The Effective Primary School Classroom covers all the issues teachers are faced with in their day to day work and includes chapters on managing time and space teaching and learning working in groups evaluation and record keeping classroom management working with support staff working with parents. In addition there is discussion of ways of organising learning to help children acquire the learning set out in the National Curriculum. The study looks at aspects of continuity in the curriculum teacher professionalism and pupil perceptions which have emerged in the analysis of data from the project.
