Squire Most Generous Of Men:

Squire, Most Generous of Men Patrick Howarth, 1963 A biography of J C Squire editor of the London Mercury *The Oxford Critical and Cultural History of Modernist Magazines* Peter Brooker, Andrew Thacker, 2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion *The Georgian Poetic* Myron Simon, 2023-11-15 T S Eliot in his 1961 address To Criticize the Critic admitted that his early critiques of Georgian poetry were partly motivated by a desire to defend the Modernist poetry he and his peers championed This personal insight reflects a broader pattern where critics advocating for successive waves of new poetry in the 1920s through 1940s often targeted the Georgians as symbols of outdated literary styles Figures like Day Lewis used dismissive caricatures of Georgian poets such as calling them writers of very low vitality to promote revolutionary poetic movements reducing the Georgians to mere counterexamples in Modernist polemics Over time distinctions between Edward Marsh s original Georgian circle and John Squire s Neo Georgians blurred and the widespread disdain for Georgian poetry became an unquestioned axiom However the 1950s brought a reassessment through biographies editions correspondence and histories that highlighted the Georgians pivotal role in shaping twentieth century English poetics The scholarship of Christopher Hassall and Robert H Ross corrected earlier misjudgments and provided a foundation for deeper understanding which this book aims to expand by refining their findings and exploring overlooked aspects of the Georgian poetic legacy This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship
