Spraakmakende Pianisten Discografieën:

Brinkman's cumulatieve catalogus van boeken ,2002 Voorts een alphabetische lijst van Nederlandsche boeken in België uitgegeven Flights of the Vout Bug Dieter Salemann, Fabian Grob, 2009-04 Judging from such contemporary and retrospective appraisal there was a time when Michael Dodo Marmarosa seemed to have been everyone's favorite piano player in early modern jazz. He was in heavy demand as an accompanist to many of the major jazz stars of his time while being equally sought after as a sideman by some of the most popular or most ambitious Big Band leaders of the 1940s. But whatever high his early reputation may have been it was not lasting enough to keep him in mind of the wider jazz audiences in the decades to follow. Reclusion during his later years was the main reason of his becoming nearly forgotten despite a promising but short lived comeback in the early 1960. Today Marmarosa finally gains the recognition he deserves as one of the pioneers of modern jazz piano playing underscored by repeated reissues of his more important recordings. To offer for the first time a comprehensive and valuable chronological catalogue of all the pianist's known performances on record is the objective of the present publication. By complementing pure discographical data with a detailed interpretation appraisal of Marmarosa's music it seeks to serve as a profound guide to find and appreciate what has been preserved of the recorded legacy of one of America's major jazz pianist talents.
