for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church
