TAOISM Way Beyond Seeking Alan Watts

No one has captured the spirit of Taoism as brilliantly as Alan Watts. Between 1926 and 1957 he gave a series of colloquial lectures that always drew an enthusiastic crowd of people and diverse interests. All who heard him came away enchanted with the East, and captivated by the ancient Chinese way.

In the time of his death, Alan Watts was widely regarded as a definitive guide to Taoism, drawn from his famous lectures such as "The Philosophy of the East," "Living in the East," and "Landscape, Nonsense." These works have now been compiled by his son, Thomas, Way Beyond Seeking into essential readings of Alan Watts, one-on-one with capturing all the energy and penetrating insight of his lectures. It includes his words to be a direct and prophetic today as they were over 25 years ago.

Alan Watts (1915-1957) was an acclaimed writer, philosopher and academic. During his years he held seminars and lectures throughout the US on the nature of Taoism.

*Seeing, Knowing, Being* John Greer, 2012-02-15 From ancient Taoist sages and Sufi mystics to Christian contemplatives and contemporary Zen masters *Seeing Knowing Being* explores the profound truth behind all the world's mystic traditions Living a spiritual life has nothing to do with fixing ourselves It is simply a matter of awakening to what we already are The real work of self discovery and the answer to our suffering emptiness and loss of meaning is learning to see in a different way The mystical adventure is all in the seeing says John Greer From departure to arrival nothing changes but our eyes But the process isn't that simple In this all embracing work that is destined to become a classic Greer artfully traces the steps and stages of the delicate process of awakening He shows how we can move from society's hand-me-down version of reality to the wonder of our true nature from conceptual habitual patterns of thinking to knowing the truth by being Like a master artist who captures an image and stirs something deep inside of us Greer also highlights nearly one hundred evocative metaphors as varied and colorful as the sages themselves to kindle your imagination and spark your intuition to shift your perspective and shake you into an awareness that no amount of explanation can What Greer shows with great wisdom and compassion is that when you put aside the map of the mind you can follow the compass of your heart You can move through the details of life going to work raising a family throwing out the garbage and still experience the wonders and oneness of life with deep reverence gratitude and joy Books often describe journeys *Seeing Knowing Being* actually takes you on one A profound expedition into the true nature of life
