Tastes Of Liberty:

An Archive of Taste Lauren F. Klein, 2020-05-12 A groundbreaking synthesis of food studies archival theory and early American literature There is no eating in the archive This is not only a practical admonition to any would be researcher but also a methodological challenge in that there is no eating or at least no food preserved among the printed records of the early United States Synthesizing a range of textual artifacts with accounts both real and imagined of foods harvested dishes prepared and meals consumed An Archive of Taste reveals how a focus on eating allows us to rethink the nature and significance of aesthetics in early America as well as of its archive Lauren F Klein considers eating and early American aesthetics together reframing the philosophical work of food and its meaning for the people who prepare serve and consume it She tells the story of how eating emerged as an aesthetic activity over the course of the eighteenth century and how it subsequently transformed into a means of expressing both allegiance and resistance to the dominant Enlightenment worldview Klein offers richly layered accounts of the enslaved men and women who cooked the meals of the nation s founders and in doing so directly affected the development of our national culture from Thomas Jefferson s emancipation agreement with his enslaved chef to Malinda Russell s Domestic Cookbook the first African American authored culinary text The first book to examine the gustatory origins of aesthetic taste in early American literature An Archive of Taste shows how thinking about eating can help to tell new stories about the range of people who worked to establish a cultural foundation for the United States

Common Sense for Our Time is a book for all of us. It serves as a guide to better understand why we have such difficult problems in our country today and why these problems never seem to go away. This book gives us the tools to understand the communities, organizations, and factions that possess the power to dominate our airwaves and in many ways our lives, but more importantly, this book provides a clear recommendation on how to improve our influence over these communities through the power of the U.S. Constitution.

Making Love Paul Kelleher, 2015-07-16

In *Making Love: Sentiment and Sexuality in Eighteenth-Century British Literature*, Paul Kelleher revises the history of sexuality from the vantage point of the literary history of sentimentalism. Kelleher demonstrates how eighteenth-century British philosophers, essayists, and novelists fundamentally reconceived the relations among sentiment, sexuality, and moral virtue. It is his contention that sentimental discourse, both philosophical and literary, posited heterosexual desire as the precondition of moral feeling and conduct. The author further suggests that sentimental writers fashioned the ideal of conjugal love as an ideological antidote to the theories of self-love and self-interest found in the works of Thomas Hobbes and Bernard Mandeville. Heterosexual desire and its culmination in conjugal love, in other words, were represented as the privileged means for an individual to transcend self-love and to develop a moral sensibility attuned to the thoughts and feelings of others. At the same time, Kelleher suggests that other pleasures and desires, particularly those rooted in same-sex eroticism, were increasingly depicted as antithetical to conjugal love and thus were morally devalued and socially disenfranchised. Kelleher's argument unfolds through close readings of a variety of texts, including Shaftesbury's *Characteristics of Men, Manners, Opinions, Times*; Joseph Addison and Richard Steele's *The Tatler* and *The Spectator*; Eliza Haywood's *Love in Excess*; Samuel Richardson's *Pamela*; and Henry Fielding's *Tom Jones*. Although these texts embody diverse rhetorical strategies and thematic concerns, he shows how they collectively reinforce an overarching sentimental ideology: on the one hand, heterosexual desire and conjugal love become synonymous with sympathy, benevolence, and moral goodness, while on the other hand, same-sex desire is pathologized as a selfish withdrawal from procreation, domesticity, sociability, and ultimately, humanity itself.
