Engineer's Journal and Railway, Public Works, Mining Gazette, of India and the Colonies ,1858 **Stamp News** ,1926 Responsible People Francisca Farache,Georgiana Grigore,Alin Stancu,David McQueen,2019-04-11 This book brings the focus of corporate responsibility back to the people who are driving change in contemporary practice Expanding current conceptualizations of CSR the chapters come together to explore the work of a range of individuals in charge of CSR

practices in contributing to societal good Including topics such as leadership social entrepreneurship responsible management education non profit organizations and citizen activism it aims to expand current mainstream understanding of the role individuals have in shaping CSR theory practice policies and discourses African Data Privacy Laws Alex B. Makulilo,2016-11-30 This volume presents analyses of data protection systems and of 26 jurisdictions with data protection legislation in Africa as well as additional selected countries without comprehensive data protection laws In addition it covers all sub regional and regional data privacy policies in Africa Apart from analysing data protection law the book focuses on the socio economic contexts political settings and legal culture in which such laws developed and operate It bases its analyses on the African legal culture and comparative international data privacy law In Africa protection of personal data the central preoccupation of data privacy laws is on the policy agenda The recently adopted African Union Cyber Security and Data Protection Convention 2014 which is the first and currently the only single treaty across the globe to address data protection outside Europe serves as an illustration of such interest In addition there are data protection frameworks at sub regional levels for West Africa East Africa and Southern Africa Similarly laws on protection of personal data are increasingly being adopted at national plane Yet despite these data privacy law reforms there is very little literature about data privacy law in Africa and its recent developments This book fills that gap The Persistent Power of Human Rights Thomas Risse,Steve C. Ropp,Stephen C. Ropp,Kathryn Sikkink,2013-03-07 This book offers a unique combination of quantitative and qualitative research arguing for the persistent power of human rights norms **A Female Wanderer, Or, The Remarkable Disclosures of Cordelia and Edwin** Cordelia Stark,W. P. Thompson,1857 **A History of London** William John Loftie,1883 **Nitrogen Use Efficiency: Plant Biology to Crop Improvement** Nandula Raghuram,2024-07-29 The predominant role of unused fertilizers in reactive nitrogen pollution and the need for research and policies to improve nitrogen use efficiency NUE is now well known globally NUE research was originally championed by the scientists of the International Nitrogen Initiative INI and later recognized by some national governments and UN agencies such as UNEP FAO and UNECE The resulting first ever UN resolution on Sustainable nitrogen management in 2019 boosted the demand for solutions especially in agriculture The Berlin Declaration from the INI 2021 conference called for improvement of nitrogen use efficiency towards achieving sustainable food systems and all the 17 sustainable development goals Crop NUE is primarily a biological problem as there exists a genetic limit to agronomic improvement Overcoming this genetic barrier for crop improvement requires better understanding of the biological mechanisms of N response and the genetic determinants of NUE Fortunately crop genomics in general and the functional genomics of N response in particular have been providing a wealth of information The recent developments in phenotyping and genotyping for NUE and the emergence of phenomics coupled with the growing ability of bioinformatics to integrate diverse datasets offer unprecedented opportunities to solve the NUE puzzle Some candidate genes for this multi genic trait have been validated while some others are being identified
