SPSS 14.0 Statistical Procedures Companion Marija J. Norušis, 2005 The SPSS 14 0 Statistical Procedures Companion covers many of the more

advanced statistical procedures in SPSS which are not discussed in the SPSS 14.0 Guide to Data Analysis. This book is intended as the continuation of the GDA. The audience is no longer the beginning student but is instead the data analyst, either an advanced student or a professional. The Companion offers practical suggestions and emphasizes topics that arise when analyzing real data for presentations, reports, and dissertations instead of the pristine data of homework assignments. A data CD is included with this book. For additional information go to <http://www.norusis.com>. This site offers a detailed Table of Contents, features, examples included in the book, and a sample chapter for download.

Categorical Statistics for Communication Research Bryan E. Denham, 2016-10-17. Categorical Statistics for Communication Research presents scholars with a discipline-specific guide to categorical data analysis. The text blends necessary background information and formulas for statistical procedures with data analyses illustrating techniques such as log-linear modeling and logistic regression analysis. Provides techniques for analyzing categorical data from a communication studies perspective. Provides an accessible presentation of techniques for analyzing categorical data for communication scholars and other social scientists working at the advanced undergraduate and graduate teaching levels. Illustrated with examples from different types of communication research such as health, political, and sports communication and entertainment. Includes exercises at the end of each chapter and a companion website containing exercise answers and chapter-by-chapter PowerPoint slides.
