The Marines:

The Marines of Montford Point (EasyRead Large Bold Edition) Melton Alonza McLaurin, 2007 The Marines Anthony Edgeworth, John De St. Jorre, 2004-03 The Marines a unique collaboration between photographer Anthony Edgeworth and writer John de St Jorre is a candid look at who the U S Marines are what they do and how they do it The Marines in World War II Michael E. Haskew, 2016-12-06 2016 will mark the 75th anniversary of the attack on Pearl Harbor that pushed the United States into World War II and sent thousands of US Marines to fight and die on tiny islands half a world away Today Iwo Jima Okinawa and Tarawa are household names that hold legendary status on the Marines roll of honor But in 1941 the Marine Corps was a small expeditionary force with outdated equipment and an unproven new mission amphibious assault Michael E Haskew s The Marines in World War II charts the rapid development of this famous fighting force from two brigades totaling fewer than 20 000 servicemen to two full corps with six divisions five air wings 21 battalions and as many as 475 000 Marines In addition to chronicling the hard fought battles at places like Midway Guadalcanal and Guam the book also addresses the important role played by Navajo code talkers during combat as well as the changes that took place within the Marines during the war such as the admission of its first black members and the gradual desegregation of the Corps

The Marines Edwin H Simmons, Semper Fidelis always faithful is much more than a motto to the U S Marine Corps it is a way of life Since 1775 the Marines success as an elite fighting force has been due to their strong code of character and esprit de corps the spirit of devotion to the Corps and to their fellow Marines Now for the first time the spirit and essence of the Marine Corps is celebrated in a definitive magnificently illustrated book Written by an outstanding team including past and present Commandants of the Marine Corps as well as other distinguished Marines and Marine scholars The Marines has 320 pages of riveting and informative text and stories of the Corps experience from the history and future of the Corps to the uniforms weaponry amphibious landing craft and aviation to the Marine Band the Commandants and even Hollywood s portrayal of the Marines The thoughtful incorporation of full color and vintage photography portraits recruiting posters historically inspired paintings and maps complements the text while adding the excitement that only spectacular illustrations can bring to a book The Marines enables the history of the Corps to be cherished permanently in a handsome packaged that every Marine will be proud to own and display This book will be read again and again by past and present Marines their families and friends and the countless others that have been inspired by the Marine Corps Brigadier General Edwin H Simmons USMC Ret a veteran of World War II Korea and Vietnam has commanded in combat every size unit from platoon to division and received the Silver Star and the Purple Heart For twenty five years he was the head of the Marine Corps Historical Program and is now its Director Emeritus He is a founder of the Marine Corps Heritage Foundation and a recipient of its Distinguished Service Medal He has written or books published more than three hundred articles essays and reviews and lectured around the world **The Marines of Montford Point (Volume 2 of 2) (EasyRead Super Large**

24pt Edition) , Here Come the Marines Billy Godfrey,2009-08-05 This is a personal first person account of a very colorful and active man He recalls in strikingly vivid detail experiences of childhood and being drafted into the Marine Corps during World War II He has always loved to laugh and the reader will be able to enjoy his humorous adventures

The Marines at Twentynine Palms Thomas Q. O'Hara,2007 The largest Marine Corps base in history the Marine Air Ground Task Force Training Center at Twentynine Palms is located on 930 square miles of harsh terrain nearly the size of Rhode Island in southern San Bernardino County An army base for training glider pilots at the outset of World War II the former navy facility was taken over by the corps in 1952 during the Korean War and the advent of the cold war The base provided adequate space and ranges to test new artillery and missile technology and was ideal for the largescale training of ground forces In the 21st century every U S Marine does a stint at Twentynine Palms because the climate terrain and remote location simulate many international hot spots of world strife The marines have continually upgraded and expanded the Twentynine Palms facilities as daily maneuvers involve transports tanks artillery and aircraft particularly at the Expeditionary Air Field

Underdogs Aaron B. O'Connell,2012-10-29 Exploring the growth of the Marines from disadvantaged to elite force this history offers an excellent analysis of how the marines became the Marines Publishers Weekly The Marine Corps has always considered itself a breed apart This undying faith in its own exceptionalism is what has made the Marines one of the sharpest swiftest tools of American military power Aaron O Connell focuses on the period from World War II to Vietnam when the Marine Corps transformed itself from America s least respected to its most elite armed force Venerating sacrifice and suffering privileging the collective over the individual Corps culture was saturated with romantic and religious overtones that had enormous marketing potential in a postwar America energized by new global responsibilities Capitalizing on this the Marines curried the favor of the nation s best reporters befriended publishers courted Hollywood and Congress and built a public relations infrastructure that would eventually brand it as the most prestigious military service in America But as O Connell suggests the Corps triumphs did not come without costs including a culture of violence that sometimes spread beyond the battlefield A significant and original contribution to both the military history of the Cold War and the ongoing conversation about the militarization of American culture Beth Bailey author of America s Army Making the All Volunteer Force Takes readers inside the culture of the Corps Nathaniel Fick author of One Bullet Away The Making of a Marine Officer Insightful Library Journal A powerful account of the relationship between fighting war and preserving peace viewed through the lens of the stories that built support for both Kirkus Reviews Absorbing The Wall Street Journal

My Four Years in the Marines Frank John Verkest,2010-01-12 Frank Verkest born in 1917 father of three grandfather of eight and great grandfather of thirteen resides in Buckhead Ridge Florida just southwest of the city of Okeechobee Frank is known for his great love of God and family In 1936 after graduating from High School in Antioch Illinois knowing his family had no money for him to pursue an education he joined the Marine Corps whose motto was Join the

Marines and get an education His last duty in the Marine Corps introduced him to Marcie thus beginning the sixty nine year love story of our dad and mom When we found his handwritten memoirs of his tour of duty in the Marine Corps 1936 1940 we felt this great treasure needed to be bound and preserved for our family and future generations With gratitude we lovingly dedicate this book and prayer to our father and mother Frank and Marcie Joyce Jerry and Russell The following is Dad s Prayer composed by Dad and offered daily for many years We do thank you Lord for the many blessings that you have given us And we pray that you continue to watch over us and our families with good health and safety And for our friends and relation that have serious problems please guide them through their problems We ask this in the name of Jesus Amen

Marshalling the Faithful Charles Henderson, 2006-06-27 With the explosive firepower of his military classics Marine Sniper and Silent Warrior Charles Henderson gives a startlingly realistic account of the Marines hellish introduction to a new kind of warfare in Vietnam and the raw truth about how it produced a new kind of American soldier In 1965 the U S Marines landed in Vietnam It was supposed to be just another deployment America was going to do what the French before them could not clean up that dirty little brush war in South Vietnam But new to the front lines the Marines were experiencing the smoke and bloodshed of war for the first time That year the war s carnage became frighteningly real to television audiences back home but the Marines were already displaying the fighting courage of experienced heroes They had quickly learned the first rule of combat Kill or be killed
