Wrenhaven,2012-05-10 Although the importance of slavery to Greek society has long been recognised most studies have primarily drawn upon representations of slaves as sources of evidence for the historical institution while there has been little

consideration of what the representations can tell us about how the Greeks perceived slaves and why Although historical reality clearly played a part in the way slaves were represented Reconstructing the Slave stresses that this was not the primary purpose of these images which reveal more about how slave owners perceived or wanted to perceive slaves than the reality of slavery Through an examination of lexical visual and literary representations of slaves the book considers how the image of the slave was used to justify reinforce and naturalize slavery in ancient Greece Robin Linnet Edward Frederic Benson,1919 The book starts with a reference to Damon and Pythias which in the Victorian age and apparently also into the first few decades of the 20th century given this book s publication date was code for same sex love Here the love that dare not speak its name but almost does as is characteristic of Benson s work is between Robin and his best buddy from Eton and then Cambridge But the bond between the two young men is completely incidental to the main plot in fact as the story progresses it turns out it is primarily about Robin s mother the rather wonderful Lady Grote and how when WW1 upsets her pleasure seeking existence and demands something more of her she manages to step up to the occasion The book has excellent characterisation and is beautifully written with witty dialogue lyrical descriptions of the natural world and an ending a tad too edifying for modern sensibilities Aleardo Zanghellini Huck Out West Robert Coover,2025-04-25 An audacious and revisionary sequel to Twain s masterpiece It is both true to the spirit of Twain and quintessentially Cooveresque Times Literary Supplement At the end of Huckleberry Finn on the eve of the Civil War Huck and Tom Sawyer decide to escape civilization and light out for the Territory In Robert Coover s vision of their Western adventures Tom decides he d rather own civilization than escape it leaving Huck dreadful lonely in a country of bandits war parties and gold In the course of his ventures Huck reunites with old friends facing hard truths and even harder choices *Beyond Words* Steven Connor,2014-02-15 In *Beyond Words* Steven Connor seeks to understand spoken human language outside words a realm that encompasses the sounds we make that bring depth meaning and confusion to communication Plunging into the connotations and uses associated with particular groups of vocal utterances the guttural the dental the fricative and the sibilant he reveals the beliefs the myths and the responses that surround the growls stutters ums ers and ahs of everyday language *Beyond Words* goes outside of linguistics and phonetics to focus on the popular conceptions of what language is rather than what it actually is or how it works From the moans and sobs of human grief to playful linguistic nonsense Connor probes the fringes and limits of human language and our definition of voice and meaning to challenge our basic assumptions about what it is to communicate and where we find meaning in language By engaging with vocal sounds and tics usually trivialized or ignored *Beyond Words* presents a startling and fascinating new way to engage with language itself **Beyond Cibola to Aztlan** Rafael Melendez,2011-03 During the early 1940s young Mateo s favorite pastime is exploring the mountains near his home He and his friends have heard the rumors about the seven mysterious cities of Cibola where the walls and streets are covered with gold and gemstones and Aztlan the ancestral homeland of the Aztec The friends intend to find the treasures buried

within the lost cities Seeking to escape the poverty in his small ranching community Mateo continues to search the mountains at every opportunity and he narrowly escapes dying there after finding what he imagines are veins of gemstones and other precious minerals He also finds a grotto with a strange obelisk and several mummy like individuals Since his best friend Modesto has moved to California Mateo confides in the village blacksmith an old man who has been there for more years than people care to remember But a greedy villager overhears their conversation and that person becomes Mateo s mortal enemy The Zoologist ,1901 **Zoologist** ,1905 *The Espresso Break* Barbara Zaragoza,2012-03 Travel to Hades and Purgatory roam the ruins like the gluttonous Romans or watch miracles happen The Espresso Break takes you into the mythical land that is the oldest city in the Western World Naples Italy and beyond Runcible Jones and the Frozen Compass Ian Irvine,2008-06-30 Over a million copies of Ian Irvine s fantasy novels sold On a freezing winter s night Lord Shambles shatters the tower where the children are learning magic Runcible Mariam and their friends run for their lives All Iltior now lies in the dreaded sorcerer s hands and as soon as he steals the children s unique magic he will attack Earth As they are hunted across Iltior Runcible realises that there is only one way to attack their enemy The children must sneak into his terrible fortress and there Runcible has to take on Shambles the greatest sorcerer in the world all by himself Praise for the Series A great book for rainy days and lazy afternoons John Cohen Reading Time A well written and exciting series Northern Daily Leader A great read Book Bites The Columbia Literary Monthly ,1901 *Petty Magic* Camille DeAngelis,2014-09-30 Evelyn Harbinger is a heck of a lot older than she looks At 149 years of age Eve can still iron out the wrinkles on a Saturday night turning heads and taking more than phone numbers as the foxy dark haired girl she used to be She and her sisters have spent the better part of their lives using their powers for only the highest good Eve herself spied for the Allies in Paris and Berlin but in their golden years the beldames are free to enjoy themselves however they please When Eve meets Justin at her favorite curiosity shop though her games are over Justin looks and acts uncannily like Jonah her partner on the most dangerous mission of her career and the great love of her life Experts in espionage Eve and Jonah gave up their one chance at happiness to advance the Allied cause and no man has measured up ever since Justin is unsuspecting but equally smitten and Eve is much too headstrong to listen to the common sense warnings of her coven Meanwhile another beldame has accused Eve s sister Helena of killing her own husband sixty years before and Eve disguised as her younger self spends more and more time with Justin to take her mind off the growing pile of evidence that suggests her sister isn t the pure hearted matriarch she appears to be Eve knows her family has every reason to disapprove and that falling in love with an ordinary man can only end in despair but she can t give up the boy who might be Jonah because this time she just might be able to keep him A delightfully romantic adventure set between a supernatural version of present day New York City and the epic backdrop of World War II Petty Magic proves that the real fun starts when beldames and mortal men dare to fall in love
