It calls on us to be appreciative of ourselves and our relationships Likewise a calm and compassionate presence is almost universally recognized as a spiritual way of being In other words the overwhelming majority of the world s spiritual sources call on us to be emotionally intelligent and that link is explored with unique clarity in this simple yet powerful text We are all reactive at times Becoming more objective and less attached allows us to feel our feelings without being a prisoner to acting on them in habitual ways From a more detached perspective feelings are neither good nor bad but simply clues as to how we are perceiving our environment especially our social environment This is especially important in terms of our relationships at work Our perceptions about what people intend trigger our emotional reactions Think about the difference when you perceive critical feedback as a sincere attempt to help or when you perceive it as an attack of some sort Perception evokes different emotional responses Objectivity about our own perception is even more important than objectivity about emotion because the former usually precedes the later Paradoxically being detached allows one to appreciate and experience one s emotions more fully Recognizing emotion as part of your inner guidance system instead of as something dangerous that must be controlled or denied is freeing The less emotion runs you the more you can accept feeling what you feel Emotion is a form of physical energy Fighting your own feelings takes energy Allowing the ebb and flow of emotion is essential to physical and emotional health and to accepting ourselves as we are *Handbook of Death and Dying* Clifton D.
