Norman Mailer Andrew Wilson, 2008 This book is a comprehensive study of the work of the American author Norman Mailer charting his response to critical events in his country's development since 1945 Focusing on Mailer's descriptions of World War II 1960s counter culture the Vietnam War the Apollo 11 mission and the execution of Gary Gilmore in Utah in 1977 the book analyses the native vernaculars in ten of his most critically acclaimed works Moving beyond politically orientated scholarship the author outlines Mailer's New York American GI Mid West and Southern styles contextualising his prose against earlier American authors including Henry Adams Ernest Hemingway and John Dos Passos and positioning his writing alongside contemporary notables such as Joan Didion William Burroughs and Truman Capote Incorporating over forty years of scholarship in the form of articles reviews and interviews this book pinpoints the American attributes in Mailer's writing with a view to identifying trends in post war American literary movements the Beat Generation New Journalism and Pop Art among others

Squaring Off William J. Weatherby, 1977 *Beautiful Bottom, Beautiful Shame* Kathryn Bond Stockton, 2006-07-19 The relationship between black queer subjects and debasement as portrayed within popular culture texts and films

The Lever of Riches Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up

a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential

Norman Mailer J. Michael Lennon, 2013-11-07 Norman Mailer was one of the most famous writers of his generation People who had never read a word that he wrote knew who he was because of his fame as a novelist or journalist or his notoriety because of his womanising his rivalries with other writers his appearances on television his political outspokenness and his prominence as a leading intellectual of his era A provocative chronicler of the second half of the twentieth century both as a journalist and a novelist works such as The Naked and the Dead and The Executioner's Song vividly define a moment in American history J Michael Lennon was authorised by Mailer to write his biography and as such has had access to family and friends and to unpublished documents and letters Norman Mailer A Double Life reflects Mailer's dual identities journalist and activist devoted family man and notorious philanderer intellectual and fighter writer and public figure Jew and atheist Whether you admired him or loathed him he was remarkable and unique His was an astonishing life

James Baldwin A. Scott Henderson, Paul Lee Thomas, 2014-05-05 The recognition and study of African American AA artists and public intellectuals often include Martin Luther King Jr and occasionally Booker T Washington W E B DuBois and Malcolm X The literary canon also adds Ralph Ellison Richard Wright Langston Hughes and others such as female writers Zora Neale Hurston Maya Angelou and Alice Walker Yet the acknowledgement of AA artists and public intellectuals tends to skew the voices and works of those included toward normalized portrayals that fit well within foundational aspects of the American myths reflected in and perpetuated by traditional schooling Further while many AA artists and public intellectuals are distorted by mainstream media public and political characterizations and the curriculum several powerful AA voices are simply omitted ignored including James Baldwin This edited volume gathers a collection of essays from a wide range of perspectives that confront Baldwin's impressive and challenging canon as well as his role as a public intellectual Contributors also explore Baldwin as a confrontational voice during his life and as an enduring call for justice

The Fire Is Upon Us Nicholas Buccola, 2020-09 Paperback reprint Originally published 2019 New Essays on Go Tell It on the Mountain Trudier Harris, 1996-03-29 A collection of critical essays on James Baldwin's Go Tell It on the Mountain *Boxing* Kasia Boddy, 2013-06-01 Throughout history potters sculptors painters poets novelists cartoonists song writers photographers and filmmakers have recorded and tried to make sense of boxing From Daniel Mendoza to Mike Tyson boxers have embodied and enacted our anxieties about race ethnicity gender and sexuality In her encyclopedic investigation of the

shifting social political and cultural resonances of this most visceral of sports Kasia Boddy throws new light on an elemental struggle for dominance whose weapons are nothing more than fists Looking afresh at everything from neoclassical sculpture to hip hop lyrics Boddy explores the ways in which the history of boxing has intersected with the history of mass media Boddy pulls no punches looking to the work of such diverse figures as Henry Fielding and Spike Lee Charlie Chaplin and Philip Roth James Joyce and Mae West Bertolt Brecht and Charles Dickens in an all encompassing study that tells us just how and why boxing has mattered so much to so many

James Baldwin's God Clarence E. Hardy, 2003 James Baldwin's relationship with black Christianity and especially his rejection of it exposes the anatomy of a religious heritage that has not been wrestled with sufficiently in black theological and religious studies In *James Baldwin's God Sex Hope and Crisis in Black Holiness Culture* Clarence Hardy demonstrates that Baldwin is important not only for the ways he is connected to black religious culture but also for the ways he chooses to disconnect himself from it Despite Baldwin's view that black religious expression harbors a sensibility that is often vengeful and that its actual content is composed of illusory promises and empty theatrics he remains captive to its energies rhythms languages and themes Baldwin is forced on occasion to acknowledge that the religious fervor he saw as an adolescent was not simply an expression of repressed sexual tension but also a sign of the irrepressible vigor and dignified humanity of black life Hardy's reading of Baldwin's texts with its goal of understanding Baldwin's attitude toward a religion that revolves around an uncaring God in the face of black suffering provides provocative reading for scholars of religion literature and history The Author Clarence Hardy is an assistant professor of religion at Dartmouth College His articles have appeared in the *Journal of Religion and Christianity and Crisis*

Intercourse Andrea Dworkin, 2009-09-14 *Intercourse* is a book that moves through the

sexed world of dominance and submission It moves in descending circles not in a straight line and as in a vortex each spiral goes down deeper Its formal model is Dante s Inferno its lyrical debt is to Rimbaud the equality it envisions is rooted in the dreams of women silent generations pioneer voices lone rebels and masses who agitated demanded cried out broke laws and even begged The begging was a substitute for retaliatory violence doing bodily harm back to those who use or injure you I want women to be done with begging The public censure of women as if we are rabid because we speak without apology about the world in which we live is a strategy of threat that usually works Men often react to women s words speaking and writing as if they were acts of violence sometimes men react to women s words with violence So we lower our voices Women whisper Women apologize Women shut up Women trivialize what we know Women shrink Women pull back Most women have experienced enough dominance from men control violence insult contempt that no threat seems empty Intercourse does not say forgive me and love me It does not say I forgive you I love you For a woman writer to thrive or arguably to survive in these current hard times forgiveness and love must be subtext No I say no Intercourse is search and assertion passion and fury and its form no less than its content deserves critical scrutiny and respect

PREFACE Intercourse (EasyRead Comfort Edition) Andrea Dworkin,2007 Black Women in the Fiction of James Baldwin Trudier Harris,1985 In James Baldwin s fiction according to Trudier Harris Black women are conceptually limited figures until their author ceases to measure them by standards of the community fundamentalist church Harris analyzes works written over a thirty year period to show how Baldwin s development of female character progresses through time Black women in the early fiction responding to their elders as well as to religious influences see their lives in terms of duty as wives mothers sisters and lovers Failure in any of these roles leads to feelings of guilt and the expectation of damnation In his later works Baldwin adopts a new point of view acknowledging complex extenuating circumstances in lieu of pronouncing moral judgement Female characters in works written at this stage eventually come to believe that the church affords no comfort Baldwin subsequently makes villains of some female churchgoers and caring women who do not attend church become his most attractive characters Still later in Baldwin s career a woman who frees herself of guilt by moving completely beyond the church attains greater contentment than almost all of her counterparts in the earlier works
