**The Art Gallery on Stage** Mariacristina Cavecchi, 2024-03-21 Winner of the AIA Associazione Italiana di Anglistica Book Prize 2024 The Art Gallery on Stage is the first book to consider the representation of the art gallery on the contemporary British stage and to discuss how playwrights have begun to regard it as inspiration location focus or theme in an ever more intense game of cross fertilization The study analyzes the impact on dramatic form and theatrical presentation of what has been a paradigmatic shift in the way art galleries and museums display their collections and how these are perceived establishing a hitherto unexplored connection between modes of exhibiting and

modes of representation It traces a trajectory from plays that were initially performed in traditional theatres in accordance with a naturalistic play structure to plays that favour of a radical reconfiguration of visual representation Indeed since the beginning of the new millennium playwrights and theatre makers have increasingly experimented with new dramatic forms and site specific venues while forging collaborations with art makers and curators The book focuses on plays from the 1980s onwards such as Howard Barker's *Scenes from an Execution* Nick Dear's *The Art of Success* Alan Bennett's *A Question of Attribution* Timberlake Wertenbaker's *Three Birds Alighting on a Field* and *The Line* David Edgar's *Pentecost* Martin Crimp's *Attempt on Her Life* Rebecca Lenkiewicz's *Shoreditch* Madonna and *The Painter* David Leddy's *Long Live the Little Knife* and Tim Crouch's *My Arm An Oak Tree* and *England* and considers the vital contribution to the field made by set designers Ultimately through this study we come to understand how modern drama can offer a set of interpretative tools to enhance our understanding of the mechanisms underlying the social construction of art and furthermore the potential of theatre and the gallery space to question our fundamental cultural assumptions and values

*London Calling* Elena Crippa, Catherine Lampert, 2016-07-26 Between the postwar years and the 1980s in Britain and in particular in London a number of figurative painters simultaneously reinvented the way in which life is represented in art Focusing on the depiction of the human figure these artists rendered the frailty and vitality of the human condition Offering a fresh account of developments that have since characterized postwar British painting this catalogue focuses on Michael Andrews Frank Auerbach Francis Bacon Lucian Freud R B Kitaj and Leon Kossoff artists who worked in close proximity as they were developing new forms of realism If for many years their efforts seemed to clash with dominant tendencies reassessment in recent decades has afforded their work a central position in a richer and more complex understanding of postwar British art and culture Rigorous and gorgeously illustrated the essays reflect on the parallel yet diverse trajectories of these artists their friendships and mutual admiration

and the divergence of their practice from the discourse of high modernism The authors seek to dispel the notion of their work as a uniquely British endeavor by highlighting the artists international outlook and ongoing dialogue with contemporary European and American painters as well as masters from previous generations This book is published to coincide with an exhibition at the J Paul Getty Museum from July 26 through November 13 2016 *I Am You* Karl F. Morrison, 2014-07-14 Important trends in contemporary intellectual life celebrate difference divisiveness and distinction Speculative writing increasingly highlights hermeneutic gaps between human beings their histories and their hopes In this book Karl Morrison identifies an alternative to this disruption He explores for the first time the entire legacy of thought revolving around the challenging claim I am you perhaps the most concise possible statement of bonding through empathy Professor Morrison shows that the hope for thoroughgoing understanding and inclusion in another's world view is central to the West's moral intellectual tradition He maintains that the West may yet escape the fatal flaw of casting that hope in paradigms of sexual and aesthetic dominance examples of empathetic participation inspired by hunger for power as well as by love The author uses diverse sources in theology ranging from Augustine to Schleiermacher in art from the religious art of the Christian Empire to post Abstractionism and in literature from Donne to Joyce Pirandello and Mann In this work he builds on the thought of two earlier books *Tradition and Authority in the Western Church* 300-1140 Princeton 1969 and *The Mimetic Tradition of Reform in the West* Princeton 1982 *I Am You* goes beyond their themes to the inward act that according to tradition consummated the change achieved by mimesis namely empathetic participation Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Cultural Devolution* Neil Mulholland, 2017-10-23 Title first published in 2003 What happened to art in Britain when the balance began to shift from public to private subsidy following the IMF crisis in 1976 In this polemical book Neil Mulholland charts the political and cultural shifts in art in Britain from the mid 1970s to the end of the twentieth century His account covers the key trends and artists of this extraordinarily diverse period including critical postmodernism feminism neoconservatism object sculpture the new image Brit Art and Scottish neoconceptualism and traces the development of critical thinking from the opinions of critics such as Richard Cork John Roberts and Matthew Collings to tabloid press art scandals *The Cultural Devolution* offers a broad critical and historical framework within which to understand public debate on the merits of young British artists such as Damien Hirst while looking beyond such celebrities to re discover the wealth and range of work produced Essential reading for anyone interested in contemporary art in Britain
