Kinney,2016-04-11 In the search for Matthean theology scholars overwhelmingly approach the Gospel of Matthew as the the most Jewish Gospel Studies of its Sitz im Leben focus on its relationship to Judaism whether arguing from the perspective that Matthew wrote from a cloistered Jewish community or as the leader of a Gentile rebellion against such a Jewish

community While this is undoubtedly an important and necessary discussion for understanding the Gospel it often assumes too much about the relationship between Judaism and Hellenism via Martin Hengel Robert S Kinney argues for a hybridized perspective in which Matthew s attention to Jewish sources and ideas is not denied but in which echoes of Greek and Roman sources can be observed focusing on identifying Matthew s use of rhetoric and its possible echoes of Greco Roman philosophical disciple gathering teachers

The Matthean Community and the World James P. Grimshaw,2008 This study of the Matthean narrative uses the interpretive lens of food exchange to explore the Matthean community s relationship with the wider world While many studies depict this community as withdrawing from or in conflict with the larger society James P Grimshaw s focus on the daily need for food reveals a community that while distinct progressively integrates itself into the larger Jewish and Gentile society and the natural world In addition this view of community corresponds to the view of a God who actively provides for and relates to all creation Grimshaw s alternative portrayal of the Matthean community whose interactions with its surrounding environment are more complex and sustained than often imagined is a compelling interpretation for today s stratified and disconnected world

Ekphrasis, Vision, and Persuasion in the Book of Revelation Robyn J. Whitaker,2015-11-13 Robyn J Whitaker interprets the Book of Revelation within the context of ancient rhetoric and religion She argues that the author of Revelation uses a popular rhetorical tool ekphrasis to paint word pictures of God that compete with material images to both critique image making and simultaneously make an absent God present

Jesus and Mary Reimagined in Early Christian Literature Vernon K. Robbins,Jonathan M. Potter,2015-03-23 Explore the diverse character of emerging Christian narratives This book

presents essays that show how prophetic and priestly emphases in Luke and Acts and emphasis on Jesus's existence prior to creation in the Gospel of John are reworked in some second and third century Christian literature. Early Christians interpreted and expressed the storylines of Jesus, Mary, and other important figures in ways that created new images and stories. Contributors show the effect of including rhetoric: the rhetoric of a text that prompts images and pictures in the mind of a hearer or reader in interpretation of texts. Features Readings that attempt to account for the development of richly creative and complicated early Christian traditions. Essays bridging New Testament studies and interpretation of Early Christian literature. Interpretations that integrate social and rhetorical interpretations.

A Socio-Rhetorical Interpretation of the Letter to Philemon in Light of the New Institutional Economics Alex Hon Ho Ip, 2017-09-15. In this study Alex Hon Ho Ip argues that when Paul wrote to Philemon about Onesimus, his main purpose was not to try and reunite as is widely held a runaway slave with his master but rather to have Onesimus accepted as a beloved brother in Christ. By examining the letter's inner texture, the author shows that Paul's main concern was for Philemon and Onesimus to be reconciled in brotherly love. The intertextual weave reveals Paul's theological and ethical thoughts on love, which is the basis for the apostle's main argument. By taking a new institutional economics approach to help reconstruct the economic relationship between slave and master, Alex Hon Ho Ip is able to offer a better understanding of the original relationship Paul argued against. With all this in mind, the focus is on re-reading the letter and hearing how Paul's rhetoric exhorts a new relationship between Onesimus and Philemon.

Pillars in the History of Biblical Interpretation, Volume 3 Stanley E. Porter, Zachary K.

Dawson, 2021-06-07. This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation. With eighteen essays on nineteen biblical interpreters, volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series. Each chapter provides a biographical sketch of its respective scholar's an overview of their major contributions to the field, explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods. By focusing on the contexts in which these scholars lived and worked, these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation. While identifying a scholar as a pillar is somewhat subjective, this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period. This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development.

Silence and Praise Ryan Leif Hansen, 2014-05-01. Cosmology is a central focus in John's Apocalypse. Ryan Leif Hansen argues, but not in the sense that John envisions a stable cosmos. Rather, John employs cosmological themes for persuasive purposes that include a critique of Roman imperial cultic discourse. Hansen's argument requires a discussion of the apocalyptic genre and rhetoric, the ways in which apocalyptic literature makes meaning.

especially through the construction of symbolic worlds and then a comparison of this means with cosmological themes in which eternal Rome lies at the center of the cosmos John seeks to persuade his hearers that the world as governed and sustained by Caesar and the Roman gods and perpetuated through the Roman cult and economy is a false order passing away in order that God's new creation narrated by truthful worship and costly witness to the Lamb can emerge as gift The book concludes with suggestions for fruitful conversation with recent work in apocalyptic theology

Paul and the Corinthians: Studies on a Community in Conflict Trevor J. Burke, Keith Elliott, 2014-04-09 This volume has 1 and 2 Corinthians as its main focus where the various contributors address significant aspects of text language background theology and exegesis The first part of the volume deals with the issues of textual criticism and traditions available to Paul while the second section is interdisciplinary in nature and integrates different methodologies such as social scientific and rhetorical criticism in order to provide new insights into the text The third and longest section addresses the varied theological problems which the community raised with Paul including sexual matters the timing of the resurrection the resurrection body authority and headship soteriology and the question of Paul's faithfulness and integrity The final section concentrates on the identity of Paul's opponents his visions and apologetics

The Oxford Handbook of New Testament, Gender, and Sexuality Benjamin H. Dunning, 2019-10-10 Over several decades scholarship in New Testament and early Christianity has drawn attention both to the ways in which ancient Mediterranean conceptions of embodiment sexual difference and desire were fundamentally different from modern ones and also to important lines of genealogical connection between the past and the present The result is that the study of gender and sexuality in early Christianity has become an increasingly complex undertaking This is a complexity produced not only by the intricacies of conflicting historical data but also by historicizing approaches that query the very terms of analysis whereby we inquire into these questions in the first place Yet at the same time recent work on these topics has produced a rich and nuanced body of scholarly literature that has contributed substantially to our understanding of early Christian history and also proved relevant to ongoing theological and social debates The Oxford Handbook of Gender and Sexuality in the New Testament provides a roadmap to this lively scholarly landscape introducing both students and other scholars to the relevant problems debates and issues Leading scholars in the field offer original contributions by way of synthesis critical interrogation and proposals for future questions hypotheses and research trajectories

The Multivalence of Biblical Texts and Theological Meanings Christine Helmer, 2006

The Educated Elite in 1 Corinthians Robert Dutch, 2005-06-04 This book examines the educated elite in 1 Corinthians through the development and application of an ancient education model The research reads Paul's text within the social world of early Christianity and uses social scientific criticism in reconstructing a model that is appropriate for first century Corinth Pauline scholars have used models to reconstruct elite education but this study highlights their oversight in recognising the relevancy of the Greek Gymnasium for education Topics are examined in 1 Corinthians to demonstrate where the model advances an understanding

of Paul's interaction with the elite Corinthian Christians in the context of community conflict. This study demonstrates the important contribution that this ancient education model makes in interpreting 1 Corinthians in a Graeco-Roman context. This is Volume 271 of JSNTS.
