**David Hassan, Richard McElligott**

## **Sport And Nationalism In Ireland Gaelic Games Soccer And Irish Identity Since 1884:**

Sport and Nationalism in Ireland Mike Cronin, 1999 This book examines the development of a nationalist agenda within Irish sport and searches for a definition of nationalism in this context The question of what Irish nationalism is and what forces shape it has stretched the minds of generations of Irish historians and political scientists For some the answer has been found within the realms of political history while others have examined how the cultural impact of Irish literature and drama has shaped nationalism These genres relied on elites be they political or literary within Irish society to understand the evolution of nationalist thinking and the operation of nationalism as an ideal Sport offers a new way of looking at nationalism as it offers mass consumed low culture as a vehicle Since the foundation of the Gaelic Athletic Association GAA in 1884 through to the current popularity of soccer sporting events have been played by tens of thousand and watched by hundreds of thousands of Irish people both at home and as part of the diaspora This means that sport has a greater resonance and meaning for the experience of the multitude of the Irish in stark contrast to the operation of Dublin centred politics and literature This book defines sporting nationalism through the experience of Gaelic games and soccer as examples of mass spectator sport The choice of a mass spectator sport which a nation chooses to support will demonstrate the perceived place of that nation within the world and the trends prevalent within its society thereby intrinsically defining the state of its nationalism

**Sport and Nationalism in Asia** Fan Hong, Zhouxian Lu, 2016-04-14 Written by a team of international scholars Sport and Nationalism in Asia Power Politics and Identity is a collection of original research which addresses a number of issues central to notions of nationalism and identity in sport including how the Olympics and other international and regional sports events have fostered an active interweaving of sport politics and nationalism the role of traditional sport in the building of national consciousness and national identity the way modern sport creates and reflects nationalism thereby giving it a voice and a focus The book covers eight case studies on countries regions across West Asia Central Asia and East Asia It is one of the few works that examines the relationships between sport politics and nationalism from Asian perspective This book was published as a special issue of the International Journal of the History of Sport Gaelic Games in Society John Connolly, Paddy Dolan, 2019-12-06 In this book John Connolly and Paddy Dolan illustrate and explain developments in Gaelic games the Gaelic Athletic Association GAA and Irish society over the course of the last 150 years The main themes in the book include advances in the threshold of repugnance towards violence in the playing of Gaelic games changes in the structure of spectator violence diminishing displays of superiority towards the competing sports of soccer and rugby the tension between decentralising and centralising processes the movement in the balance between amateurism and professionalism changes in the power balance between elite players and administrators and the difficulties in developing a new hybrid sport The authors also explain how these developments were connected to various social processes including changes in the structure of Irish society and in the social habitus of people in Ireland Sport and the British Richard

Holt,2025-07-09 So many of the world s sports have their origins in Britain Why is this How did sports innovate and evolve in step with social upheaval and political and cultural change Why did British forms of play become so influential around the world Richard Holt explores all of these questions and more in this new edition of *Sport and the British A Modern History* For over thirty years *Sport and the British* has been the standard work on the history of sport in Britain and the new edition provides a complete rewrite of the original text incorporating the most up to date research Holt weaves a narrative of the excitement passion and variety of sports played the eighteenth century to the end of the twentieth from street corner kickabouts to the Commonwealth and Olympic Games *Sport and the British* crosses class race culture and gender illuminating how the transformation of games speaks to the wider history of Britain and its global impact on the history of sport

**Irish/ness Is All Around Us** Olaf Zenker,2013-04-01 Focusing on Irish speakers in Catholic West Belfast this ethnography on Irish language and identity explores the complexities of changing and contradictory senses of Irishness and shifting practices of Irish culture in the domains of language music dance and sports The author s theoretical approach to ethnicity and ethnic revivals presents an expanded explanatory framework for the social re production of ethnicity theorizing the mutual interrelations between representations and cultural practices regarding their combined capacity to engender ethnic revivals Relevant not only to readers with an interest in the intricacies of the Northern Irish situation this book also appeals to a broader readership in anthropology sociology cultural studies history and political science concerned with the mechanisms behind ethnonational conflict and the politics of culture and identity in general

*Sport and Secessionism* Mariann Vaczi,Alan Bairner,2020-10-29 *Sport and Secessionism* examines how sporting cultures reflect inform and sometimes frustrate secessionist movements around the world Investigating a wide range of cases the book explores key themes including nationalism nation building state region antagonisms independence movements identity and ethnic politics sovereignty and autonomy processes all through the lens of sport Sports are uniquely positioned to shed light on secessionist politics due to their pervasiveness in society and their ability to absorb reflect and produce political projections The book presents analyses of a wide range of geographical cultural and political contexts in which sports are deployed to pursue regional independence or greater sovereignty and autonomy and explores the dual processes of sub national identity construction and state sovereignty deconstruction The book includes fourteen cases from such diverse parts of the world as Ireland Taiwan Turkey Catalonia Biafra Canada and the UK among others Offering a unique perspective on an important geopolitical issue this book is fascinating reading for anybody with an interest in sport and politics the sociology of sport political science political geography nationalism studies or international history

**Peace At Last?** Jörg Neuheiser,Stefan Wolff,2004-01-01 Spanning more than thirty years and costing over 3000 lives the conflict in Northern Ireland has been one of the most protracted ethnic conflicts in Western Europe After several failed attempts to resolve the fundamental differences over national belonging between the two communities in Northern Ireland the Good Friday Agreement of 1998 seemed to

offer the long awaited chance of sustainable peace and reconciliation By looking at the various dimensions and dynamics of post conflict peace building in the political system the economy and society of this deeply divided society the contributors to this volume offer a comprehensive analysis of Northern Irish politics and society in the wake of the Good Friday Agreement and conclude that this is probably the best chance for a stable and long term peace that Northern Ireland has had but that the difficulties that still lie ahead must not be underestimated *An Immigration History of Britain* Panikos

Panayi,2014-09-11 Immigration ethnicity multiculturalism and racism have become part of daily discourse in Britain in recent decades yet far from being new these phenomena have characterised British life since the 19th century While the numbers of immigrants increased after the Second World War groups such as the Irish Germans and East European Jews have been arriving settling and impacting on British society from the Victorian period onwards In this comprehensive and fascinating account Panikos Panayi examines immigration as an ongoing process in which ethnic communities evolve as individuals choose whether to retain their ethnic identities and customs or to integrate and assimilate into wider British norms

Consequently he tackles the contradictions in the history of immigration over the past two centuries migration versus government control migrant poverty versus social mobility ethnic identity versus increasing Anglicisation and above all racism versus multiculturalism Providing an important historical context to contemporary debates and taking into account the complexity and variety of individual experiences over time this book demonstrates that no simple approach or theory can summarise the migrant experience in Britain *A Social and Cultural History of Sport in Ireland* David Hassan,Richard

McElligott,2018-02-02 Sport has played a central role in modern Ireland s history Perhaps nowhere else has sport so infused the political social and cultural development and identity of a nation During this so called Decade of Centenaries in Ireland 2014 to 2024 recently there has been an exponential growth in interest and academic research on Ireland s sporting heritage This collection of chapters contributed by some of Ireland s most preeminent sport and social historians showcases the richness and complexity of Ireland s sporting legacy Articles on topics as diverse as the role of native Gaelic games in emphasising the emerging cultural nationalism of pre Revolutionary Ireland the contribution of Irish rugby to the broader British war effort in World War 1 the emergence of Irish soccer on the international stage and the long running battle to gain official recognition within international athletics for an independent Irish state are presented This work s intention is to illustrate some of the latest and most vibrant research being conducted on Irish sports history This book was published as a special issue of Sport in Society Reconciling Divided States Dong Jin Kim,David Mitchell,2022-01-12 This book offers a

distinctive perspective on peace processes by comparatively analysing two cases which have rarely been studied in tandem Ireland and Korea The volume examines and compares Ireland and Korea as two peace conflict areas Despite their differences both places are marked by a number of overlaid states of division a political border in a geographical unit an island and a peninsula an antagonistic relationship within the population of those territories an international relationship

recovering from past asymmetry and colonialism and divisions within the main groupings over how to address these relationships Written by academics and practitioners from Europe and East Asia and guided by the concepts of peacebuilding and reconciliation the chapters assess peace efforts at all levels from the elite to grassroot organisations Topics discussed include historical parallels modern debates over the legacy of the past contemporary constitutional and security issues civil society peacebuilding in relation to faith sport and women s activism and the role of economic assistance The book brings Ireland and Korea into a rich dialogue which highlights the successes and shortcomings of both peace processes This book will be of interest to students of Peace and Conflict Studies Irish Politics Korean Politics and International Relations

*Representations of Sports Coaches in Film* Katharina Bonzel,Nicholas Chare,2018-10-11 This ground breaking interdisciplinary collection brings together leading international scholars working across the humanities and social sciences to examine ways in which representations of sports coaching in narrative and documentary cinema can shape and inform sporting instruction The central premise of the volume is that films featuring sports coaches potentially reflect reinforce or contest how their audiences comprehend the world of coaching Despite the growing interest in theories of coaching and in the study of the sports film as a genre specific analyses of filmic depictions of sports coaches are still rare despite coaches often having a central role as figures shaping the values social situation and cultural expectations of the athletes they train By way of a series of enlightening and original studies this volume redresses the relative neglect afforded to sports coaching in film and simultaneously highlights the immense value that research in this emerging field has for sporting performance and social justice This book was originally published as a special issue of the journal *Sports Coaching Review*

**Ethnicity and Race in Association Football** David Hassan,2017-07-05 The relationship between association football race and ethnicity has received increasing levels of attention from academics and commentators throughout the world over recent years As their national professional leagues reflect the multicultural nature of most global developed societies so the focus of sports scholars and others have been drawn to this field of enquiry and this has produced some impressive works These have included rich examinations of such issues at the level of the nation state and the aim of this collection is to considerably enhance this dedicated strand of academic research Drawing upon case studies from Europe Africa and the USA this book offers readers an exceptional level of coverage as it scrutinises issues of race and ethnicity in a number of novel settings worldwide It also brings together many of the leading researchers in this field and thereby offers the reader a single dedicated reference point for much of the contemporary research work taking place throughout the world at this time This bookw as published as a special issue of *Soccer and Society*

**Routledge Companion to Sports History** S. W. Pope,John Nauright,2009-12-17 This book describes how the field of sports history has matured dramatically over the past decade and expands on what this means for sports historians today The specially commissioned essays addressing a range of thematic and regional contexts that make up this companion make it a uniquely valuable resource

Public Relations, Society and

the Generative Power of History Ian Somerville, Lee Edwards, Øyvind Ihlen, 2019-09-04 Public Relations Society and the Generative Power of History examines how histories are used to explore how the past is constructed from the present how the present is always historical and how both past and present can power imagined futures Divided into three distinct parts the book uses historical inquiry as a springboard for engaging with interdisciplinary critical and complex issues in the past and present Part I examines the history of corporate PR the centrality of the corporation in PR scholarship and the possibility of resisting corporate hegemony through PR efforts The theme of Part II is Historicising gender ethnicity and diversity in PR work focusing on how gendered and racialised identities have been constructed and resisted both within the profession and through the result of its work Part III engages with Histories of public relations in the political sphere bringing together work on the different ways in which public relations has evolved in changing political contexts both formally as a function within political institutions and in the context of contributions to broader narratives of nationalism and identity Featuring contributions from leading academics this book challenges traditional PR historiography and contests the lessons derived from existing literature to address the implications of key areas of critically engaged PR theory This volume is a valuable teaching resource for upper level undergraduates and postgraduates studying public relations strategic communications political communication and organisational communication

**Sport History** Gerald R. Gems, 2021-03-10 This is a fundamental text for the study of sport history It answers the why how and what questions introducing the key principles and practices of sport history and walking the reader through the fascinating stories debates issues and national and international narratives that constitute the history of sport The book provides an overview of the field and the various professional roles assumed by practitioners such as researchers academics and public historians It is brief crisp and to the point The main general topics of interest within the field gender race nationalism religion sport and leisure and megaevents are covered with introductory vignettes stories of interest a wide variety of theoretical frameworks and relevant historiography in the most current and timely text of its kind Each chapter provides a list of further readings for more in depth study Students are taught how to conduct research and present their findings in a variety of mediums and teaching and publication tips are offered for educators Sport History The Basics is essential reading for any student on a sport related degree course or with an interest in social and cultural history It is also fascinating reading for anybody with a general interest in sport

No Foreign Game James Quinn, 2023-08-03 From its earliest days association football was seen not just as a contest between individuals and teams but also between nations and peoples The Irish national team was among the first in the world to participate in international competition in the early 1880s but not everyone accepted it as a truly national entity Sport in Ireland was disputed ground in a manner that was not the case elsewhere even the term football itself was a contested one But soccer followers generally found no contradiction between their sporting and national loyalties and the game found an important niche in Irish life supported by many leading nationalists from James Connolly to John Hume This

book provides a unique window into the history of Ireland and Britain with keen insights into the making of national regional sectarian class and gender identities that crystallised around Irish soccer Taking the story from the 1870s up to the present it examines the domestic as well the international game in Ireland North and South and sets both in a richly detailed historical and cultural context It also examines the experience of Irish communities in England and Scotland and the ways in which the game affected their relationship with their host societies Carefully weaving together political social cultural and sporting history *No Foreign Game* tells a story not just of division and conflict but also one of solidarity and celebration and in doing so it breaks new ground in the history of Irish sport      Goal! Christian Koller,Fabian Brandle,2015-06-26 *Goal* covers the history of the beautiful game from its origins in English public schools in the early 19th century to its current role as a crucial element of a globalized entertainment industry The authors explain how football transformed from a sport at elite boarding schools in England to become a pastime popular with the working classes enabling factories such as the Thames Iron Works and the Woolwich Arsenal to give birth to the teams that would become the Premier League mainstays known as West Ham United and Arsenal They also explore how the age of amateur soccer ended and with the advent of professionalism how football became a sport dominated by big clubs with big money and with an international audience      *Routledge Handbook of Sport and Politics* Alan Bairner,John Kelly,Jung Woo Lee,2016-10-04 Sport is frequently considered to be an aspect of popular culture that is or should be untainted by the political However there is a broad consensus among academics that sport is often at the heart of the political and the political is often central to sport From the 1936 Olympic Games in Nazi Germany to the civil unrest that preceded the 2014 World Cup in Brazil sport and politics have remained symbiotic bedfellows The Routledge Handbook of Sport and Politics goes further than any other book in surveying the complex embedded relationships between sport and politics With sections addressing ideologies nation and statehood corporate politics political activism social justice and the politics of sports events it introduces the conceptual foundations that underpin our understanding of the sport politics nexus and examines emergent issues in this field of study Including in depth case studies from North America South America Europe the Middle East Africa and Asia this is an essential reference for anybody with an interest in the social scientific study of sport      **The League of Ireland** Conor Curran,2022-12-30 2021 saw the centenary of the formation of the League of Ireland the Republic of Ireland s primary professional association football league This new collection draws on the work of a number of leading historians of Irish soccer and seeks to examine a number of previously under researched aspects relating to the league The book examines the initial growth of clubs in Dublin and the Free State League s early turbulent history while the impact of Irish players and administrators on the development of soccer clubs at home and abroad is also assessed Following the partition of Ireland in 1921 players continued to move from Dublin clubs to those in Northern Ireland and this is also discussed particularly in light of the Troubles of 1968 1998 Despite the migration of many Irish born players to Britain the League of Ireland has also attracted internationally

based players and the impact of this is also examined The role of the league in the provision of players for the Irish Olympic team is also explored as is the work of SARI in its attempts to eradicate racism from Irish sport This publication aims to commemorate some of those who have strived to maintain the League of Ireland's presence against the backdrop of what has become the world's most attractive football league located in Ireland's neighbour England It will be of interest to researchers and advanced students of Sports History Sociology and Politics This book was originally published as a special issue of the journal Soccer Society

**International Sport** Richard William Cox, 2004 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new

When people should go to the book stores, search creation by shop, shelf by shelf, it is in point of fact problematic. This is why we offer the ebook compilations in this website. It will certainly ease you to look guide **Sport And Nationalism In Ireland Gaelic Games Soccer And Irish Identity Since 1884** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. If you mean to download and install the Sport And Nationalism In Ireland Gaelic Games Soccer And Irish Identity Since 1884, it is totally simple then, before currently we extend the colleague to purchase and make bargains to download and install Sport And Nationalism In Ireland Gaelic Games Soccer And Irish Identity Since 1884 hence simple!
