Spring Lake Patricia Florio Colrick, 1998-04-01 Spring Lake an oceanfront community bounded on the south by Wreck Pond and on the north by Lake Como was named after a spring fed body of water that spawned the town's settlement in the 1870s The development of the area was accelerated by the advent of the railroad which brought building activity to the locale Eventually Monmouth Avenue and the lakefront became very desirable locations for seasonal homes Once promoted as New Jersey's garden spot a Spring Lake came to contain several private landscape showplaces exquisite public grounds and a legendary non commercial boardwalk This photographic record of Spring Lake's development illustrates the remarkable architectural tradition whose legacy remains evident in this elegant resort today From Ballingarry and the Casino to the churches and the New Monmouth Hotel Spring Lake's stunning built environment is vividly displayed in over two hundred photographs contained in this volume

Spring Lake Howard B. Pate, Jami Sheppard, 2004 Spring Lake North Carolina was incorporated on April 9 1951 with an estimated population of 2 500 however the area had been settled by the Scottish long before Spring Lake was named in 1923 for a spring fed lake which probably formed when the railroad was built about 1860 The community grew slowly until World War II At its incorporation the town selected the post office on Main Street as the center of town The town limits extended only eight tenths of a mile from its center but increased rapidly as nearby Fort Bragg was built up Today Spring Lake remains a quaint town of 8 000 with its close ties to nearby Fort Bragg and Pope Air Force Base recognized in the town motto Unity for Prosperity

storied history that lies beneath the deep water Before Lake Cumberland became a recreational paradise the wild and wondrous Cumberland River ruled the land Although plagued by spring floods towns and communities prospered along her banks In an effort to control the Cumberland River and reduce flooding Wolf Creek Dam was constructed following the Flood Control Act of 1938 With the dam in place Lake Cumberland began filling in 1951 The dam offered protection to South Central Kentucky but it drowned or forever changed many thriving towns and communities Images of America Around Lake Cumberland shows what life was like along the banks of the Cumberland River before Lake Cumberland was born **Grand Haven** Wallace K. Ewing Ph.D., Elizabeth Dobbie, Tri-Cities Historical Museum, 2009-12-07 As fur trading in Michigan came to an end pioneers migrated to Grand Haven for lumber By the time the last acre of trees was harvested Grand Haven had shifted from dependence on lumber to manufacturing and tourism These images illustrate the foundations upon which the community was built and changes wrought through the years *Springlake Amusement Park* Douglas Loudonback, 2008 From 1924 through 1981 Springlake was Oklahoma City's premier place for fun for everyone around the state Park enthusiast Carla Williams Noffsinger mirrors the comments of so many of the park's patrons when she says "I grew up in Moore We spent many a happy hour at Springlake We always heard bad stories about the Big Dipper but that was the first ride we would hit I remember my cousin wetting her pants once on the Tilt A Whirl we laugh about that to this day As far as my family was concerned it was just good clean old fashioned fun My cousins would come up in the summer from southeast Oklahoma and Springlake was at the top of the list of places to go for all its goodness Springlake was flawed remaining segregated longer than many other businesses during the tumultuous civil rights era Forced to integrate by the Civil Rights Act of 1964 Springlake adapted poorly instead of opening its huge pool to all swimmers and sunbathers the pool became an aquarium Racial tensions culminated on Easter 1971 with a small but important racially based riot from which the park never fully recovered **Rural Indigenusness** Melissa Otis, 2018-12-20 The Adirondacks have been an Indigenous homeland for millennia and the presence of Native people in the region was obvious but not well documented by Europeans who did not venture into the interior between the seventeenth and early nineteenth centuries Yet by the late nineteenth century historians had scarcely any record of their long lasting and vibrant existence in the area With *Rural Indigenusness* Otis shines a light on the rich history of Algonquian and Iroquoian people offering the first comprehensive study of the relationship between Native Americans and the Adirondacks While Otis focuses on the nineteenth century she extends her analysis to periods before and after this era revealing both the continuity and change that characterize the relationship over time Otis argues that the landscape was much more than a mere hunting ground for Native residents rather it a location of exchange a space of interaction where the land was woven into the fabric of their lives as an essential source of refuge and survival Drawing upon archival research material culture and oral histories Otis examines the nature of Indigenous populations living in predominantly Euroamerican communities to identify the ways in which some maintained their distinct

identity while also making selective adaptations exemplifying the concept of survivance In doing so Rural Indigenoussness develops a new conversation in the field of Native American studies that expands our understanding of urban and rural indigeneity *Umatilla* Rebecca Bryan Dreisbach,2010-01-25 Located in Floridas lake region the city of Umatilla sits on a sandy ridge pocked by hundreds of lakes and depressions of sinkhole origin that leak water into the limestone Floridan aquifer which in turn is drained by numerous nearby artesian springs When Florida achieved American statehood in 1845 following nearly two centuries of ceding by the French British and Spanish via treaties Central Florida was the last frontier of the eastern United States In the early 1850s pioneer Nathan Trowell brought his family beyond the St Johns River seeking health and prosperity The family traveled by horse and wagon through longleaf yellow pine forests following ancient Native American sand trails to the place where they built their homestead Their home was one of the first in what would become Umatilla Before the end of the 19th century Umatilla had become one of Floridas most successful citrus communities with a general store a hotel a post office a blacksmith shop a packinghouse and four churches Umatillas temperate weather natural resources and beauty drew its original citizens and while citrus is no longer Umatillas main industry the lure of her beauty and charm remains today *Lost Towns of Central Alabama* Peggy Jackson Walls,2021-07-19 Settlers came to Central Alabama in the early 1800s with big dreams Miners panned the streams and combed the hillsides of the state s Gold Belt hoping to strike it rich Arbacooche and Goldville were forged by the rush on land and gold along with Cahaba the first state capital Demand for the abundant cotton led to the establishment of factories like Pepperell Mills Russell Manufacturing Company Tallassee Mills Avondale Mills and Daniel Pratt Cotton Gin Owners built mill villages for their workers setting the standard for other companies as well But when booms go bust they leave ghost towns in their wake Author Peggy Jackson Walls walks the empty streets of these once lively towns reviving the stories of the people who built and abandoned them
