Square Peg Confessions Of A Citizen Senator:

Square Peg Orrin Hatch, 2003-10-16 From Orrin Hatch one of the most widely respected and best known legislators in America comes a deeply personal book part essay on how politics should be practiced part memoir of how he has tried to embody those principles during his long and very successful tenure in the U S Senate the only public office he s ever held Hatch addresses the true role of a public servant the importance of having convictions and when to yield on them and how a politician survives personal attacks He gives behind the scenes insights into what really went on during the Robert Bork and Clarence Thomas confirmation hearings and the Clinton impeachment hearings And he stakes his position in the debate over human cloning and stem cell research This is a surprising book from one of the great political mavericks of our time **Ted Kennedy** John A. Farrell, 2025-10-21 **LONGLISTED FOR THE 2022 NATIONAL BOOK AWARD FOR NONFICTION** An enthralling and groundbreaking new biography of one of modern America s most fascinating and consequential political figures drawing on important new sources by an award winning biographer who covered Kennedy closely for many years John A Farrell s magnificent biography of Edward M Kennedy is the first single volume life of the great figure since his death Farrell s long acquaintance with the Kennedy uni verse and the acclaim accorded his previous books including his New York Times best selling biography of Richard Nixon a finalist for the Pulitzer Prize helped garner him access to a remarkable range of new sources including segments of Kennedy s personal diary and his private confessions to members of his family in the days that followed the accident on Chappaquiddick Farrell is without question one of America s greatest politi cal biographers and a storyteller of deep wisdom and empathy His book does full justice to this famously epic and turbulent life of almost unimaginable tragedy and triumph As the fourth son of the close knit but fiercely competitive Kennedy clan Ted was the runt of the litter Expelled from Harvard University for cheating he was a fun loving playboy who nevertheless served his brothers loyally and effectively It was easy to take Ted lightly and many did But when he was elected to the United States Senate at the age of thirty to fill his brother Jack s seat something unexpected happened He found his home and his calling there Over time Ted Kennedy would build arguably the most significant senatorial career in American history His life was buffeted by heartbreak the violent deaths of his three older brothers his own terrible plane crash his children s bouts with cancer and the hideous self inflicted wounds of Chappaquiddick and stretches of drinking and womanizing that caused ir reparable damage to an already fragile first marriage Those wounds scarred Ted deeply but also tempered his character and eventually he embarked on a run as legislator party elder and paterfamilias of the Kennedy family that would change America for the better John A Farrell brings us the man as he was in strength and weakness his profound but complicated inheritance and his vital legacy as only a great biographer can do Without the story this book tells no understanding of modern America can be complete **Disenchanted Citizenship** Luis F. B. Plascencia, 2012-07-04 Central to contemporary debates in the United States on migration and migrant policy is the idea of citizenship and as apparent in the continued debate over Arizona

s immigration law SB 1070 this issue remains a focal point of contention with a key concern being whether there should be a path to citizenship for undocumented migrants In *Disenchanted Citizenship* Luis F B Plascencia examines two interrelated issues U S citizenship and the Mexican migrants position in the United States The book explores the meaning of U S citizenship through the experience of a unique group of Mexican migrants who were granted Temporary Status under the legalization provisions of the 1986 IRCA attained Lawful Permanent Residency and later became U S citizens Plascencia integrates an extensive and multifaceted collection of interviews ethnographic fieldwork ethno historical research and public policy analysis in examining efforts that promote the acquisition of citizenship the teaching of citizenship classes and naturalization ceremonies Ultimately he unearths citizenship s root as a Janus faced construct that encompasses a simultaneous process of inclusion and exclusion This notion of citizenship is mapped on to the migrant experience arguing that the acquisition of citizenship can lead to disenchantment with the very status desired In the end Plascencia expands our understanding of the dynamics of U S citizenship as a form of membership and belonging

Nemacheck,2007

The process by which presidents decide whom to nominate to fill Supreme Court vacancies is obviously of far ranging importance particularly because the vast majority of nominees are eventually confirmed But why is one individual selected from among a pool of presumably qualified candidates In *Strategic Selection Presidential Nomination of Supreme Court Justices* from Herbert Hoover through George W Bush Christine Nemacheck makes heavy use of presidential papers to reconstruct the politics of nominee selection from Herbert Hoover s appointment of Charles Evan Hughes in 1930 through President George W Bush s nomination of Samuel Alito in 2005 Bringing to light firsthand evidence of selection politics and of the influence of political actors such as members of Congress and presidential advisors from the initial stages of formulating a short list through the president s final selection of a nominee Nemacheck constructs a theoretical framework that allows her to assess the factors impacting a president s selection process Much work on Supreme Court nominations focuses on struggles over confirmation or is heavily based on anecdotal material and posits the idiosyncratic nature of the selection process in contrast *Strategic Selection* points to systematic patterns in judicial selection Nemacheck argues that although presidents try to maximize their ideological preferences and minimize uncertainty about nominees conduct once they are confirmed institutional factors that change over time such as divided government and the institutionalism of the presidency shape and constrain their choices By revealing the pattern of strategic action which she argues is visible from the earliest stages of the selection process Nemacheck takes us a long way toward understanding this critically important part of our political system

Confirmation Wars Benjamin Wittes, 2009 Just in time for the first Supreme Court confirmation of the Obama administration one of America's most insightful legal commentators updates the critically acclaimed Confirmation Wars Preserving Independent Courts in Angry Times to place the nomination of Judge Sonia Sotomayor in the context of the changing nature of judicial nominations by recent presidents Our system has gone from one in which people like Sotomayor or recent highly qualified nominees like John Roberts and Samuel Alito are shoe ins for confirmation to a system in which they are shoe ins for confirmation confrontations While rejecting parodies offered by both the Right and Left of the decline of the process by which the United States Senate confirms or rejects the president's nominees to the federal judiciary Wittes explains why and how this change took place He argues that the trade has been a bad one offering only the crudest check on executive appointments to the judiciary and putting nominees in the most untenable and unfair situations Published in cooperation with the Hoover Institution

The China-Pakistan Axis Andrew Small, 2020 The first book length analysis of an often secretive but mutually beneficial military and strategic partnership

Scoring Points Nancy Scherer, 2005 This book explores how the lower federal court appointment process became vastly politicized in the modern era Scherer develops a theory of elite mobilization positing that lower court appointments have

always been used by politicians for electoral purposes but because of two historic changes to American institutions in the 1950s and 1960s the breakdown of the old party system and a federal judiciary receptive to expanding individual constitutional rights politicians shifted from an appointment system dominated by patronage to a system dominated by new policy oriented appointment strategies. The use of these new strategies not only resulted in partisan warfare during the nomination and confirmation stages of the appointment process but also led to party polarized voting in the lower federal courts. Employing exclusive data of judicial decision making from the New Deal era through the present Scherer demonstrates that there was little party polarized voting in the lower federal courts until the late 1960s and that once politicians began to use elite mobilization strategies significant party polarized voting in the lower federal courts resulted. Accordingly elite mobilization strategies have affected not only politics in Washington but also the way justice is distributed across the country.
