[Africa In Crisis](#) Tunde Zack-Williams, Diane Frost, Alex Thomson, 2002-01-20. Thirteen chapters examine contemporary political and economic problems in Africa, analyzing causes and suggesting alternatives. Presented by editors from the U of Central Lancashire, UK, the articles reject much of the self-serving explanations proffered by Western corporate elites and African autocrats for African problems, locating the root causes in lack of democracy at both national and international levels. Specific topics include international donors and civil society in Zimbabwe, implications for African export policies, misconceptions about the world market, French foreign policy towards Africa, imperialism, and Sub-Saharan Africa, and multinational peacekeeping operations in Africa.
