Your Sun Sign as a Spiritual Guide Swami Kriyananda,2013-10-07 What sets this book apart from other astrology titles is Kriyananda s focus on the spiritual potential of each sun sign rather than focusing mainly on the karmic limitations It is so common to hear generalizations such as Leo is proud and Taurus is stubborn In his book Kriyananda shows how with awareness attention and will one can cultivate the higher potential of his sign leading to greater fulfillment and success Leo can shine as a channel of light and creativity without pride if he remembers that Spirit not ego is the doer Taurus can be the essence of loyalty and perseverance without being stubborn if he develops an inner fixity of purpose while practicing an outward flexibility In other words the horoscope shows karmic patterns of energy We can learn to work with these energies and develop their more refined higher octaves which will then magnetize new possibilities into our lives The fundamental point is that the horoscope shows one s karmic energy situation but not who he really is the spiritual Self within Kriyananda s approach is to encourage and inspire one s Self to awaken and to express itself through the sun sign Within each of us is vast potential to be awakened Your Sun Sign as a Spiritual Guide is a beautifully inspiring book that will open doors and encourage one in this direction This book also guides the seeker to an understanding of the subtle aspects of the spiritual path as it manifests for him through his particular sun sign Yogic understanding is rich and often runs counter to prevailing thought So too with astrology the reader will find vistas of understanding opening as he takes the words and guidance of this yogic view of astrology to heart This book reassures the reader that sun sign weaknesses can be spiritual strengths if pursued rightly It also warns one not to rest on the laurels of sun sign strengths but to go much deeper Concentrated deep wisdom is available to the seeker in this brief easy to digest book that helps the reader to understand himself and others from a higher perspective
