Spontaneous Fulfillment Of Desire Harnessing The Infinite Power Of Coincidence:

The Spontaneous Fulfillment of Desire Deepak Chopra, M.D.,2004-08-12 As elegant as his bestselling How to Know God and as practical as his phenomenal The Seven Spiritual Laws of Success this groundbreaking new book from Deepak Chopra contains a dramatic premise Not only are everyday coincidences meaningful they actually provide us with glimpses of the field of infinite possibilities that lies at the heart of all things By gaining access to this wellspring of creation we can literally rewrite our destinies in any way we wish From this realm of pure potential we are connected to everything that exists and everything that is yet to come Coincidences can then be recognized as containing precious clues about particular facets of our lives that require our attention As you become more aware of coincidences and their meanings you begin to connect more and more with the underlying field of infinite possibilities This is when the magic begins This is when you achieve the spontaneous fulfillment of desire At a time when world events may leave us feeling especially insignificant and vulnerable Deepak Chopra restores our awareness of the awesome powers within us And through specific principles and exercises he provides the tools with which to create the magnificent miraculous life that is our birthright

Rhythm Alchemy Martin Ivanov,2014-08-18 According to Socrates humans have nothing more to learn because we already know everything we need to know We have simply forgotten it A true teacher is one who can help us to remember forgotten knowledge The great Michelangelo perceived his unique creations in rough and uncultured stone blocks He said that to see the finished sculpture one only needs to eliminate the unnecessary particles and debris Just like these stone blocks we all possess hidden and forgotten wisdom To live our true nature we need to separate ourselves from our limited beliefs and understandings This is the very essence of the book you have in your hands Rhythm Alchemy is full of insights from ancient times and from our deepest self The book synthesizes the ancient knowledge of numbers the heartbeat the rhythm of breathing and our personal situation within the bigger universal vibrations as well as our interactions with people and nature around us Rhythm Alchemy offers invaluable knowledge about ourselves and the unique harmony between the human being his or her inner world his or her rhythm and the surrounding reality We may not realize how often we use musical terms like rhythm melody and harmony to refer to things which happen to us in our daily lives the rhythm of our heart how our feelings soar in space the melody of our personal inner voice trying to interweave with the harmony of other voices around us We are constantly seeking and wanting to write the composition of our happiness When we compose this work even though we tirelessly seek inspiration from outside us our score often stays blank This is because we do not pay sufficient attention to the true inspiration which lies within us In order to reach this inspiration we need to rebuild the bridges linking us to the roots of our true nature rhythm When we begin the intimate dance with the vibrations of our existence and begin to experience the real flavor of each wave which colors our emotions then we will attain the creative power of the composer expressed in what we call happiness Martin Ivanov s book Rhythm Alchemy provides us with the spiritual and physical parameters of our cosmic score It will guide us to our place in the composition and provide us with the ideas and knowledge we need to participate fully in both how to compose our life and fulfill our innermost dreams
