Ashby, 1972 *Essays in Psychical Research* William James, 1986 The more than 50 articles essays and reviews collected here for the first time were published by James over a span of some 25 years The record of a sustained interest in phenomena of a highly controversial nature they make it amply clear that James's work in psychical research was not an eccentric hobby but a serious and sympathetic concern National Library of Medicine Current Catalog National Library of Medicine (U.S.), 1973 First multi year cumulation covers six years 1965-70 The Encyclopedia of Parapsychology Courtney M. Block, 2022-09-14 Superbly organized and researched this book by Block provides a comprehensive presentation about parapsychology Library Journal Starred Review The Encyclopedia of Parapsychology covers the history of parapsychology key international figures and a decade by decade annotated bibliography of research It includes find information on early psychical researchers from around the globe and how the work of those psychical researchers inspired the creation of the modern field of parapsychology Alongside biographical entries about key figures are sketches of those at the center of psychical inquiry like mediums and others who seemingly have the ability to manifest strange phenomena The Encyclopedia covers the Spiritualism era which influenced early psychical inquiry and how it influenced psychical thought around the globe More contemporary coverage includes biographical entries for current international researchers who continue to investigate the depths of psi phenomena In order to provide comprehensive coverage of historical and modern research into psi phenomena the Encyclopedia features a decade by decade bibliography of resources that highlight the shifting theories and experiments of the field starting from the 1870s and going through the 2020s This section includes a wide variety of research into topics such as psychokinesis hauntings poltergeists also known as recurrent spontaneous psychokinesis near death experiences extrasensory perception remote viewing and much more Appendices provide information on international parapsychological research organizations and a quick start research guide With information on key figures and research on an international scale The Encyclopedia of Parapsychology provides an approachable yet comprehensive compendium of information **The Parapsychology Revolution** Robert M. Schoch, Logan Yonavjak, 2008-01-31 Grounded in both scientific acumen and constructive inquiry this anthology shines a rare clarifying light on the controversial realms of psychical and paranormal research surveying reports essays and arguments from more than a century of investigation into matters such as clairvoyance telepathy and past life regression In the past one hundred and twenty five years despite a relative paucity of funding and the troubling persistence of fraud serious inquiry into the paranormal particularly as it relates to clairvoyance and psychical perception has successfully entered the scientific age Studies in the modern laboratory employing rigorous methodology and peer reviewed oversight have conclusively detected statistical anomalies that suggest the presence of some not yet understood faculty of the

human mind In *The Parapsychology Revolution* Robert M Schoch Ph D a scholar widely known for his geological theories that question the conventional dating of the Great Sphinx and researcher Logan Yonavjak introduce and anthologize core writings that underscore the range and continuing challenges of psychical research The book s extensive introduction and the editors commentary on individual essays and sections highlight milestones feuds and key players that mark the nascent history of this fascinating and important field of research Finally *The Parapsychology Revolution* addresses and clarifies the all important question Is there legitimate evidence for a world beyond the ordinary [Morphic Resonance](#) Rupert Sheldrake,2009-09-09 In this updated edition of *A New Science of Life* Rupert Sheldrake presents further evidence for his controversial theory of morphic resonance the observation that past behavior influences present organisms unconfined by time and space **Everybody's Guide to Natural ESP** Ingo Swann,2018-09-02 In this milestone book Ingo Swann guides the reader through revolutionary techniques he developed and tested in thousands of experiments with startling results for tapping ESP potential His exciting new concepts of mind mound mind manifestation and the ESP core help readers demystify ESP and link this important inner reality to what is already known about dreams memory quantum physics and human creativity Swann shows how to become more receptive to the deeper self and make contact with the hidden reality in which ESP operates **Researching the Paranormal** Courtney M. Block,2020-06-28 The paranormal has long been a hotly contested topic especially in academia Most people are entertained by the paranormal or casually read a few books they come across on the topic perhaps assuming that these topics are nothing more than campfire fodder Of course there s nothing wrong with being entertained by the paranormal but how many people know that there is a long history of academic scientific and credible research into topics such as extrasensory perception hauntings poltergeists cryptozoological sightings near death experiences and more In *Researching the Paranormal* Courtney M Block provides an overview of paranormal research and introduces readers to an assortment of resources that seriously examine various paranormal topics She shows readers how to think critically about paranormal sources and how to apply the components of credibility when conducting their own paranormal investigations Highlighting the long history of serious academic inquiry into various paranormal topics Block provides citations to primary source documents journal articles helpful databases encyclopedias dictionaries and books In addition she provides a historical overview of various paranormal phenomena such as parapsychology cryptozoology ufology divination ghosts hauntings and more **Psychic Exploration** Edgar D. Mitchell,2011-07-01 *Psychic Exploration A Challenge for Science* is a primer on psychic research life s purpose and the meaning of the universe Originally published in 1974 this landmark anthology of nearly thirty chapters on every area of psychic research is finally available again Edgar D Mitchell Apollo 14 astronaut and moonwalker as well as a distinguished researcher of the study of human consciousness brought together eminent scientists to write about issues once considered too controversial to discuss This book includes fascinating chapters on the history of parapsychology telepathy hauntings psychic phenomena and consciousness along with

an extensive glossary and index This timeless anthology continues to be appealing as a reference work for those curious about the history of parapsychology fans of the world of psi and readers interested in the meaning of the universe Contributors include Willis W Harman Jean Houston Stanley Krippner Robert Masters William G Roll Russell Targ Charles T Tart Montague Ullman and many more **Journal of the Society for Psychical Research** Society for Psychical Research (Great Britain),1982 **Library of Congress Catalog** Library of Congress,1973 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress catalogue Entries for Maps and atlases were issued separately 1953 1955 *AETS Yearbook* ,1979 *700 Conscientiology Experiments* Waldo Vieira,2018-08-22 A reference work on conscientiology this treatise with more than 5 000 entries in the bibliography first published in Portuguese in 1994 presents the reader with the bases of the neuroscience conscientiology The author proposes 300 tests for self application dealing with topics of great relevance such as assistance the theory of thosene thought sentiment and energy and the theories of inversion and existential recycling among others The work presents conscientiology as the science applied to the study of consciousness ego personality in an integral approach with all its vehicles of manifestation bodies previous existences and attributes The content being deepened and presented in a theoretical and practical way so a reader understands the importance of this knowledge to their life The science of conscientiology utilizes the best of the main lines of human knowledge common sense religion philosophy political ideology and conventional science and is based on multidimensional self experience having consciousness as both the instrument and object of research

Parapsychology Today Rhea A. White,2016-05-01 This essay chapter 8 of *Psychic Exploration* surveys the area of research and resources in parapsychology today The full volume of *Psychic Exploration* can be purchased as an ebook or paperback version from all major online retailers and at cosimobooks.com **Extra-Sensory Powers** Alfred Douglas,1982-12 **Dark Cognition** David Vernon,2020-10-01 Winner of the Parapsychological Association Book Award 2021 Outlining the scientific evidence behind psi research *Dark Cognition* expertly reveals that such anomalous phenomena clearly exist highlighting that the prevailing view of consciousness purely as a phenomenon of the brain fails to account for the empirical findings David Vernon provides essential coverage of information and evidence for a variety of anomalous psi phenomena calling for a paradigm shift in how we view consciousness from seeing it as something solely reliant on the brain to something that is enigmatic fundamental and all pervasive The book examines the nature of psi research showing that despite claims to the contrary it is clearly a scientific endeavour It explores evidence from telepathy and scopaesthesia clairvoyance and remote viewing precognition psychokinesis fields of consciousness energy healing out of body experiences near death experiences and post death phenomena showing that not only do these phenomena exist but that they have significant implications for our understanding of consciousness Featuring discussion on scientific research methods reflections on the fields of dark cognition and end of chapter questions that encourage critical thinking this book is an

essential text for those interested in parapsychology consciousness and cognitive psychology **American Book**
