Popular Music Scenes and Cultural Memory Andy Bennett, Ian Rogers, 2016-11-23 This volume explores the ways in which music scenes are not merely physical spaces for the practice of collective musical life but are also inscribed with and enacted through the articulation of cultural memory and emotional geography The book draws on empirical data collected in cities throughout Australia In terms of understanding the relationship between music scenes and participants much of the existing popular music literature tends to avoid one key aspect of scene its predominant past tense and memory based nature Nascent music scenes may be emergent and on going but their articulation in the present is often based on past events ideas and histories There is a noticeable gap between the literature concerning popular music ethnography and the growing body of work on cultural memory and emotional geography This book is a study of the conceptual formation and use of music scenes by participants It is also an investigation of the structures underpinning music scenes more generally **Music,**

Markets and Consumption Daragh O'Reilly, Gretchen Larsen, Krzysztof Kubacki, 2013-05-31 A fully international and scholarly analysis integrating the unique popular music sector both within arts marketing and current marketing and consumption theories It gives a full overview and coverage of music marketing and cultural policy and the emerging academic study of the sector **Understanding Popular Music Culture** Roy Shuker, 2013 Focusing on the variety of

genres that make up pop music Roy Shuker explores key subjects which shape our experience of music such as music production the music industry music policy fans audiences and subcultures Sociology about Art Sara Malou Strandvad, Quirijn Lennert van den Hoogen, Manuel Reyes, 2024-12-02 For sociologists making distributing and using art and cultural products constitute social practices yet sociologists disagree on how to investigate these practices Organised around three main schools of thought critical sociology symbolic interactionism and social systems theory Sociology about Art serves as an introduction to and a self reflective discussion about how sociologists study the Arts Providing a wide spectrum of approaches in art sociology the book focuses on examining not only the famously cited theorists notably Bourdieu Becker and Peterson but also offers an overview of the sociologists who are often overlooked Hennion Heinrich Luhmann and Van Maanen among others In presenting these various approaches the crux of discussion concerns the status of art in sociological analyses Following a critical assessment of the classical theories and assessing the risks of failing to observe the function of art the authors contend that the perspective on art works their forms affordances and meanings can and should be integrated into sociological research for it to become a sociology that is truly about art A vital resource for students seeking to understand sociological discourses surrounding art and set up their own research projects Sociology about Art will appeal to scholars and students of sociology with interests in the arts and cultural policy Fractured Scenes Damien

Charrieras, François Mouillot, 2021-03-29 Fractured Scenes is the first extensive academic account of music and sound art practices that fall outside of the scope of mainstream music in Hong Kong It combines academic essays with original

interviews conducted with prominent Hong Kong underground independent musicians and sound artists as well as first hand accounts by key local scene actors in order to survey genres such as experimental noise music deconstructed electronic music indie pop punk garage rock sound art and DIY computer music among others It examines these Hong Kong underground music practices in relief with specific case studies in Mainland China and Japan to begin re defining the notion of a musical underground in the context of contemporary Hong Kong **Multimodal Comics** Madeline B.

Gangnes, Christopher Murray, Julia Round, 2024-03-13 Comics have always embraced a diversity of formats existing in complex relationships to other media and been dynamic in their response to new technologies and means of distribution This collection explores interactions between comics other media and technologies employing a wide range of theoretical and critical perspectives By focusing on key critical concepts within multimodality transmediality adaptation intertextuality and addressing multiple platforms and media digital analogue music prose linguistics graphics it expands and develops existing comics theory and also addresses multiple other media and disciplines Over the last decade Studies in Comics has been at the forefront of international research in comics This volume showcases some of the best research to appear in the journal In so doing it demonstrates the evolution of Comics Studies over the last decade and shows how this research field has engaged with various media and technologies in a continuously evolving artistic and production environment The theme of multimodality is particularly apt since media and technologies have changed significantly during this period The collection will thus give a view of the ways in which comics scholars have engaged with multimodality during a time when modes were continually changing Blowin' the Blues Away Travis A. Jackson, 2012-06-12 New York City has always been a mecca in the

history of jazz and in many ways the city s jazz scene is more important now than ever before Blowin the Blues Away examines how jazz has thrived in New York following its popular resurgence in the 1980s Using interviews in person observation and analysis of live and recorded events ethnomusicologist Travis A Jackson explores both the ways in which various participants in the New York City jazz scene interpret and evaluate performance and the criteria on which those interpretations and evaluations are based Through the notes and words of its most accomplished performers and most ardent fans jazz appears not simply as a musical style but as a cultural form intimately influenced by and influential upon American concepts of race place and spirituality *Music in Orbit* Brian Fauteux, 2025-03-11 Years before the advent of music

streaming Sirius and XM established satellite radio services that attracted paying subscribers through their ever expanding lineup of niche music channels and exclusive celebrity hosted programming Music in Orbit is the first book to explore how satellite radio bridges legacy broadcast music radio and streaming platforms serving as both precursor and integral player in today s streaming media environment Arguing for the ongoing significance of radio in the digital age and the pernicious effects of monopoly power on the vibrancy of contemporary music industries Music in Orbit offers essential context for the serious problems now facing working musicians music consumers and music communities **The Bloomsbury Handbook**
