

# Targeting The Top

**Bryan C. Price**

## **Targeting The Top:**

**Targeting Top Terrorists** Bryan C. Price, 2019-01-15 When President Barack Obama announced the assassination of Osama bin Laden many Americans hoped the killing of al Qaida's leader would sound the death knell for the organization. Since 9/11 killing and capturing terrorist leaders has been a central element in U.S. counterterrorism strategy. This practice, known as leadership decapitation, is based on the logic that removing key figures will disrupt the organization and contribute to its ultimate failure. Yet many scholars have argued that targeted killings are ineffective or counterproductive, questioning whether taking out a terror network's leaders causes more problems than it solves. In *Targeting Top Terrorists* Bryan C. Price offers a rich data-driven examination of leadership decapitation tactics, providing theoretical and empirical explanations of the conditions under which they can be successful. Analyzing hundreds of cases of leadership turnover from over two hundred terrorist groups, Price demonstrates that although the tactic may result in short-term negative side effects, the loss of top leaders significantly reduces terror groups' life spans. He explains vital questions such as: What factors make some terrorist groups more vulnerable than others? Is it better to kill or capture terrorist leaders? How does leadership decapitation compare to other counterterrorism options? With compelling evidence based on an original dataset along with an in-depth case study of Hamas, *Targeting Top Terrorists* contributes to scholarship on terrorism and organizational theory and provides insights for policy makers and practitioners on some of the most pressing debates in the field. *Growth* Joe O'Mahoney, 2021-12-30

Nearly half of small consultancies fail within their first five years, but over 250 are sold every month. How do you ensure you are in the right group? How can you successfully grow a consulting firm? How do you maximise the value of your consultancy for an exit or investment? This is the first evidence-based book to tackle these questions. Based upon interviews with 72 founders who grew and sold their firms, two international surveys, and a long career researching and advising consultancies, Professor Joe O'Mahoney provides a detailed evidence-based approach to successful growth and exit for consultancy leaders. Accessible, evidence-based, and written by a leading expert in the field, this book is essential reading for anyone looking to set up, grow, or sell their own consultancy business. **Targeting: The Challenges of Modern Warfare** Paul A.L.

Duchêne, Michael N. Schmitt, Frans P.B. Osinga, 2015-11-03 This book offers a multidisciplinary treatment of targeting. It is intended for use by the military, government, legal advisers, and academics. The book is suitable for use in both military training and educational programs and in Bachelor and Master degree level courses on such topics as War Studies and Strategic Studies. The book first explores the context of targeting, its evolution, and the current targeting process and characteristics. An overview of the legal and ethical constraints on targeting as an operational process follows. It concludes by surveying contemporary issues in targeting, such as the potential advent of autonomous weapon systems, non-kinetic targeting, targeting in multinational military operations, and leadership decapitation in counterterrorism operations. The deep practical experience and academic background of the contributors ensures comprehensive treatment of current targeting.

and use of force issues Paul Ducheine is Professor for Cyber Operations and Cyber Security Netherlands Defence Academy Breda The Netherlands and Professor of Law of Military Cyber Operations and Cyber Security at the University of Amsterdam The Netherlands Michael Schmitt is Charles H Stockton Professor Director Stockton Center for the Study of International Law U S Naval War College Newport Rhode Island and Professor of Public International Law University of Exeter UK Frans Osinga is Chair of the War Studies Department Netherlands Defence Academy Breda The Netherlands and Professor of Military Operational Art and Sciences

*Drone Strike-Analyzing the Impacts of Targeted Killing* Mitt Regan, 2022-03-31 The intense debate over US targeted drone strikes outside war zones has been limited by the failure to review and assess a considerable body of quantitative research and qualitative material on the impacts of such strikes on terrorist groups and civilians This book fills an important gap in the literature by conducting a careful and rigorous review of such evidence It argues that decisions about the use of targeted strikes as a counterterrorism instrument as well as legal and ethical evaluations of such use must be informed by our best understanding of the insights that empirical evidence can provide on the effectiveness of strikes and the costs they impose on populations where they occur

**iPhone for Programmers** Paul J. Deitel, Harvey M. Deitel, Abbey Deitel, Eric Kern, Michael Morgano, 2009-10-29 The professional programmer's DEITEL guide to iPhone app development using iPhone SDK 3 x Xcode Objective C and Cocoa More than 1.5 billion iPhone apps were downloaded from Apple's App Store in just one year This book gives you everything you'll need to start developing great iPhone apps quickly and once you've joined Apple's fee-based iPhone Developer Program to get them up and running on the App Store The book uses an app-driven approach each new technology is discussed in the context of 14 fully tested iPhone apps 7700 lines of code complete with syntax shading code walkthroughs and sample outputs Apps you'll develop include Welcome Spot On Game Route Tracker Tip Calculator Cannon Game Slideshow Favorite Twitter Searches Painter Voice Recorder Flag Quiz Game Address Book Twitter Discount Airfares By Chapter 3 you'll be building apps using Xcode Cocoa and Interface Builder You'll learn object-oriented programming in Objective C and build apps using the latest iPhone 3.x technologies including the Game Kit iPod library access and more iPhone for Programmers include practical example rich coverage of iPhone SDK 3.x XCode Interface Builder Object Oriented Programming in Objective C and Cocoa Collections GUI Event Handling Controllers Application Templates UIView Multi Touch Core Audio Core Animation NSTimer Tables UINavigationController Map Kit Core Location GPS Compass Photos iPod Library Access Serialization

**Handbook of Qualitative Research Methods in Entrepreneurship** Helle Neergaard, John P. Ulhøi, 2007 the Handbook of Qualitative Research Methods in Entrepreneurship is an important contribution to the field and should be referenced in any paper using qualitative methodologies to investigate the entrepreneurial phenomenon Craig S Galbraith Journal of Enterprising Communities There is no hiding behind the ramparts of dry scholarship here The credibility of the theory being spoken of is not the stuff of constructed proofs but alignments of critical insight and utility This is where qualitative work can make a

difference to the field and where this book makes its mark Robin Holt International Journal of Entrepreneurial Behaviour and Research The Handbook of Qualitative Research Methods in Entrepreneurship is an unusually solid and multifaceted book on what qualitative methods have done are doing and will do in entrepreneurship research Every serious entrepreneurship scholar should read it It points at the future Björn Bjerke University of Kalmar Sweden I would warmly recommend this unique collection of qualitative methods of entrepreneurship research to both mature and beginning researchers as a menu to choose from for their planned empirical studies For those who try to get away from only quantitative studies in both business practice and academic research this book is their chance to find a rich inspiration in reflecting on entrepreneurship as a lived experience using grounded theory and ethnographic discourse and narrative approaches It might convince editors of top journals of entrepreneurship research to welcome qualitative research submissions as an indispensable complement to quantitative only submissions This domain is not physics In bringing together such a variety of experts from so many nationalities in this Handbook our Danish colleagues are making entrepreneurship research a realistic global venture Jan Ulijn Eindhoven University of Technology The Netherlands Helle Neergaard and John Parm Ulhøi have compiled a remarkable collection of work that both represents the range of methods and demonstrates the depth of insight that can be achieved through qualitative approaches This book is not simply a handbook of qualitative research methods though it well achieves this aim it is also an important contribution towards the field of entrepreneurship research From the Foreword by Sara Carter This expansive and practical Handbook introduces the methods currently used to increase the understanding of the usefulness and versatility of a systematic approach to qualitative research in entrepreneurship It fills a crucial gap in the literature on entrepreneurship theory and just as importantly illustrates how these principles and techniques can be appropriately and fruitfully employed The Handbook is underpinned by the belief that qualitative research has the potential to charter hitherto unexplored waters in the field of entrepreneurship and thus contribute significantly to its further advancement The contributors seek to assist entrepreneurship researchers in making more informed choices and designing more rigorous and sophisticated studies They achieve this by providing concrete examples of research experiences and tangible how to advice By clarifying what these research methods entail how they are currently being used and how they can be evaluated this Handbook constitutes a comprehensive and highly accessible methodological toolbox Dealing with both well accepted qualitative approaches and lesser known rarer and more novel approaches to the study of entrepreneurship this Handbook will be invaluable to those studying researching and teaching entrepreneurship

### Targeting The Top Introduction

In the digital age, access to information has become easier than ever before. The ability to download Targeting The Top has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Targeting The Top has opened up a world of possibilities. Downloading Targeting The Top provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Targeting The Top has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Targeting The Top. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Targeting The Top. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Targeting The Top, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to

distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Targeting The Top has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Targeting The Top Books

1. Where can I buy Targeting The Top books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
