## **Tarot History Mystery And Lore:**

The Tarot Cynthia Giles,1994-10 With more than 40 illustrations and an entertaining informative text this elegantly designed book captures the scope powers and romance of the Tarot throughout the ages Excellently researched entertainingly and compellingly written Booklist     Tarot: History, Mystery and Lore Cynthia Giles,1992     *The Tarot* Cynthia Elizabeth Giles,1992-08-01 A guide to the origin and meaning of Tarot cards traces the Tarot s history demonstrates how the Tarot works from a scientific and metaphysical viewpoint and offers advice on reading the cards for divination meditation and inner growth     *The Tarot* Cynthia Elizabeth Giles,1992     *A Cultural History of Tarot* Helen Farley,2009-08-13 The enigmatic and richly illustrative tarot deck reveals a host of strange and iconic mages such as The Tower The Wheel of Fortune The Hanged Man and The Fool over which loom the terrifying figures of Death and The Devil The 21 numbered playing cards of tarot have always exerted strong fascination way beyond their original purpose and the multiple resonances of the deck are ubiquitous From T S Eliot and his wicked pack of cards in *The Waste Land* to the psychic divination of Solitaire in Ian Fleming s *Live and Let Die* and from the satanic novels of Dennis Wheatley to the deck s adoption by New Age practitioners the cards have in modern times become inseparably connected to the occult They are now viewed as arguably the foremost medium of prophesying and foretelling Yet as the author shows originally the tarot were used as recreational playing cards by the Italian nobility in the Renaissance It was only much later in the 18th and 19th centuries that the deck became associated with esotericism before evolving finally into a diagnostic tool for mind body and spirit This is the first book to explore the remarkably varied ways in which tarot has influenced culture Tracing the changing patterns of the deck s use from game to mysterious oracular device Helen Farley examines tarot s emergence in 15th century Milan and discusses its later associations with astrology kabbalah and the Age of Aquarius     **The History of the Occult Tarot** Ronald Decker,Michael Dummett,2013-07-18 An essential volume for the libraries of all serious students of the Tarot When the Tarot was invented in Italy during the early fifteenth century it was simply a pack of cards used for playing games Esoteric interpretations of the pack date from late eighteenth century France and were confined to that country for a hundred years But today the cards are used throughout the world and not only for fortune telling for true believers they are the key to secret knowledge and the meaning of life A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles Starting with the late nineteenth century the Decker and Dummett examine how the Tarot became the favoured divination tool of occultists a bridge to the spirit world and a map of the unconscious From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot s history describes the many fascinating decks imagined over time as well as the secret histories of mystics     **Real Tarot** Don McLeod,2020-03-04 Some people think Tarot cards are for predicting the future Others see Tarot as a psychological tool for self discovery or a sequence of cards showing a path to spiritual enlightenment Tarot is all of this and much more if you

know how to interpret the cards This book shows how Tarot can be applied to everyday life Based on a practical no nonsense approach the reader is taught how to interpret the symbolism contained in the Tarot images Real Tarot differs from existing books on Tarot because it avoids the perceived mysteriousness of this system of divination It clarifies the process of card reading and pushes aside the misconceptions and misinformation that usually surrounds Tarot For beginners the book covers the fundamentals of Tarot reading such as the best questions to ask useful spreads and interpretations of the cards For experienced Tarot practitioners there are chapters detailing the meanings of the symbols in each card the history of Tarot and the secret imagery hidden within the details of the illustrations There is a science and an art to interpreting Tarot cards It s a skill that can be developed and this book will help the reader discover this talent within them **Mystical Origins of the Tarot** Paul Huson,2004-05-26 A profusely illustrated history of the occult nature of the tarot from its origins in ancient Persia The origins of the tarot have been lost in the mists of time Most scholars have guessed that its origins were in China Egypt or India Huson has expertly tracked each symbol of the Minor Arcana to roots in ancient Persia and the Major Arcana Trump card images to the medieval world of mystery miracle and morality plays A number of tarot historians have questioned the use of the tarot as a divination tool prior to the 18th century But the author demonstrates that the symbolic meanings of the Major Arcana were evident from the time they were first employed in the mid 15th century in the popular divination practice of sortilege He also reveals how the identities of the court cards in the Minor Arcana were derived from a blend of pagan and medieval sources that strongly influenced their interpretation in tarot divination Publisher marketing *Learning the Tarot* Joan Bunning,1998-01-15 Learning the Tarot Joan Bunning offers a complete course in 19 lessons that covers the basics and then gradually goes into more advanced concepts First published in 1998 Joan Bunning s Learning the Tarot has become a tarot classic Written in a confident and natural style the book communicates the basic depth and beauty of each card shows how the cards trigger psychological projection and enhances intuition Learning the Tarot is a thorough but never overwhelming invitation to the beginner The book focuses in detail on the actual process of discovering meaning in the cards how to consider one card by itself how to look for card pairs how to create the story of a reading The book includes a convenient reference section that contains two pages of information for each card including a picture from the popular Waite Smith deck a description keywords action phrases and suggestions for cards with similar and opposite meanings The author first presented this course online at [learntarot.com](http://learntarot.com) which continues to attract over one hundred thousand visitors per month When I first created my website in 1995 writes Joan Bunning I never dreamed how much interest in the tarot I would find People from all over the world began writing to tell me about their experiences with the course and their adventures with the cards This response was music to my ears I knew from my own experience that the tarot is a wonderful tool for personal guidance and inner exploration My goal with this book was to give you the basics you need to begin working with the tarot on your own I try to make this inner process understandable by breaking it up into a series of steps that are simple while still

The time spent with your Guardian Angel here on earth can help you to reap great benefits during this lifetime. Denny Sargent writes: In my academic and personal research, I came upon the concept of the Guardian Angel a number of times over the years. I was amazed to discover instructions on how to meet your Guardian Angel that were thousands of years old. This changed my entire life. I no longer had to look to others for spiritual authority or wisdom. Then I discovered that every culture had within it the concept of a Guardian Angel or Guardian Spirit or Ally. The idea transcends time and culture; it is universal. I felt that this secret should not be left hidden and obscure but should be dusted off, simplified, and offered to all. *Your Guardian Angel and You* is a thoroughly intriguing read about the fascinating history of the Guardian Angel, why you need one, and how to prepare to meet yours. In fact, if a feeling of dread ever kept you from taking a turn down a certain road, getting in a car, or taking a certain flight, you may already have met your Guardian Angel. Once you establish nurture and expand your relationship with your Guardian Angel, you can expect terrific things in return. Ask specific questions and receive specific answers. Define and refine your dreams. Lean on the wisdom and insight of your Guardian Angel to give you a form of heaven on Earth right now, where your dreams can be lived.

***Dreaming the Soul Back Home*** Robert Moss, 2012-05-08 In this extraordinary book, shamanic dream teacher Robert Moss shows us how to become shamans of our own souls and healers of our own lives. The greatest contribution of the ancient shamans to modern healing is the understanding that in the course of any life, we are liable to suffer soul loss: the loss of parts of our vital energy and identity, and that to be whole and well, we must find the means of soul recovery. Moss teaches that our dreams give us maps we can use to find and bring home our lost or stolen soul parts. He shows how to recover animal spirits and ride the windhorse of spirit to places of healing and adventure in the larger reality. We discover how to heal ancestral wounds and open the way for cultural soul recovery. You'll learn how to enter past lives, future lives, and the life experiences of parallel selves and bring back lessons and gifts. It's not just about keeping soul in the body. Moss writes: It's about growing soul, becoming more than we ever were before. With fierce joy, he incites us to take the creator's leap and bring something new into our world.
