Getting the Words Right

Theodore Cheney, 2005-05-17 The Secret to Good Writing When asked by the Paris Review what compelled him to rewrite the ending of A Farewell to Arms 39 times Ernest Hemingway replied Getting the words right His answer echoes what every

successful writer knows The secret to all good writing is revision For more than twenty years Getting the Words Right has helped writers from all professions rewrite revise and refine their writing In this new edition author Theodore Cheney offers 39 targeted ways you can improve your writing including how to create smooth transitions between paragraphs correct the invisible faults of inconsistency incoherence and imbalance overcome problems of shifting point of view and style express your ideas clearly by trimming away weak or extra words You ll strengthen existing pieces and every future work by applying the three simple principles reduce rearrange and reword Once the secrets of revision are yours you ll be able to follow Hemingway s lead and get the words right Sentiment, Reason, and Law Jeffrey T. Martin, 2019-10-15 What if the job of police was to cultivate the political will of a community to live with itself rather than enforce law keep order or fight crime In Sentiment Reason and Law Jeffrey T Martin describes a world where that is the case The Republic of China on Taiwan spent nearly four decades as a single party state under dictatorial rule 1949 1987 before transitioning to liberal democracy Here Martin describes the social life of a neighborhood police station during the first rotation in executive power following the democratic transition He shows an apparent paradox of how a strong democratic order was built on a foundation of weak police powers and demonstrates how that was made possible by the continuity of an illiberal idea of policing His conclusion from this paradox is that the purpose of the police was to cultivate the political will of the community rather than enforce laws and keep order As Sentiment Reason and Law shows the police force in Taiwan exists as an anthropological fact bringing an order of reality that is always simultaneously and inseparably meaningful and material Martin unveils the power of this fact demonstrating how the politics of sentiment that took shape under autocratic rule continued to operate in everyday policing in the early phase of the democratic transformation even as a more democratic mode of public reason and the ultimate power of legal right were becoming more significant Basic Law J.
