Telegraph Bat s articles not only covered sports but also reflected his outspoken opinions on war crime politics and a changing society As his renown as a boxing expert grew his opinions were picked up by other newspaper editors and reprinted throughout the country and abroad He counted President Theodore Roosevelt among his friends and readers This follow up to DeArment s definitive biography of the Old West legend narrates the final chapter of Masterson s storied life Far removed from the sweeping western plains and dusty cowtown streets of his younger days Bat Masterson in New York City became a ham reporter as he called himself a Broadway guy Gun Digest, 1985 Books Inc Dbi, Ken Warner, 1984-07

The Firearms Dictionary R. A. Steindler, 2022-08-01 R A Steindler was researching a book about guns when he realized that many gun terms were used differently by various writers and sometimes included conflicting definitions errors and misconceptions To fill an obvious need for one consistent authority on the language of guns he created this comprehensive classic reference Going beyond the simple definition the book explains each term fully and puts it into context with any related terms and the definitions are supplemented with 200 photographs illustrations and charts to help clarify technical details **America's Gun Wars** Donald J. Campbell, 2019-04-10 This book examines the controversies surrounding gun control which are less about whether it works and more about whether the nation should prioritize traditional values of rugged independence or newer values of communitarian interdependence America s Gun Wars contends that an understanding of America s gun controversy cannot be found in statistics documenting the rise or fall of violent crime or in examining trade offs between societal needs and personal safety or in following the political maneuvering of advocacy groups such as the National Rifle Association or Everytown for Gun Safety At heart the gun controversy is a values conflict involving how people see themselves and how they make sense of the world they live in Understanding this controversy requires a deep analysis of the profoundly different cultures inhabited by pro and anti gun activists lawmakers and voters Written by a social scientist who has spent his life exploring how values and self perceptions impact behavior this book explores the origins and evolution of cultures in American society the beliefs experiences and principles that guide the behavior of members in both camps and the triumphs and failures that the two sides have experienced from colonial times to the present day
