K. Goodwin,2009-10-01 The TAROT forms the occult basis of Western civilization but very few people recognize this It represents a complicated astrological machine requiring a manual That manual is necessary in order to explain how to take advantage of the machine how to achieve both material and spiritual growth That manual is what this book delivers The knowledge and discipline of the Major and Minor Arcana trace their existences to well before the post modern era but that does not mean that they cannot be reclaimed They can be rediscovered by any sincere seeker The Major Arcana suggests that there is an occult layer to human life beneath the surface of the ordinary working entirely within it and within all other planes as well Reclaiming the Lost TAROT is an organized effort to present the hidden sequences of the system in line with its meanings and understandings this treatise is testimony to the potency of the original wisdom The book is scientific in the occult sense of the term it has covered a wide range of interrelated topics culminating in iconic status as per the material octave and brahmamaya relative to the highest sequence
