Sprachmuhlen Spurensuchen

M Mosston

Sprachmuhlen Spurensuchen:

Sprachmühlen, Spurensuchen Albrecht Classen, 2002 Classen's German poems serve as sensitive tools to reach out toward the other dimension of our being and sensitize the reader for the transcendental and yet concrete communication between self and other. The musicality of the objective world and its inner voices are here given a poetic forum. **German Literature Between Faiths** Peter Meister, 2004 Religion is a central concern of German literature in all centuries and the canon looks different when this perspective is acknowledged. For example Goethe's fascination with evil is difficult to disentangle from the Holocaust. Moses Mendelssohn is as profound as the playwright who portrayed him and Princess Sabbath deserves to be numbered among Heine's more enchanting lyrics. This essay collection posits and tests the hypothesis that German literature at its best is often an expression or investigation of Judaism or Christianity at their best but that the best German literature is not always the best known and vice versa. Asking whether the New Testament is anti-Jewish and answering in the negative, essayists range through the German centuries from The Heliand to Kafka and Thomas Mann.
