Target Setting For Basic Needs The Operation Of Selected Government Services:

Target Setting for Basic Needs Peter J. Richards, Mauricio Leonor, 1982 In the basic needs approach to development the function of target setting is to raise minimum levels of basic needs satisfaction in specific fields and where possible to avoid widening the gap between rich and poor Conversely the satisfaction of basic needs through government services implies the setting of targets by which policy may be oriented and performance may be measured In this book the authors concentrate on four major sectors of activity in government services health education housing and transport and by analysing the operations involved in these sectors discuss relevant a
