Sitting In and Speaking Out Jeffrey A. Turner, 2010-10 In *Sitting In and Speaking Out* Jeffrey A. Turner examines student movements in the South to grasp the nature of activism in the region during the turbulent 1960s. Turner argues that the story of student activism is too often focused on national groups like Students for a Democratic Society and events at schools like Columbia University and the University of California at Berkeley. Examining the activism of black and white students, he shows that the South responded to national developments but that the response had its own trajectory, one that was rooted in race. Turner looks at such events as the initial desegregation of campuses, integration's long aftermath as students learned to share institutions, the Black Power movement, and the antiwar movement. Escalating protest against the Vietnam War tested southern distinctiveness, says Turner. The South's tendency toward hawkishness impeded antiwar activism, but once that activism arrived, it was as in other parts of the country, oriented toward events at national and global scales. Nevertheless, southern student activism retained some of its core characteristics. Even in the late 1960s, southern protesters' demands tended toward reform, often eschewing calls to revolution increasingly heard elsewhere. Based on primary research at more than twenty public and private institutions in the deep and upper South, including historically black schools, *Sitting In and Speaking Out* is a wide-ranging and sensitive portrait of southern students navigating a remarkably dynamic era.

Walking in Zen, Sitting in Zen Osho, 2023-03-15 Zen is another name for meditation. The word zen comes from the Sanskrit root *dhyana*; it has traveled far. *Dhyana* means a state of absolute silence, of thoughtless silence, but full of awareness. Even the thought that I am aware is enough to distract you from your meditation. Even to know that I am in meditation is enough to destroy it. A state of meditation is an innocent, silent state. You are blissfully unaware of your awareness. You are, but you are utterly relaxed. You are not in a state of sleep; you are fully alert, more alert than ever. You are alertness rather.

Sitting in the Circle Dr. Jon Berenson, 2013-05-22 These 37 essays are rooted in the inspiration I experience in working with my patients and with participants at the Opening the Heart Workshop. Though they are all very different in tone and content, they are all about love in the small places off center stage. They may have been about lifting a hosta leaf and finding a spider's web in diamonds of morning dew, or about watching new grass grow, holding a weeping patient in my office, watching a man outside my office drag his leg behind as he carries groceries home. They are all, I think, small love stories.
