Swan Song Mali Berger,2011-05-23 Swan Song The Great Magical Unknowing Elegance emerged from a desire to write an inside story an autobiography of the dream muse and odd vision that never quite lets go of our memory These inner senses from childhood to old age wanted a book in fact demanded one I recalled a story about an old wisdom woman in Ireland who each morning chose one of her lifetime journals let it fall open to any page and then spent her rocking chair days remembering that single day out of her years Climbing a ladder I pulled down twenty five years of dated journals stacked them on a wooden table and proceeded to draw out memorable events that I used for Book One of Swan Song created in New York City It was becoming a novel with actual events that I had lived However something totally mysterious occurred I began to experience the strangest dreams of my life Several times a week I would find myself in Medieval Galway Ireland in a poor tenement or slum in the loft of Brian I was telling him that he and his love must leave because bad times were coming Brian saw me wasnt afraid believed my words and made plans for himself and his love Daniela to immigrate to New York I dont want to tell readers anything else about the dreams or how they took over the novel and my life as I flew from JFK to Galway to dream the story on location I have known for a long time that the inner senses control our outer physical life Not the other way around We are taught that what happens during our awake days may become dreams Wrong Our dreams come first and regulate our physical days Many years ago I read a few of Jane Roberts Seth books Now in the midst of Swan Song his ideas flowered again Thus the autobiography fiction and research novel took on a whole new life and my inside story truly became The Great Magical Unknowing Elegance

The Magic of Éliphas Lévi Éliphas Lévi,2023-11-23 In The Magic of liphas L vi the renowned 19th century occultist mystic and author liphas L vi offers a profound exploration of the intersections between magic symbolism and esotericism Richly woven with philosophical insight and vivid imagery the text is a seminal contribution to the understanding of modern magical practices framed within the historical context of the Romantic movement s fascination with the arcane L vi s unique literary style marked by a blend of scholarly rigor and poetic flair invites readers into a realm where the metaphysical and the material converge thereby illuminating the deeper truths hidden behind esoteric traditions and their correspondence with the natural world liphas L vi born Alphonse Louis Constant was deeply influenced by a diverse array of intellectual currents from the Enlightenment s rationalism to the burgeoning spirit of Romanticism His extensive studies in the realms of ancient history philosophy and religion coupled with his own spiritual quest shaped his perspective on the nature of magic as a transformative force L vi s background as a priest and later a defrocked cleric enriched his understanding of the sacred and the profane deeply informing his approach to the occult The Magic of liphas L vi is highly recommended for anyone curious about the esoteric arts and the philosophical underpinnings of magic It serves as both an essential reference for scholars and

an intriguing gateway for newcomers making it a timeless resource for those seeking to understand the intricate web of symbolism and spirituality that informs the practice of magic *Trophy Hunting* Nikolaj Bichel, Adam Hart, 2023-04-11 This book gets to the heart of trophy hunting unpacking and explaining its multiple facets and controversies and exploring why it divides environmentalists the hunting community and the public Bichel and Hart provide the first interdisciplinary and comprehensive approach to the study of trophy hunting investigating the history of trophy hunting and delving into the background identity and motivation of trophy hunters They also explore the role of social media and anthropomorphism in shaping trophy hunting discourse as well as the viability of trophy hunting as a wildlife management tool the ideals of fair chase and sportsmanship and what hunting trophies are both literally and in terms of their symbolic value to hunters and non hunters The analyses and discussions are underpinned by a consideration of the complex moral and practical conflicts between animal rights and conservation paradigms This book appeals to scholars in environmental philosophy conservation and environmental studies as well as hunters hunting opponents wildlife management practitioners and policymakers and anyone with a broad interest in human wildlife relations **An Eagle in the Airing Cupboard** Rex Harper, 2012-03-15 AN EAGLE IN THE AIRING CUPBOARD picks up where Rex Harpers first book AN OTTER ON THE AGA left off It follows the fortunes of the Cornish RSPCA centre through one of its most testing twelve months Once more it is a mixture of funny touching and sometimes moving animal stories And once more it features a cast of unforgettable characters like Alfie and Blue two hideously mistreated greyhounds that are rehabilitated at the farm as well as the return of old favourites from Rex s first book including his loyal dog Moss Throughout Rex evokes the sights smells sounds and spirit of the Cornish countryside in all its timeless beauty He also encounters sickening cases of animal cruelty committed by humans unfit to care for any living thing Funny warm and evocative it is a book that is once more set to melt and occasionally break the hearts of animal lovers everywhere *Swans of the World* Alice L. Price, 1994 Fully illustrated with swans of legend art nature and the imagination Swans of the World is a treasury and a treasure as well *Come into the Light* Tony Scully, 2020-09-03 Tony Scully s poems in *Come into the Light* offer an outspoken conversation with the Gospels arguably the most transformative teaching in our known history The wisdom of the great masters among us Jesus the Buddha and Mohammed speak of universal compassion love and forgiveness Jesus preaches that one will find God not in invoking what amounts to an anthropomorphic idol but in searching one s own heart as in his fundamental teaching the kingdom of God is within you Luke 17:21 Tony Scully s poems address Jesus the central figure of the Gospels with questioning irreverence and occasional confrontation In his view many of the stories even that of the resurrection itself hinge on miracles reflecting earlier religions that expected gods to cure illnesses raise the dead and even to walk on water rather than on the powers of compassion love and forgiveness that characterize Jesus In the author s view the heart of Jesus is proof enough of his transcendence
