A. J. Korthagen, Fred A. J. Korthagen, 1995 Teachers Who Teach Teachers is a major contribution to an emerging literature in which teacher educators are beginning to explore the new challenges facing those who care about the quality of teaching in schools and in teacher education programmes In this volume the contributors consider the personal development of both new and experienced teacher educators illustrating just how strongly teacher educators are influenced by their visions and by the challenge to prove themselves in the university setting They look at ways in which teacher educators have acted to promote their own professional development and study their own practices including writing as a tool for reflection Finally the contributors take a broader look at the professional development of teacher educators and the challenge to all teacher educators to consider the tension between rigour and relevance Lord, Teach Us To Pray (Treatise On Prayer) Andrew Murray, 2020-12-17 Lord Teach Us to Pray is a treatise on prayer written by South African teacher and Christian pastor Andrew Murray The book is loaded with timeless lessons on prayer and can be looked a devotional meditation on the nature of prayer **Teach Me to Teach** Dorothy G. the first months only Mrs Curran and Mrs Hutchings sat but gradually the circle widened and others assisted Mrs Curran Sometimes as many as five or six would sit with her in the course of an evening Mr Curran has acted as amanuensis and recorded the communications at most of the sittings Mrs Curran's mother Mrs Mary E Pollard occasionally taking his place The ouija board is a rectangular piece of wood about 16 inches wide by 24 inches in length and half an inch thick Upon it the letters of the alphabet are arranged in two concentric arcs with the ten numerals below and the words Yes and No at the upper corners The planchette or pointer is a thin heart shaped piece of wood provided with three legs upon which it moves about upon the board its point indicating the letters of the words it is spelling Two persons are necessary for its operation They place the tips of their fingers lightly upon the pointer and wait Perhaps it moves perhaps it does not Sometimes it moves aimlessly about the board spelling nothing sometimes it spells words but is unable to form a sentence but often it responds readily enough to the impulses which control it and even answers questions intelligibly occasionally in a way that excites the wonder and even the awe of those about it Its powers have been attributed by some to supernatural influence by others to subconsciousness but science has looked upon it with disdain as until recent years science has looked upon nearly all unprecedented phenomena Mr W T Carrington an eminent English investigator of psychical phenomena in an exhaustive work upon the subject has this to say of the ouija board Granting for the sake of argument that the board is moved by the sitter either consciously or unconsciously the great and vital question still remains What is the intelligence behind the board that directs the phenomena Whoever sets out to give a final and decisive answer to this question in the present state of our knowledge will have his task cut out for him and I wish him happiness in the undertaking Personally I am attempting nothing of the kind
