A General Biographical Dictionary John Gorton, 1833 **Harry M Miller** Harry M. Miller, Peter Holder, 2011-02-01 As a young man Harry M Miller

set out to become one of the world's youngest showbiz impresarios. He left NZ for Australia in the late sixties and set about making his mark. He went on to become one of the Australian media and entertainment industry's most influential men and over forty years later the people he has worked with makes a very impressive roll call. Ella Fitzgerald, Louis Armstrong, Sammy Davis Junior, Chubby Checker, Tom Jones, Shirley Bassey, the Rolling Stones, John Farnham, Marcia Hines, Graham Kennedy, Barry Humphries, Alan Jones, Lindy Chamberlain, Stuart Diver, and Maggie Tabberer among them. Harry M. Miller has plenty of stories to tell about high profile people and the A, B, and C lists in between. His memoir **CONFESSIONS OF A NOT SO SECRET AGENT** is full of witty and entertaining anecdotes from Harry's extraordinary life. **Beautiful Lies** Tony Griffiths, 2005. Combining impressive historical research with pithy prose, this entertaining work chronicles Australia's evolution from British lackey during World War II to global power player in the 21st century. Appealing to academic audiences and armchair historians alike, this volume focuses on Australia's shift from political and economic reliance on England to becoming politically aligned with the United States and economically tethered to Japan and China, a transition in part initiated by Prime Minister Robert Menzies. With chapters entitled *Beating the Bolshoi*, *All the Way with JFK*, and *The Banana Republic*, this concise history of modern Australia is written in a style both delightful and informative. Asia, the US and Extended Nuclear Deterrence Andrew O'Neil, 2013-09-02. Since the end of the Cold War, significant attention has focussed on the issue of nuclear deterrence and in particular whether formal nuclear security guarantees from nuclear weapons states to non nuclear weapons states involving the possible use of nuclear weapons have a place in the twenty first century global strategic landscape. Growing support for nuclear disarmament in the US and elsewhere has seen serious doubts being raised about the ongoing utility of extended nuclear deterrence. This book provides the first detailed analysis of the way in which extended nuclear deterrence operates in contemporary Asia. It addresses the following key questions: What does the role of extended nuclear deterrence in Asia tell us about the broader role of extended nuclear deterrence in the contemporary international system? Is this role likely to change significantly in the years ahead? O'Neil uses a theoretical and historical framework to analyse the contemporary and future dynamics of extended nuclear deterrence in Asia and challenges many of the existing orthodox perspectives on the topic. Providing a new perspective on debates surrounding extended nuclear deterrence, this book will be of interest not only to students and scholars of Asian politics, international relations and security studies, but also to policy makers and professionals. **Harold Holt** Ross Walker, 2022-08-30. A revelatory biography of Harold Holt, the prime minister who helped create modern Australia. Harold Holt was a pivotal prime minister in Australian history. Ambitious, modern, and telegenic, he helped bring his party and nation into the late twentieth century following the Menzies years. Nowhere was Holt's legacy more significant than in the 1967 referendum and in helping to end the White Australia policy. At the same time as the Vietnam War raged, Holt dramatically increased Australian troops, telling President Lyndon B. Johnson in 1966 that Australia was all the way with LBJ. In this evocative, intimate, and deeply

researched biography Ross Walker captures the worlds in which Holt moved and the people who were close to him He reveals a popular gentle yet at times self destructive man whose tendency to always go one step further would have fatal consequences This is a strikingly original portrait of Australia s seventeenth prime minister A beautifully told story of a fascinating Australian life and a tragic prime ministership not only in its bizarre end but in the entanglement of an amiable easygoing man in poisonous political rivalry and a brutal and contentious war in Vietnam Frank Bongiorno Dreamers and Schemers Frank Bongiorno, 2022-11-01 A landmark book the first full political history of Australia In this compelling and comprehensive work renowned historian Frank Bongiorno presents a social and cultural history of Australia s political life from pre settlement Indigenous systems to the present day Depicting a wonderful parade of dreamers and schemers Bongiorno surveys moments of political renewal and sheds fresh light on our democratic life From local pubs and meeting halls to the parliament and cabinet from pamphleteers and stump orators to party agents and operatives this enthralling account looks at the political insiders in the halls of power as well as the agitators and outsiders who sought to shape the nation from the margins A work of political history like no other Dreamers and Schemers will transform the way you look at Australian politics With acuity and grace Bongiorno divines the soul of the nation All told with a cheeky eye for detail and nose for skullduggery by a historian in full archival narrative and rhetorical flight A landmark work Clare Wright Bongiorno is one of our premier historians and this is his masterwork An original take on our politics and people written with an open mind and warm Australian heart George Megalogenis Penetrating and vividly written this a political history that broadens our understanding of politics one that offers genuinely fresh insights and resists tidy generalisations From First Nations politics to the democracy sausage Dreamers and Schemers never disappoints It will stand as one of the most essential works in Australian history for decades to come Mark McKenna Shortlisted for the Australian History Prize in the NSW Premier s History Awards
