Packers by the Numbers John Maxymuk, 2003 Numbers conjure up vivid memories in sports If you say 3 most sports fans would think of Babe Ruth Green Bay Packer fans would remember Tony Canadeo If you say 75 most football fans would think of Mean Joe Green but Packer fans would recall Forrest Gregg This unique book features 99 chapters one keyed to each uniform number The history of each number provides a different slice of Packer history representing a thematic rather than chronological approach to Green Bay's rich heritage There is no other book like this that reviews a team history by its uniform numbers A refreshing take on a most popular team The Publishers Weekly, 2006

The 1958 Baltimore Colts George Bozeka, 2018-06-26 The 1958 Baltimore Colts were one of the greatest teams ever in professional football Owned by the controversial Carroll Rosenbloom and led by head coach Weeb Ewbank and six future Hall of Fame players Johnny Unitas Raymond Berry Lenny Moore Jim Parker Art Donovan and Gino Marchetti they won the NFL title that season defeating the New York Giants in the first sudden death championship game in NFL history The Colts laid the foundation for the ultra popular spectacle football would become with the American public They were a talented group of players Many had been rejected or underappreciated at various points in their careers though they were loved and respected by the blue collar fans of Baltimore This book tells the complete story of the 58 Colts and the city's love affair with the team

Right on the Numbers Nino Frostino, 2004 The basic subject of the book is to justify which athlete was the Greatest to ever wear a particular number In my research I listed all of the possible uniform numbers 0 to 99 took the finest athletes from the four major sports baseball basketball football and hockey and slotted them under their appropriate uniform number For each player I created a mini biography detailing their finest exploits on the field whether it was All Star nods championships won records held on field highlights etc Basically I created a case for that athlete to be considered the best to ever wear the number Among the possible uniform numbers I've listed nearly 850 athletes for consideration and provided the accompanying biography At the end of each section I form a debate as to the Greatest to ever wear the number and then make a selection After the selection is posted I then list some quotes made by or about the athlete for the reader to gain even more insight into the player Even if the reader is not overly concerned about the choice as to the Greatest under each uniform number the book also serves as a wonderful reference guide If the reader is interested in finding out more about any of the listed athletes it's easy to look up the player and find out who he played for and what he did between the white lines In either case Right On the Numbers serves multiple uses and is a must have for any true sports fan
