The Heart Of The Matter: Perspectives On Emotion In Marital Susan M. Johnson,Leslie S. Greenberg,2013-08-21 First published in 1995 Intimate relationships are at the core of our emotional life There is no other context so infused by and responsive to the ebb and flow of human emotion A large part of human communication is emotional communication involving minute signals concerning closeness and distance and dominance and submission This information is of central importance in organizing interactions with significant others In addition the social interactions most crucial to our senses of well being positive adaptation and physical and emotional health are those that occur with significant others on whom we depend for our sense of security and belonging in the world This book examines the role of affect in intimate relations and in the redefinition of such relationships in therapy

The Particle Odyssey : A Journey to the Heart of the Matter Frank Close,Michael Marten,Christine Sutton,2002-07-25 The Particle Odyssey takes the reader on a spectacular illustrated journey to the heart

of matter In clear non technical language the authors describe the key experiments and fundamental discoveries which have led to our current understanding of the matter that makes up the universe and the forces that govern it During the 20th century scientists discovered WHAT the Universe is made of as the 21st century begins they are preparing experiments to find out HOW it came to be like this This great adventure which will involve a metaphorical journey back in time to within a billionth of a second of the Big Bang is the latest stage in the quest to understand the nature of the matter that makes our Universe and the forces that govern it The Particle Odyssey takes the reader on a spectacularly illustrated journey to the heart of matter In clear non technical language the authors describe the key experiments and fundamental discoveries which have led to our current understanding of the origins and nature of the material universe There are individual portraits of all the major subatomic particles from the electron to the top quark The authors describe the history of experimental particle physics its origins in the discovery of X rays in 1895 the dissection of the atom by Rutherford and others the unexpected revelations of the cosmic rays the explosion of new particles in the 1950s and 60s the discovery of quarks and the rise of the standard model in the last part of the 20th century And they also look at the great challenges that face physicists today where did antimatter go what is dark matter can there be a theory of everything and the experiments they are devising to explore them The Particle Odyssey brings together and presents with style over 100 of the best images of particle events mysterious abstract often beautiful pictures of the tracks of subatomic particles as they speed curve dance or explode through cloud and bubble chambers stacks of photographic emulsion and the giant multi element detectors of modern experiments Here are spiralling electrons the tell tale vees of strange particles matter and antimatter born from raw energy energetic jets of particles spraying out from the decay points of quarks and gluons A further 250 pictures many taken specially for this book illustrate the laboratories experiments and personalities of over a century of particle physics

Getting to the Heart of the Matter Carl Levin, 2021-03-02 Former senator Carl Levin s memoir demonstrates the value of pragmatism empathy and compromise Representing Michigan for thirty six years in the U S Senate Carl Levin the longest serving senator in Michigan history was known for his dogged pursuit of the truth his commitment to holding government accountable and his basic decency Getting to the Heart of the Matter My 36 Years in the Senate is his story from his early days in Detroit as the son of a respected lawyer to the capstone of his career as chair of both the Senate Armed Services Committee and the Senate Permanent Subcommittee on Investigations Levin s career placed him at the center of some of our nation s most critical points in modern times from the aftermath of the 1967 Detroit riots to the Clinton impeachment through 9 11 and the wars in Iraq and Afghanistan and the 2008 financial crisis He met with numerous world leaders including Egypt s Anwar Sadat and China s Jiang Zemin Getting to the Heart of the Matter recounts Levin s experiences thoughts and actions during these historic moments Consisting of seventeen chapters the book takes the reader through Levin s early life in Detroit of the 1940s 50s and 60s where he met his wife started a family practiced law and served as the

first General Counsel for the newly created Michigan Civil Rights Commission and the chief appellate defender for Detroit's Legal Aid Office. Elected to the Detroit City Council in 1969 where Levin served for eight years including four as Council president, the book describes how his fight against the Department of Housing and Urban Development's devastating housing practices in the neighborhoods of Detroit led him to run for the U.S. Senate with a pledge to make government work more effectively. Winning election six times, Levin had an illustrious career in the Senate where he challenged leaders in government and the private sector for the greater good of the nation. Levin describes how as a Democrat throughout his time in the Senate he worked with Republican senators who often held different policy positions in order to find common ground to achieve national goals and how he and his Senate staff searched for creative solutions to trade issues, support for the auto industry and manufacturing sector, U.S. military action in Iraq and Afghanistan, and efforts to protect the Great Lakes and the environment among many other issues. Levin's hope in writing this memoir is that by sharing his deeply held beliefs about the responsibility of elected officials, the book will serve as a resource for people beginning a career in or contemplating running for public office. Readers with an interest in politics, history, facts, and perseverance will find kinship in this book. *The Heart of the Matter* Bob Edwards, 2002-07-24 Psychiatrist and Holocaust survivor Viktor Frankl said, "Man's search for meaning is the primary motivation in his life. Yet some contemporary voices claim that increased knowledge of the material world must diminish our sense of meaning." Physicist Steven Weinberg said, "The more the universe seems comprehensible, the more it also seems pointless." Many people hold the material and meaningful perspectives separate in their minds in a state of uneasy truce. *The Heart of the Matter: A Case for Meaning in a Material World* tells us that this split vision is not necessary and shows us how the two views can be harmonized to give depth to our picture of the world. It looks at current scientific observations from astronomy, biology, and physics as well as insights from mathematics, philosophy, psychology, and religion. We are left with a sense of wonder at both the mechanics and the values of the world, the how and the why of events. This book will appeal to everyone fascinated by how our world works and especially to those who wonder how such marvelous mechanisms can leave room for the values and purpose that give meaning to our lives and to our world. **The Heart of the Matter** Kas Hawes, 2023-10-28 This is a unique story. It is the story of a doctor and the many patients she sees every day. A tale of the diversity of life, the uniqueness of individuals, and the impact of deprivation on the health of society. *The Heart of the Matter: Philosophies, Poems, Short Stories and Quotes to Live By* Ron Cornelius, 2024-09-17 Throughout the history of time, one constant has remained to set the human species apart from all others: our ability to love. In this collection of beautiful poetry, masterful short stories, timeless quotes, and profound philosophy, Ron Cornelius explores the depth of the human experience through the eyes of the heart and soul. Through ancient wisdom to modern introspection, this synthesis of the vast intricacies of the mind and spirit invites you to reflect, ponder, and ultimately embrace a deeper understanding of the love that connects us all to not only each other but to all of creation. *The Heart of the Matter, from Nuclear Interactions*

to Quark Gluon Dynamics [sic] J.-F. Mathiot, J. Thanh Van Tran, 1995 **The Heart of the Matter** Arthur Green, 2015-04-01
Judaism like all the great religions has a strand within it that sees inward devotion as an opening of the human heart to God's presence. This voice is not always easy to hear in a tradition where so much attention is devoted to the how rather than the why of religious living. The devotional claim certainly a key part of Judaism's biblical heritage has reasserted itself in the teachings of individual mystics and in the emergence of religious movements over the long course of Jewish history. This volume represents Rabbi Arthur Green's own quest for such a Judaism both as a scholar and as a contemporary seeker. This collection of essays brings together Green's scholarly writings centered on the history of early Hasidism and his highly personal approach to a rebirth of Jewish spirituality in our own day. In choosing to present them in this way he asserts a claim that they are all of a piece. They represent one man's attempt to wade through history and text, language and symbol, an array of voices both past and present while always focusing on the essential question: What does it mean to be a religious human being and what does Judaism teach us about it? This, the author considers to be the heart of the matter. Publisher's description.

The Heart of the Matter Joffre McClung, 2017-03-22 You can do all the programming and techniques you want to get a better life but if you don't love yourself it will not change a damn thing. You will still feel the same way about yourself tomorrow and the day after that and the day after that. The bottom line is the most important relationship you will ever have is the relationship you have with yourself. This relationship can be a rewarding one when rooted in self-love or it can be toxic when not. So what is self-love? Why is it so important? And most importantly how do you find it? The Heart of the Matter answers these questions and more. It takes the esoteric concept of self-love and makes it accessible by clearly defining the three necessary components of self-love. Learn how to reconnect to these components by discovering the transformational tools that are available within. Learning how to use these tools to uncover what you really think and feel about yourself and the world around you and more importantly why. Transforming the wounded parts of self that have been separated from this love through practical steps and exercises for healing and forgiving the past. Empowering yourself to make more loving and conscious choices about what you believe and therefore what you will feel and experience. We all are searching for more love in our lives. The Heart of the Matter not only shows you where to look but also gives you a roadmap on how to get there.

The Heart of the Matter Pasquale De Marco, 2025-03-18 The Second World War was the deadliest conflict in human history, resulting in the deaths of tens of millions of people. It was a global war that spanned six continents and all of the world's oceans. The war began in 1939 when Nazi Germany invaded Poland and it ended in 1945 with the defeat of Germany, Italy, and Japan. This book provides a comprehensive overview of the Second World War from its origins to its aftermath. It examines the political, economic, and social factors that led to the outbreak of war and it follows the conflict from its early battles to its bloody conclusion. The book also considers the war's impact on the lives of ordinary people and it explores the ways in which it has shaped the world we live in today. In this book, you will learn about the rise of Adolf Hitler and the Nazi

Party in Germany The invasion of Poland and the outbreak of war The major battles of the war including the Battle of Stalingrad the Battle of Britain and the Battle of the Bulge The Holocaust and other atrocities committed by the Nazis The Allied victory and the end of the war The legacy of the war and its impact on the world today This book is essential reading for anyone who wants to understand one of the most important events in human history It is a comprehensive and balanced account of the war and it is written in a clear and engaging style Whether you are a student a historian or simply someone who is interested in learning more about the Second World War this book is for you If you like this book write a review

A NEW BEGINNING, ETERNAL WHISPERS OF THE HEART Mayank Agnihotri, 2024-09-13 In the bustling world we live in where everything is fast paced and transient love often becomes a fleeting emotion easily forgotten in the rush of life Yet there are stories that stand the test of time stories that echo through the ages leaving behind an indelible mark on the hearts of those who dare to believe in the power of love Eternal Whispers of the Heart is one such story a tale of love that transcends the boundaries of time space and circumstance This book takes you on a journey through the intricate maze of human emotions where love is not just an emotion but a force that shapes destinies It is a story of two souls who meet by chance but are bound by a love so profound that even the universe conspires to bring them together As you turn the pages you will be drawn into their world where every glance every touch and every word holds a deeper meaning The story begins with a chance encounter a moment so ordinary that it could have easily been missed But as fate would have it this fleeting moment becomes the cornerstone of a love that will change the lives of the characters forever As their friendship blossoms unspoken emotions begin to stir setting the stage for a love story that is as beautiful as it is tragic But love is never easy The journey is fraught with challenges misunderstandings and heartache There are moments of doubt where the characters find themselves at a crossroads unsure of whether to follow their hearts or the path laid out by society Yet it is in these moments of uncertainty that the true strength of their love is revealed As the story unfolds you will witness the characters grow and evolve their love tested in ways they could never have imagined There will be tears there will be heartbreak but above all there will be a sense of hope a belief that love in its purest form can conquer all Eternal Whispers of the Heart is more than just a love story it is a testament to the enduring power of love It is a reminder that no matter how fleeting life may seem love has the power to make it eternal It is a story that will make you believe in love again that will make you cherish the moments of connection and that will stay with you long after you have turned the last page As you embark on this journey be prepared to laugh cry

and fall in love all over again This is a story that will touch your heart and soul leaving you with a sense of nostalgia for a love that you may never have experienced but will forever hold dear So sit back relax and let the whispers of the heart guide you through this unforgettable tale of love loss and redemption **A Matter of the Heart** T. D. Burns, 2004 While recovering from a heart transplant a strange dream kept returning Bob Hunter found himself once again on a small lobster boat bobbing up and down in the ocean in front of a beautiful lighthouse he had never seen before A number of colorful lobster floats and a stack of lobster traps were on the boat in front of him Waves crashing and exploding against a rocky shore in front of the lighthouse sending giant sprays of white foam into the air A girl in a white dress was standing on a rocky ledge to the left of the lighthouse and waving He knew that somehow she was waving at him As the sequence of dreams returned he would find himself walking up to her as she opened her arms to greet him She was one of the most beautiful girls he had ever seen Her long auburn hair and white dress were gently flowing in the breeze off of the ocean He would always wake up just as he approached Over a period of time he developed an unexplainable and obsessive love for her even though he knew she could not possibly be real Bob Hunter was an artist and a naturalist and painted a picture of both the lighthouse and the girl in his dreams A new acquaintance saw the painting of the lighthouse and told him it was real as she had visited and photographed the same lighthouse She encouraged him to travel to the area to see if he could find a reason for his dreams The dreams had no rhyme or reason Bob had never seen a lobster boat and could not believe that the lighthouse in his dreams actually existed The only way he could rid himself of these dreams was to follow his friend's suggestion and travel to the lighthouse and begin a search for the lady of his dreams **The Heart of the Matter** Susan M. Wrapping Paper explains a simple but extraordinarily powerful technique called the See Feel Hear Challenge that enables people to easily gain entry into the storehouse of their subconscious core beliefs. In the process it cracks the coded messages that those beliefs release in the form of disease, suffering, addictions, unhappy relationships, and victimized circumstances. Based in the latest findings in neuroscience and neurocardiology, this book guides readers to an uncomplicated understanding of the astounding power of our emotions and how life automatically delivers experiences that trigger negative reactions that subconsciously impact us. These emotions form the foundation of core beliefs that create unhealthy attitudes and disease patterns that keep us from experiencing the authentic, satisfying lives we desire. Using clear examples and true stories from clients, Dr. Weissman's latest work demonstrates how we can release these stored emotions and their wisdom via the See Feel Hear Challenge. It then explains how to use this simple method to evoke feelings that positively impact the quantum field, remolding our bodies, minds, and everyday lives into purposeful expressions of inner joy and radiant well-being. Whether you're dealing with addictions, dysfunctional relationships, or illness, or are focused on becoming an Olympic champion, *The Heart of the Matter* gives you a potent tool for positive change and transformation that you can use for the rest of your life.
