Alexandra Steele a clinical psychologist stumbles upon a mystical store in downtown Memphis TN where she encounters tarot cards for the first time She doesn t realize it at the time but this simple encounter will leave her life forever changed as she uncovers a world of past life connections to the cards and the craft of divination This sparks an awakening that opens door after door of a long line of mystic and witch incarnations that run throughout her history As she reconnects to these deep mystical ties she begins to learn about her destiny which is revealed as she starts to encounter coven sisters and foes from previous incarnations Will her tendency to hide in the shadows and play small continue to hold her back or will the call of the cards lure her onto her destined path of a life full of magic and sisterhood **Shadow of Omega** Michael TT Williams,2023-10-05 Professor Williams second book in the Dream Corporation Trilogy In Shadow of Omega the dark forces uncovered in book 1 have moved like chess pieces in what has become a struggle for mastery of all creation The distinctions

between being awake and being asleep reality and unreality and truth and deception have become dangerously blurred As the mysteries have deepened so the high adrenelin action has increased as the dangers have proliferated A battle for survival a war of minds and a proliferation of confusion dominate the batteground while a group of very different and vulnerable but gifted people meet and ally themselves in an epic struggle It seems we must stay awake or fall foul of ubelievable malevolence but how long can we stay awake The Devil is in the detail but who is behind the devil Because it s worse than any bible story And the huge rogue planet heading towards us is reaching Jupiter s orbital arc while Jupiter revolves safely on the other side of the sun We should be so lucky *Lippincott's Monthly Magazine* ,1912
