Urbicide in Palestine Nurhan Abujidi, 2014-02-24 Exploring the way urbicide is used to un re make Palestine as well as how it is employed as a tool of spatial dispossession and control this book examines contemporary political violence and destruction in the context of colonial projects in Palestine The broader framework of the book is colonial and post urban destruction urbanism with a working hypothesis that there are links gaps and blind spots in the understanding of urbicide discourse Drawing on several examples from the Palestinian history of destruction and transformations such as Jenin Refugee Camp Hebron Old Town and Nablus Old Town a methodological framework to identify urbicidal episodes is also generated Advancing knowledge on one historical moment of the urban condition the moment of its destruction and enhancing the understanding of the Palestinian Israeli conflict from urbanistic architectonic and Urbicide

Spacio cide perspectives through the use of case studies this book will be essential reading for scholars and researchers with an interest in Urban Geography and Middle East Politics more broadly *Courtyard Housing* Brian Edwards,2006 This book demonstrates through discussions on sustainability and regional identity and via a series of case studies that the courtyard housing form has a future as well as a past *Children's Mathematical Thinking in Primary Years* Julia Anghileri,2005-05-01 This popular Continuum series intended chiefly for teachers and trainee teachers places strong emphasis on practice but at the same time incorporates the latest research in the field The book demonstrates a strong belief in the ability of children to learn and in the ability of teachers to increase children s learning potential The series authors are distinguished practitioners in their fields who write with authority but without jargon With the increasingly popular constructivist framework for learning teachers are coming to recognize the limitations of taught procedures and to find ways to encourage children to generate their own knowledge and understanding in mathematics The challenge for teachers is to promote an environment that encourages mathematical thinking in which pupils of all abilities are able to achieve their full potential This text brings together experiences of teachers and researchers who examine the ways children work mathematically in order to provide an enhanced learning environment within the classroom It also addresses key issues in current maths teaching

NON-MUSLIMS IN MAKKAH AND MADINAH (1503 - 1853) (IIUM PRESS) Spahic Omer,2024-01-04 This book investigates the accounts of six European non Muslims who managed to secretly visit the cities of Makkah and Madinah and to record their travels as well as impressions The protagonists were Ludovico di Varthema from Italy Vincent le Blanc from France Joseph Pitts from England Ali Bey el Abbassi Domenec Francese Jordi Badia i Leblich from Spain John Lewis Burckhardt from Switzerland and Richard Francis Burton from England The six men performed their feats in their capacities as adventurers explorers soldiers and spies One yet was a slave The visits spanned a period of three and a half centuries from 1503 as the time of the first visit by Ludovico di Varthema to 1853 as the time of the visit by Richard Francis Burton The period covered was perhaps one of the most dramatic periods in the history of the Hijaz region in particular and also in the history of Islam West Orient Occident relations in general The visits and the travellers accounts reveal much about challenges faced by Islamic culture and civilization in early modern times Those challenges pertained to the rise of Western civilization and its imperialistic tendencies modernization radical anti Islamic polemics the waning of Islamic civilization and Muslim schism *Ezekiel's Visionary Temple in Babylonian Context* Tova Ganzel,2021-09-07 In der Reihe Beihefte zur Zeitschrift f r die alttestamentliche Wissenschaft BZAW erscheinen Arbeiten zu s mtlichen Gebieten der alttestamentlichen Wissenschaft Im Zentrum steht die Hebr ische Bibel ihr Vor und Nachleben im antiken Judentum sowie ihre vielfache Verzweigung in die benachbarten Kulturen der altorientalischen und hellenistisch r mischen Welt Die BZAW akzeptiert Manuskriptvorschl ge die einen innovativen und signifikanten Beitrag zu Erforschung des Alten Testaments und seiner Umwelt leisten sich intensiv mit der bestehenden Forschungsliteratur auseinandersetzen stringent aufgebaut und fl ssig

geschrieben sind More than Buildings Sérgio Padrão Fernandes, João Silva Leite, Carlos Dias Coelho, 2025-02-03 More than Buildings studies the buildings typology in Portuguese cities and their relationship with the program the way in which it responds to a function the territory where it is integrated and with time and the way in which built forms evolve The book is structured around a set of key theoretical texts that highlight the potential of knowledge about typology and its specific formal characteristics in the production of new architectural objects In this sense the book has a didactic value based on the theoretical synthesis it produces which allows it to expose certain spatial and formal attributes of the typologies and thus constitute a reference for new processes of architectural production The method of analysis and decomposition of the case studies presented in each chapter provide a useful reading and interpretation key for different readers The typology should be understood as a reference in the act of designing demonstrating how to understand the elementary formal and spatial principles For the municipal authorities or other political decision makers the book will enable them to interpret the value of typology and its relevance in the production of cities This data could be useful for example in planning actions that aim at preserving or converting urban areas of architectural value The book will be relevant to readers within an academic framework and in the professional field engaged in work around architecture cities planning and conservation **The Sustainable City VIII (2 Volume Set)** S.S. Zubir, C.A. Brebbia, 2013-12-03 With majority of the Earth's people now urban dwellers and cities being the most efficient habitat for the utilisation of resources it is imperative that we continue to support standards of living and efficiencies of urban areas However the urbanisation process has not been without its problems While much has been done to address the original issues surrounding the quality of urban life new challenges continue to arise It is no longer sustainable to achieve improvements by means that require greater and greater energy consumption as we did in the past Despite their complexity however cities are a great laboratory for architects engineers and other key professionals to apply new ideas and new technology to meet our requirements for more sustainable city environments Containing papers presented at the latest in a series of conferences organised by the Wessex Institute of Technology these proceedings split in to two volumes address not just environmental architectural and engineering concerns but also quality of life security risk and heritage The diversity of topics and the case studies based on existing projects make the book an important contribution to the literature on urban planning **Kay Fisker** Martin Søberg, 2021-05-20 Kay Fisker 1893 1965 is considered one of the most influential Danish architects of the twentieth century and yet there has existed until now no in depth English language study of his works and writing Published as part of the Bloomsbury Studies in Modern Architecture series which brings to light the work of significant yet overlooked modernist architects this book examines Fisker's key projects from his early railway stations and innovative housing projects to the Danish Academy in Rome and analyses his work as a historian and writer Fisker's output is closely associated with the functional tradition a hybridization of international modernism and regional architectural typologies and this book shows how his architectural poetics can be understood as an amalgamation of

an ideal order with the contingent conditions of landscapes and urban sites Hybridization is not only a valuable notion for understanding Fisker the book argues it can also be applied to an understanding of modernist architecture as a whole with its various expressions agendas and tensions both regionally and internationally Dimensions of Social Life Paul Hockings,2011-06-01 No detailed description available for Dimensions of Social Life Modern Traditions Klaus-Peter Gast,2007-03-29 India is a lively and diverse country that in recent years has developed into one of the largest industrialized nations in the world This process is also reflected in its architecture Recent developments betray a new consciousness and the search for an Indian identity International influences are merging with traditional styles to create a unique new architectural language which also bears the stamp of Le Corbusier and Louis Kahn who worked there In its introduction the book depicts the rise of modern architecture in India since independence in 1947 The main section describes the important tendencies of contemporary Indian architecture in thematic chapters each with built examples In addition to the new younger generation of Indian architects it also considers the first post independence generation including Balkrishna Doshi and Charles Correa
