Sino Soviet Crisis Politics A Study Of Political Change And Communication:

Sino-Soviet Crisis Politics Richard Wich,2020-03-17 This study analyzes the recent history of Sino Soviet relations focusing on the 1968 1971 period specifically the 1968 Soviet invasion of Czechoslovakia the Ussuri clashes of 1969 and the Vietnam war as causes of the restructuring of the international system and Sino Soviet relations within it *The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982* Roderick MacFarquhar,John K. Fairbank,Denis Crispin Twitchett,1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao s thoughts and how they related to China s government The most comprehensive account of this turbulent period in Chinese history **China and International Theory** Chih-yu Shih et al.,2019-03-27 Major IR theories which stress that actors will inevitably only seek to enhance their own interests tend to contrive binaries of self and other and inside and outside By contrast this book recognizes the general need of all to relate which they do through various imagined resemblances between them The authors of this book therefore propose the balance of relationships BoR as a new international relations theory to transcend binary ways of thinking BoR theory differs from mainstream IR theories owing to two key differences in its epistemological position Firstly the theory explains why and how states as socially interrelated actors inescapably pursue a strategy of self restraint in order to join a network of stable and long term relationships Secondly owing to its focus on explaining bilateral relations BoR theory bypasses rule based governance By positing relationality as a key concept of Chinese international relations this book shows that BoR can also serve as an important concept in the theorization of international relations more broadly The rising interest in developing a Chinese school of IR means the BoR theory will draw attention from students of IR theory comparative foreign policy Chinese foreign policy East Asia cultural studies post Western IR post colonial studies and civilizational politics **Politics and Sinology** Joshua A. Fogel,1984-07-01 Naito Konan s periodization of Chinese history is responsible for shaping the twentieth century Western view of China Naito was a journalist in the vibrant Meiji press for twenty years during which he became recognized as Japan s leading Sinologist He then assumed a chair in China Studies at Kyoto University where he taught for twenty years remaining all the while a prolific writer on public affairs Joshua Fogel s biography treats Naito holistically pointing up the intricate connections between his Sinological and political interests As a part of an ongoing tradition based in jitsugaku concern with the practical applications of knowledge Naito focused on what he took to be Japan s mission after its own Meiji reforms to help China implement comparable reforms His emphasis on Chinese history and culture as the central influence in East Asia strengthened his Pan Asian political convictions Fogel s study offers a penetrating look at a scholar journalist whose influence is still powerful Reading Tao Yuanming Wendy Swartz,2020-03-17 Tao Yuanming 365 427 although dismissed as a poet following his death is now considered one of China s greatest writers Over the centuries portrayals of his life some focusing on his eccentricity others on his exemplary virtue have elevated him to iconic status This

study of the posthumous reputation of a central figure in Chinese literary history the mechanisms at work in the reception of his works and the canonization of Tao himself and of particular readings of his works sheds light on the transformation of literature and culture in premodern China It focuses on readers interpretive negotiations with Tao's works and on changes in hermeneutical practices critical vocabulary and cultural demands as well as the intervention of interested and influential readers in order to trace the construction of Tao Yuanming Driven by a dialogue on categories at the very heart of literati culture reclusion personality and poetry this cumulative process spanning fifteen centuries the author argues helps explain the very different pictures of Tao Yuanming and the divergent ways of reading his works across time and illuminates central issues animating premodern Chinese culture

The Taoists of Peking, 1800-1949 Vincent Goossaert, 2020-03-23 By looking at the activities of Taoist clerics in Peking this book explores the workings of religion as a profession in one Chinese city during a period of dramatic modernization The author focuses on ordinary religious professionals most of whom remained obscure temple employees Although almost forgotten they were all major actors in urban religious and cultural life The clerics at the heart of this study spent their time training disciples practicing and teaching self cultivation performing rituals and managing temples Vincent Goossaert shows that these Taoists were neither the socially despised illiterates dismissed in so many studies nor otherworldly ascetics but active participants in the religious economy of the city In exploring exactly what their crucial role was he addresses the day to day life of modern Chinese religion from the perspective of ordinary religious specialists This approach highlights the social processes institutions and networks that transmit religious knowledge and mediate between prestigious religious traditions and the people in the street In modern Chinese religion the Taoists are such key actors Without them Taoist ritual and Taoist self cultivation are just empty words

Accidental Incest, Filial Cannibalism, and Other Peculiar Encounters in Late Imperial Chinese Literature Tina Lu, 2020-03-17 Described as all under Heaven the Chinese empire might have extended infinitely covering all worlds and cultures That ideology might have been convenient for the state but what did late imperial people really think about the scope and limits of the human community Writers of late imperial fiction and drama were the author argues deeply engaged with questions about the nature of the Chinese empire and of the human community Fiction and drama repeatedly pose questions concerning relations both among people and between people and their possessions What ties individuals together whether permanently or temporarily When can ownership be transferred and when does an object define its owner What transforms individual families or couples into a society Tina Lu traces how these political questions were addressed in fiction through extreme situations husbands and wives torn apart in periods of political upheaval families so disrupted that incestuous encounters become inevitable times so desperate that people have to sell themselves to be eaten

The Age of Visions and Arguments Kyu Hyun Kim, 2020-03-17 The Meiji Restoration of 1868 inaugurated a period of great change in Japan it is seldom associated however with advances in civil and political rights By studying parliamentarianism the theories

arguments and polemics marshaled in support of a representative system of government Kyu Hyun Kim uncovers a much more complicated picture of this era than is usually given Bringing a fresh perspective as well as drawing on seldom studied archival materials Kim examines how parliamentarianism came to dominate the public sphere in the 1870s and early 1880s and gave rise to the movement among local activists and urban intellectuals to establish a national assembly At the same time Kim contends that we should confront the public sphere of Meiji Japan without insisting on fitting it into schemes of historical progress from premodernity to modernity from feudalism to democracy The Japanese state was inextricably linked in its origins as well as its continuing growth to the self transformation of Japanese society One could not change without effecting a change in the other The Meiji state s efforts to ensure that the state and society were connected only through channels firmly controlled by itself were constantly and successfully contested by the public sphere *Amid the Clouds and Mist* John E. Herman, 2020-03-23 In 1200 what is now southwest China Guizhou Yunnan and the southern portion of Sichuan was home to an assortment of strikingly diverse cultures and ruled by a multitude of political entities By 1750 China s military political sociocultural and economic institutions were firmly in control of the region and many of the area s cultures were rapidly becoming extinct One purpose of this book is to examine how China s three late imperial dynasties the Yuan Ming and Qing conquered colonized and assumed control of the southwest Another objective is to highlight the indigenous response to China s colonization of the southwest particularly that of the Nasu Yi people of western Guizhou and eastern Yunnan the only group to leave an extensive written record **Between Dreams and Reality** Eugene Y. Park, 2020-03-23 From the mid seventeenth to the mid nineteenth century millions of Korean men from all walks of life trained in the arts of war to prepare not for actual combat but to sit for the state military examination mukwa Despite this widespread interest only for a small minority did passing the test lead to appointment as a military official Why then did so many men aspire to the mukwa Eugene Y Park argues that the mukwa was not only the state s primary instrument for recruiting aristocrats as new members to the military bureaucracy but also a means by which the ruling elite of Seoul could partially satisfy the status aspirations of marginalized regional elites secondary status groups commoners and manumitted slaves Unlike the civil examination munkwa however that assured successful examinees posts in the prestigious central bureaucracy achievement in the mukwa did not enable them to gain political power or membership in the existing aristocracy A wealth of empirical data and primary sources drives Park s study a database of more than 32 000 military examination graduates a range of new and underutilized documents such as court records household registers local gazetteers private memoirs examination rosters and genealogies and products of popular culture such as p ansori storytelling and vernacular fiction Drawing on this extensive evidence Park provides a comprehensive sociopolitical history of the mukwa system in late Chos n Korea
