Tchadlibye La Querelle Des Frontieres:

Tchad-Libye, la querelle des frontières Bernard Lanne, 1986 **Libya's Foreign Policy In North Africa** Mary-jane Deeb, 2019-03-13 Since 1969 when Colonel Mu ammar al Qadhdhafi came to power through a military coup Libya has been the focus of a great deal of attention Its experiments with nation building have been viewed with curiosity and its foreign policy with dismay by Western analysts Much has been written to explain Libya s international and domestic behavior but des

The African Stakes of the Congo War J. Clark, 2002-09-13 The African Stakes in the Congo War analyzes the Congo conflict by looking at the roles played by various states and factors in the conflict Part I introduces the conflict by showing the historical and regional context of the war Part II examines those states and groups that worked to support the Kaliba regime Part III examines the rebel groups working to overthrow Kabila and those intervening on their behalf Part IV looks at the role of supposedly neutral states such as South Africa and looks at the social and economic effects of the war by examining trans state factors such as rebel groups arms trading and economic consequences The collection includes both African and US UK scholars and covers the recent transfer of power from Laurent to Joseph Kabila , Libya and the United States, Two Centuries of Strife Ronald Bruce St John, 2013-03-26 Diplomatic relations between the United States and Libya have rarely followed a smooth path Washington has repeatedly tried and failed to mediate lasting solutions to prevent recurrent crises and to secure its own national interests in a region of increasing importance to the United States Libya and the United States Two Centuries of Strife provides a unique and up to date analysis of U S Libyan relations assessing within the framework of conventional historical narrative the interaction of the governments and peoples of Libya and the United States over the past two centuries Drawing on a wide range of new and unfamiliar material Ronald Bruce St John an expert with over thirty years of experience in international relations charts the instances of ignorance misunderstanding treachery and suffering on both sides that have shaped and limited commercial and diplomatic intercourse St John argues that Cold War strategies resulted in a paradoxical and ambiguous U S policy toward Libya during the Idris regime of the 1960s strategies that contributed to the bankruptcy of that monarchy Following the Libyan revolution the U S wrongly believed Qaddafi would become an ally in support of U S policy to keep Soviet influence and communism out of the region his failure to do so marked the beginning of an era of political tension and mutual distrust Libya and the United States Two Centuries of Strife documents how long standing policy differences over the Palestinian issue and such terrorist acts as the destruction of the U S embassy in Tripoli and the Pan Am explosion over Lockerbie in 1988 resulted in a sharp deterioration of relations St John contends that the ensuing demonization of Libya and the U S policy of confrontation which has spanned successive administrations in Washington have ironically often not served American interests in the region but rather have facilitated Qaddafi s survival *Historical Dictionary of Chad* Mario J. Azevedo, Samuel Decalo, 2018-08-15 Having achieved its independence from France in 1960 Chad has run into a serious crises of national building which have continued to haunt it to

the present day making it one of the poorest and most politically unstable countries on the globe Chad is a country with sharp geographic and climatic contrasts that puzzle and fascinate the visitor displaying first a monotonous but majestic portion of the Saharan Desert in the north punctuated by plains and high altitudes displayed by the Tibesti mountains where the highest point Emi Koussi reaches 11 204 ft the middle Central Sahelian zone where pastoral transhumance lifestyle predominates but where and nut cultivation and harvesting is possible and an endowed southern tropical zone where the forest and the savanna meet blessed by several long running rivers most notably the Logone and the Chari that empty their waters into centuries old Lake Chad Even though things in Chad seem to have improved during the past 10 years most observers agree that the path to peace reconstruction and economic progress is still long and arduous This fourth edition of Historical Dictionary of Chad contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Chad

The Making of a Pariah State Martin Sicker, 1987-03-04 The Making of a Pariah State takes the reader behind the flamboyance and apparent irrationality of Libyan leader Muammar Qaddafi to expose his attempt to impose national cohesion on the Arab Muslim and Third World elements under his leadership Addressed to the general reader interested in foreign affairs this timely and unique book provides a coherent framework for understanding why Libya is involved in international terrorism and the danger Qaddafi poses to the Third World and the West

A State in Disarray Michael P. Kelley, 2019-04-17 Although independent since

1960 Chad has proved to be one of the least viable African states Sustained politically and financially by other countries from the outset Chad s internal warfare has made it the prey of external powers Yet Chad has survived an integral element of the Organization of African Unity s Pax Africana and of a peaceful trans Saharan Africa Its jeopardized survival is a shaky testimony to the continuing validity of the African continent s colonial based states system underwritten by the OAU and the UN and at the same time it provides a striking example of the cumulative effects of Africa s post independence problems Examining the state s internal weakness and the degree and nature of its foreign involvements the author focuses on Chad s continuing dilemma The outside support so crucial for viability is the very thing that undermines its international standing The roles of Libya France the United States the UN the OAU and the trans Saharan regional subsystem are also analyzed as the author illuminates the quandary of supporting the state without aggravating its conflicts
